1 TUESDAY, JANUARY 26, 2016, CARSON CITY, NEVADA

2 -oOo-

3 VICE CHAIR EWING-TAYLOR: I would like to bring  
4 this meeting of the and Public Employees' Benefits Committee  
5 I'm Jacque Ewing-Taylor, vice chair, and I will be chairing  
6 some portion of the meeting today in that our Chairman had  
7 another obligation and won't be here for some time, as yet to  
8 be determined. So we'll all be pleasantly surprised when he  
9 shows up.

10 Because of that, we're going to do things in a  
11 slightly different order. I want to go ahead and go through  
12 the role call first which is not out of order.

13 Kari?

14 MS. PEDROZA: Anna Andrews?

15 MEMBER ANDREWS: Here.

16 MS. PEDROZA: Don Bailey?

17 MEMBER BAILEY: Here.

18 MS. PEDROZA: Bob Moore?

19 MEMBER MOORE: Here.

20 MS. PEDROZA: Jim Wells?

21 MEMBER WELLS: Here.

22 MS. PEDROZA: Judy Saiz?

23 MEMBER SAIZ: Here.

24 THE CLERK: Rosalie Garcia?

CAPITOL REPORTERS (775)882-5322

1 MEMBER GARCIA: Here.

2 THE CLERK: Chris Cochran?

3 Jacque Ewing-Taylor?

4 MEMBER GARCIA: Not yet.

5 VICE CHAIR EWING-TAYLOR: I'm here.

6 MS. PEDROZA: Okay. And Jeff Garofalo has been  
7 excused for this meeting.

8 We have a quorum.

9 VICE CHAIR EWING-TAYLOR: Thank you, Kari.

10 The next item on the agenda is public comment.

11 And before I open for public comment here and in Las Vegas, I  
12 just want to let you know that I'm sure that there are a  
13 number of comments or people who would like to comment on  
14 Agenda Item 10. We will have a separate public comment  
15 period for that item.

16 So for this particular public comment period,  
17 please feel free to come forward if you're here in Carson and  
18 speak on any other agenda item.

19 And, Rosalie, I'll let you moderate down south if  
20 there are any public comments down there.

21 MEMBER GARCIA: Thank you, Jacque. I do want to  
22 note that Chris Cochran is here.

23 VICE CHAIR EWING-TAYLOR: Great. Thank you.

24 I don't know who got here first. You're on.  
CAPITOL REPORTERS (775)882-5322

1 MS. LOCKARD: Good morning. My name is Marlene  
2 Lockard, L-o-c-k-a-r-d, and I'm representing RPEN, the  
3 Retired Public Employees of Nevada. I would like to say just  
4 for the record for those of you that may not know, Marty Bibb  
5 has retired as executive director as of the end of the year  
6 of RPEN, and I think you know he's a tremendous loss to our  
7 organization after 25 years of dedicated service, and he will  
8 be absolutely missed by all of us.

9 Terri Laird, who is in the audience today, has  
10 been named the new executive director of RPEN, and you'll be  
11 hearing from her, I'm sure, as well.

12 The first item I would like to comment on is the  
13 audit results in your packet of the various different  
14 programs and the -- in particular your chart that shows the  
15 number of complaints logged by both PEBP's and in the various  
16 vendors. And I think if you take a look at that, you can see  
17 that there are modest complaints from in different  
18 categories.

19 But in the case of Towers Watson what by now at  
20 this place and time with this contract, we should have a  
21 decreasing trend in complaints. You will see it continues to  
22 escalate. For this year alone what started out as a few  
23 complaints has steadily risen throughout the year, and we're  
24 very concerned about that because from day one, we've been

CAPITOL REPORTERS (775)882-5322

1 talking about customer service, and they have testified  
2 various efforts to correct and improve customer service, but  
3 all you have to do is take a look at that chart, and you see  
4 it's ascending, not descending. And, as I stated, by this  
5 time in the contract, we think the reverse should be  
6 happening.

7           And so in conjunction with that, as you know,  
8 PEBP's implemented pilot program for meeting with Medicare  
9 retirees in both Southern Nevada and now later this month  
10 they are going to be in Northern Nevada and I think if you  
11 take a look at the numbers of those that have filled those  
12 appointments and the numbers that have come in to take  
13 advantage of having the face-to-face opportunity with their  
14 representative, it more than justifies having a permanent  
15 person full time in this state to have ongoing customer  
16 service both in the south and then the north.

17           And we believe that there is precedent set  
18 already. PEBP houses another vendor who deals with the  
19 public, and we think PEBP could absorb both here in Carson  
20 City and in Las Vegas a place to have a person that would  
21 have the ability to have an ongoing customer service present.

22           So we have been sounding like a broken record on  
23 this, and we will continue to be a broken record until we see  
24 those numbers headed in a different direction. Thank you.

CAPITOL REPORTERS (775)882-5322

1 VICE CHAIR EWING-TAYLOR: Thank you, Marlene.

2 Any questions from the Board for Marlene?

3 MS. FLOREY: Hi. My name Janice Florey,

4 J-a-n-i-c-e F-l-o-r-e-y.

5 First I would like to thank PEBP staff for the  
6 newsletters. You could miss a meeting and still know what  
7 was going on. Although, I would miss the banter back and  
8 forth. Something that came in the mail the other day that  
9 I'm not sure all of you have received from Carson Valley  
10 Medical Center, which is an affiliate of Hometown Health got  
11 this newsletter and talks about telemedicine. The downside  
12 side of it also identifies some wellness opportunities, as  
13 well, so I'm going to pass this on to the Board as an FYI.

14 I notice too when you were interviewing for the  
15 new HMO's, I remember Hometown Health mentioning they were  
16 working in conjunction with UNR's medical school, and I did  
17 go on-line and I did check, and there are both state and  
18 federal loan forgiveness plans for medical students who have  
19 a lot to pay back, and they can be assigned to what's called  
20 an underserved population. So Nevada is not the only state  
21 that's in this state. There's many other states too to my  
22 surprise.

23 And the only other question that I had is I  
24 looked through the whole packet, and I see that our numbers  
CAPITOL REPORTERS (775)882-5322

1 are as was predicted for non-state retirees continues to  
2 decrease, and it looks like projection for 2016 were at 1,214  
3 people in that non-state retiree group, and I was just  
4 wondering if some sort of calculation would be done during --  
5 down the line just to see what the fiscal impact would be if  
6 non-state retirees would be commingled now? I know that is  
7 not something the PEBP Board can do. I fully understand  
8 that. That's the legislative action, but I was just curious  
9 in terms of what that would be in terms of dollars and cents.  
10 Thank you very much.

11 VICE CHAIR EWING-TAYLOR: Thank you, Janice.

12 And I believe I'm going to look to Jim for this.  
13 We did those calculations for if not the last, the one, the  
14 session prior to that because there was a BDR that attempted  
15 to address that.

16 Jim, do you remember that? Did we do those  
17 calculations?

18 MEMBER WELLS: If I recall correctly, we did them  
19 before last session so in the fall of 2014, maybe before the  
20 2015 session, and my recollection is that the volume of them,  
21 plus the increased cost as we move forward continued to have  
22 a significant -- a fairly significant impact for a better  
23 part of a decade.

24 VICE CHAIR EWING-TAYLOR: Sort of my  
CAPITOL REPORTERS (775)882-5322

1 recollection, as well, but I think the calculation was done,  
2 and I'm sure it's available in the archives at least, but  
3 perhaps a staff member could get those numbers for you fairly  
4 quickly. I don't want to add anything at the moment to a  
5 very full plate that staff has.

6 MR. HAYCOCK: For the record, Damon Haycock.

7 Yes, Dr. Ewing-Taylor, we will again assess this  
8 situation prior to the next budget cycle and see what the  
9 impact is and, of course, bring it to the Board.

10 VICE CHAIR EWING-TAYLOR: Thank you.

11 I'm going to go to Vegas. Is there any public  
12 comment in Las Vegas?

13 MEMBER COCHRAN: No, we don't have any.

14 VICE CHAIR EWING-TAYLOR: Okay. Thank you,  
15 Chris.

16 Flip a coin.

17 MS. MALONEY: Thank you and thank you. Because  
18 I'm going to be brief, first of all, my name is Priscilla  
19 Maloney with AFSCME, A-F-S-C-M-E American Federation of State  
20 County Employees, here for the AFSCME retiree group today. I  
21 always feel like I'm piggybacking on the wonderful Marlene  
22 Lockard who does all of the work and comes up here and I feel  
23 lazy.

24 So everything that Ms. Lockard said about the  
CAPITOL REPORTERS (775)882-5322

1 Towers Watson customer service issues, it's hard to look at  
2 this packet and really analyze, and I spoke with Mr. Haycock  
3 briefly before we got started about this, it's hard to look  
4 at those now and know someone is reporting a problem because  
5 in their perception, it actually happened more recently. I  
6 know that these audits, especially when you get to subsection  
7 5.1, Towers Watson audits have some real specific examples of  
8 not only things that the audit, samples that the audit fixed  
9 but overall global tweaks that they are trying to do.

10 But I'm still getting feedback again with all of  
11 that big caveat around it of everything that Ms. Lockard said  
12 which is clearly we need customer service. One of the board  
13 members mentioned to me the other night, you know, when you  
14 look at the pie chart, which is on page two of Mr. Haycock's  
15 presentation, we've got almost 11,000 folks in -- in that  
16 category of being on the Medicare Retiree Exchange that are  
17 served by Towers Watson.

18 I am hoping that we can be creative at this  
19 point, at least consider having somebody like an ombudsman, I  
20 know we have had the pilot program in place, and I know staff  
21 is overburdened, but if there is some way to have somebody be  
22 a liaison created from some source, either from the side of  
23 PEBP, from the state or from Towers Watson that is -- that is  
24 a dedicated person, is an ombudsman to meet some of these  
CAPITOL REPORTERS (775)882-5322

1 complaints and challenges, that might be something to be  
2 creative with as we go forward.

3           The second thing that -- and everything that  
4 Ms. Lockard said, I got an e-mail here that talks about the  
5 wait times. Even though the audits may show that those calls  
6 are being picked up within, you know, under a minute, again,  
7 people's perception is I was on hold.

8           And Mr. Haycock and I talked about the whole  
9 nature of how numbers work in this context. If you get 1,000  
10 calls, your auditing is a very small sample and in that audit  
11 sample, you're getting an average wait time of a minute.  
12 This person's perception is they literally hung up and gave  
13 up after like 30 minutes, so hard to know how to marry that  
14 into a coherent policy position, but I'm simply bringing that  
15 to the Board's attention because I promised I would.

16           Then the other issue that was brought to me by my  
17 board was again at page 55 of your packet, I'm sorry, page  
18 60, Towers Watson subcontractor PayFlex and how they cut  
19 those reimbursement checks has been explained in the packet,  
20 but the perception from more than one person I talked to is  
21 that it's very hard for the average person, and again 11,000,  
22 we have folks of -- some folks aren't computer savvy. Some  
23 folks are quite elderly but they're probably arguably the  
24 oldest by age group you have in PEBP, for these folks, it's  
CAPITOL REPORTERS (775)882-5322

1 very hard for them to marry their EOB's to their EOP's, and  
2 your EOP example is at page -- it's in Exhibit A, page 83 of  
3 the packet, and it shows you actually what it looks like, how  
4 to read an EOP statement.

5           And while I applaud the efforts to communicate  
6 and educate, I'm still getting, again, the problem is if you  
7 get that check for \$15 and then you get an EOB that says \$15  
8 was paid, they are two separate things and it's hard for  
9 people to figure out. For one thing, we may have people who  
10 are in the -- happier or unhappy circumstance where they have  
11 to itemize this for the IRS. These expenses get to be  
12 deductible. They need to be able to prove that they met that  
13 threshold for their tax year of going above and beyond what  
14 was covered and what is now part of their IRS calculations,  
15 if that makes sense.

16           So just those two things, and I appreciate -- I  
17 know Peggy is probably going to say this too, I appreciate  
18 all the good work, she always does, that the Board is doing  
19 in trying to struggle with these problems.

20           VICE CHAIR EWING-TAYLOR: Thank you, Priscilla.  
21           Does anybody on the Board have any questions,  
22 comments?

23           I know this is an ongoing issue, and I know that  
24 staff is addressing it and will continue to work on it.

CAPITOL REPORTERS (775)882-5322

1 MS. MALONEY: No, that's great. That's the two  
2 things.

3 VICE CHAIR EWING-TAYLOR: I appreciate it.

4 MS. MALONEY: Thank you.

5 MS. BOWEN: Good morning, and I do appreciate all  
6 of the hard work you all do. My name and my words for the  
7 record, my name is Peggy, P-e-g-g-y Lear, L-e-a-r Bowen,  
8 B-o-w-e-n, no dash, no slash, no hyphen. It makes it hard  
9 for people to trace the comments when you're going back to  
10 the archives. Lear is my middle name.

11 I had one issue this morning and, well, actually  
12 two, and then one just came up because of a previous speaker.  
13 We need to have when you're investigating and checking the  
14 comparisons of an HMO provider Anthem Blue Cross Blue Shield,  
15 you need to check to see what they actually pay their  
16 specialist and that if their service provider list, provider  
17 list is actual in terms of are they accepting new clients?  
18 Only saying this because of visiting a specialist and saying  
19 that things may have changed for the HMO for this state, and  
20 I was told that that specialist bore -- their provision  
21 receives \$35 in pay from -- they pay nothing was the response  
22 and \$35 was the figure given.

23 Also in that same realm when comparing what is  
24 being provided, when you have a situation and you are trying  
CAPITOL REPORTERS (775)882-5322

1 to still say are these comparable, do we still want to  
2 negotiate and in the contract if you require in any part of  
3 the state for your service for the HMO that there be a  
4 referral, then you need to add that to the cost of what is  
5 being provided by that company to the -- to the plan. The  
6 actual cost of going to the doctor to get a referral, to go  
7 to the specialist is an increased doctor's visit, is an  
8 increased amount that is charged to not only the plan but  
9 also to we, the clientele, and that makes smoking mirrors  
10 sort of thing where they say, oh, well, you can go for a  
11 whole lot less, and we do these sorts of things.

12 But when you're trying to make comparable what is  
13 being offered, what is being saved, what is being expended,  
14 you need to include all the real expenditures and all of the  
15 real savings and if the providers are there, so I did both  
16 sides, so I was being fair this morning.

17 Based on what was said by a previous speaker, a  
18 little bit of history here, when we were paying over \$600 a  
19 month into the plan because of the orphans or now the ghosts,  
20 as I've now started calling them, the orphans were being not  
21 only in the law, I'm trying to make this brief, in the law to  
22 keep separate so they can realize how much the -- the  
23 non-state employees were actually costing the plan that were  
24 remaining in the plan because they didn't go to the A and B

CAPITOL REPORTERS (775)882-5322

1 Medicare, the actual orphans.

2           And what the law never said is that we were  
3 supposed to be separated out by benefit. They only said  
4 separated out for accountability and, therefore, we should be  
5 able to join in your pool numbers as in a larger pool for  
6 paying for our medication, for paying for our doctor's  
7 visits, for paying for the hospital visits and et cetera, and  
8 that at that point in time when I brought that up to PEBP  
9 Board, they went back and reconfigured and that we were less  
10 expensive than even the actives at that point in time.

11           Because the separation is now being considered  
12 going back a bit and separating us out and saying how much  
13 we're costing the Board as if we were a separate pool of  
14 three, whatever our number is now, attrition and dying take  
15 place there, and our pool shrinks, but we were never to be  
16 separated by cost for benefit of drugs, for doctor visits,  
17 for all of the benefits, only by notifying the legislature  
18 how much in reality we were costing the -- that how many of  
19 us were in the pool, how many of us went and with the  
20 benefits being equal to that of non orphans what were we  
21 expending. Yes, we can do that, but we shouldn't have to pay  
22 more because we were separated out not only for reporting but  
23 also for how much we had to pay, and that was clarified years  
24 ago.

CAPITOL REPORTERS (775)882-5322

1           And Mr. Wells when he spoke at the Nevada State  
2     Legislature on the record when asked the questions are all of  
3     the rates flat and he said yes, and then he listed the state  
4     and he listed spouses and he listed everyone -- he listed  
5     three groups when he said all rates are flat. And then when  
6     Mr. Wells went in the hall and was asked are the rates flat  
7     for the orphans, the non-state retirees, he said no, they are  
8     going up expediential, and so you have to be very clear and  
9     that's on the record, and it's on the record again for today  
10    that that was what transpired during those years at the  
11    legislature.

12           So as a reflection of that, the legislature  
13    acted. In your minutes today, you talked about the -- the  
14    fact that the wellness program was cancelled, but it might  
15    have been more helpful, and you weren't here so you probably  
16    weren't aware of it, that this Board voted that this last  
17    legislative session when submitting their budget that the \$50  
18    a month, \$600 a year was not going to go back in -- it was a  
19    600 dollar paycheck in actuality because we would no longer  
20    for the last go around receive the \$50 of the wellness  
21    program when we achieved it to be in our paychecks and  
22    reflected in our paychecks. That, in fact, that you voted  
23    that that \$50 was going back into the plan for future, in  
24    like a savings almost for a future meeting of any catastrophe  
          CAPITOL REPORTERS (775)882-5322

1 transparent, open, public and complete in the record.

2           You have done an amazing job since Mr. Hayock's  
3 coming on board, absolutely amazing, and you're much more  
4 appreciated now, and more trust is established now because  
5 your actions have spoken volumes, and now we're beginning to  
6 accept your words, and I want to thank you for that, and I  
7 didn't mean to go so much into the history.

8           But please when you consider today, look at the  
9 cost of the specialist and look at the true providers and the  
10 true cost of everything that you're looking at in going out  
11 for -- in accepting a bid or accepting a contract.

12           Thank you. Thank you, and I thank you for  
13 allowing me that little bit of extra time to give you that  
14 history. They say I'm older than dirt. Thank you.

15           VICE CHAIR EWING-TAYLOR: Any questions for  
16 Peggy?

17           Okay. Is there any further public comment here  
18 in Carson or in Las Vegas?

19           MEMBER COCHRAN: None in Vegas.

20           VICE CHAIR EWING-TAYLOR: Thank you, Chris.

21           In that case, we're going to skip Item Number 3  
22 and move to Number 4, which is the Health Claim Auditors  
23 quarterly reports.

24           MR. CARR: Thank you, Madam Dr. Vice Chair.  
            CAPITOL REPORTERS (775)882-5322

1 multiple surgical guidelines not being applied.

2           It remains an ongoing concern that claims both  
3 recent and past from specific hospital providers containing  
4 contract claim with revenue 390 which is blood products are  
5 not being repriced by Hometown Health and are caused to not  
6 be paid by HealthSCOPE Benefits because of the lack of cost  
7 invoices not being received from the providers.

8           We recommend that this issue be addressed by  
9 Health -- HTH for resolution or deleted from their contract  
10 with this provider to avoid a more serious issue that may be  
11 coming to PEBP if it's not addressed.

12           This audit found all customer service levels  
13 within the agreement guarantees satisfied. Identified  
14 overpayments were at 1.6 million dollars, and open  
15 subrogation cases were at \$3,000,000, well within the levels  
16 agreed to by PEBP.

17           Research of the 3,071 soft denied claims find  
18 that HealthSCOPE is following the proper protocol and found  
19 no negative exceptions. However, at the time of our audit,  
20 the 13,000,000 dollar soft denied claim level was at the  
21 highest value since being serviced by HealthSCOPE. And per  
22 our visit last week, when we were there, it's currently in  
23 excess of \$15,000,000.

24           Keep in mind that these values are measured in  
          CAPITOL REPORTERS (775)882-5322

1 change dollars and would be reduced by the reduction of  
2 discounts and benefit applications, of course.

3 Our personnel team that were dedicated to the --  
4 that are dedicated to the PEBP plan had no changes during  
5 this audited period. All issues identified in the previous  
6 audits that you, the Board, accepted our recommendations for  
7 have been implemented and/or resolved.

8 It is our recommendation at this time that PEBP  
9 collect a penalty for the financial accuracy under  
10 performance. Our calculation for this penalty comes in at  
11 \$26,289.

12 And as a very important final note of our report,  
13 it remains our opinion that HealthSCOPE remains a very  
14 qualified administrative vendor and a very good partner for  
15 PEBP.

16 Madam Vice Chair, the report.

17 VICE CHAIR EWING-TAYLOR: Not the whole thing  
18 this time, Bob, come one.

19 MR. CARR: I'll pick it back up. I can make up  
20 for it.

21 VICE CHAIR EWING-TAYLOR: Any questions from the  
22 Board?

23 Go ahead, Bob.

24 MEMBER MOORE: Thank you, Madam Chair.  
CAPITOL REPORTERS (775)882-5322

1 For the record, Bob Moore.

2 VICE CHAIR EWING-TAYLOR: You're not on.

3 MEMBER MOORE: I know I'm not on. I haven't been  
4 on for years. Do we need to start over?

5 Tell me a little bit about subrogation. You have  
6 3,000,000 in the pipeline. Do we use a third party vendor to  
7 pursue subrogation? At what point do we say, okay, this is  
8 not going to happen? Do we write it off? Just real briefly,  
9 what for my benefit is the subrogation process?

10 MS. PERSON: For the record, this is Mary  
11 Catherine Person, HealthSCOPE Benefits.

12 From a subrogation perspective, there are several  
13 different layers that occur. So claims that are large dollar  
14 so over \$1,000 and especially things like motor vehicle  
15 accidents, malpractice cases, all kinds of things like that  
16 fall under subrogation, and those would only be held until  
17 such point that we receive information regarding the other  
18 insurance that's available, and then at that point in time  
19 then those are released.

20 There happens to be a handful of fairly large  
21 dollar cases in there. Again, from Bob's perspective, those  
22 are charge dollars. They are not pay dollars. So in your  
23 world, you can produce pretty much any of those numbers.  
24 Even when you're thinking about the dollars for the soft  
CAPITOL REPORTERS (775)882-5322

1 denials, you can reduce that by 75 percent basically to get  
2 the real number but as a result of that, then those will come  
3 in. It's just that it popped up in this quarter because of  
4 some larger cases that are sitting out there that we hadn't  
5 received information from.

6 MR. CARR: Mr. Moore, in our experience, we see  
7 obviously hundreds of different administrators, and I will  
8 tell you that HealthSCOPE is in probably the top handful of  
9 the way they do it, their process. They do the ICD-9, they  
10 do the now ICD-10 sweeps, and the third parties that they do  
11 are involved with. So we watch the ones that are going on  
12 and the ones that are going off and when they are going off,  
13 why they are going off, and we've been very satisfied with  
14 the internal policies.

15 MEMBER MOORE: Thank you.

16 VICE CHAIR EWING-TAYLOR: Any questions from the  
17 Board?

18 Chris, or, Rosalie? No, okay.

19 Then the next item would be to -- for possible  
20 action on assessing a penalty for missing the financial  
21 accuracy portion of the guarantees. I guess we didn't  
22 actually get your formal report, did we? I beg your pardon.

23 MS. PERSON: It's okay. For the record, Mary  
24 Catherine Person.

CAPITOL REPORTERS (775)882-5322

1                   We were disappointed to have missed the audit  
2 this quarter. As Bob indicated, it was a fairly small dollar  
3 but what happened and I think that actually this is a good --  
4 it was a great learning opportunity for us and we put some  
5 nice additional processes in place because the claim that was  
6 impacted was there was a person who had a large number of  
7 claims that we were requesting additional information on, and  
8 we had an analyst who missed one of hundreds.

9                   And Bob, because he is that good of an auditor,  
10 found the one that we missed, so he's very good at finding  
11 those, but we do apologize for that issue, but I think we put  
12 in really good processes around that issue to prevent that  
13 from happening in the future which I think that's a positive  
14 outcome from this audit. We did miss it, but I think we have  
15 made some nice corrections regarding that and appreciate the  
16 opportunity to work with you guys as well as Bob around that.

17                   Regarding the soft denial, I will comment on that  
18 as well. That is impacted by the subrogation. Soft denials  
19 go up as a result of that. Other types of denials we have  
20 and around things like precertification or things of that  
21 nature, coordination of benefits that then drive those  
22 numbers up. We do think that some of those numbers are going  
23 to come down probably in the first quarter of this year, as  
24 well the third quarter of the plan year as well.

CAPITOL REPORTERS (775)882-5322

1 MR. CARR: I wasn't going to make a comment but I  
2 think following up with Mary Catherine on the soft denials,  
3 one of the things I neglected to tell you, one of the major  
4 causes for HealthSCOPE that creates a soft denial is an  
5 adjustment on the repriced claim, and we did notice quite an  
6 increase and adjustments from the networks in this particular  
7 quarter, so that's caused HealthSCOPE to also back up several  
8 hundred claims.

9 VICE CHAIR EWING-TAYLOR: Okay. Thank you both.  
10 Any comments or questions from the Board?  
11 Jim?

12 MEMBER WELLS: Thank you, Madam Vice Chair.  
13 Two questions, on page 19, it talks about  
14 updating reasonable care four times a year with the last  
15 update being April of 2015. It seems like that was a little  
16 bit long ago.

17 MR. CARR: Only you would catch that, I  
18 apologize. We do check on it. Actually, it was just brought  
19 up to date this month. We were there last week, and you'll  
20 find in the next report already adjusted that and it is there  
21 up to date.

22 MS. PERSON: We have done it every quarter.

23 MR. CARR: They had.

24 MS. PERSON: We both missed it as Bob put  
CAPITOL REPORTERS (775)882-5322

1 together his report.

2 MEMBER WELLS: You answered my question on the  
3 reasons behind the increase and the soft denial claims.

4 The last thing I had a question on, where are we  
5 with the price estimator tool? I mean, are you seeing  
6 utilization? Is it more robust now?

7 MS. PERSON: So the references regarding the  
8 Health Spark Tool, so we've gone through several durations in  
9 the last probably eight weeks with them. There was some  
10 issues with how they ingested the file. The last file we had  
11 sent, which was an updated file, as well as we sent some  
12 components of the file, as well, which caused some errors.

13 We do believe that actually now the data is far  
14 more accurate than it was previously displaying. There were  
15 some significant issues with it displaying frankly local  
16 rules. If you were in Las Vegas, it actually worked pretty  
17 well but if you weren't there, it didn't work very well.

18 We have the data now has been updated for the  
19 north, and it's far more reliable than it was previously.  
20 We're continuing to work with Health Spark around the display  
21 of the data and a few other things, but we do believe that  
22 very soon will be a situation where Nancy and her team can  
23 really promote that again because the results will be much  
24 better.

CAPITOL REPORTERS (775)882-5322

1 MEMBER WELLS: Thank you.

2 MS. PERSON: You're welcome.

3 VICE CHAIR EWING-TAYLOR: Anything else?

4 Okay. Then we will move to 4.3 which is  
5 consideration -- discussion and consideration of any possible  
6 assessment of penalties. So what would the Board like to do?

7 MEMBER WELLS: I'll move that we accept the audit  
8 findings in the report and assess the penalties as provided  
9 by Mr. Carr.

10 VICE CHAIR EWING-TAYLOR: We have a motion.

11 Is there a second?

12 MEMBER ANDREWS: I second it. Anna Andrews for  
13 the record.

14 VICE CHAIR EWING-TAYLOR: Thank you.

15 Is there any motion for discussion?

16 All those in favor of the motion, please signify  
17 by saying aye.

18 (The vote was unanimously in favor of the  
19 motion.)

20 VICE CHAIR EWING-TAYLOR: Are there any opposed?

21 Motion carries.

22 Thank you both.

23 Mr. Carr, you're still on the hot seat. Item 5  
24 is your annual audit of Towers Watson Exchange and PayFlex.  
CAPITOL REPORTERS (775)882-5322

1 We'll go right through those.

2 MR. CARR: Yes, ma'am. Thank you again, Madam  
3 Dr. Vice Chair. Again, for the record Health Claim Auditors.

4 This past September, we performed an audit on  
5 behalf of PEBP for the retirees health reimbursement claims  
6 administered by Towers Watson for PEBP's fiscal year of 2015.  
7 This audit was conducted at PayFlex location, Towers Watson  
8 subcontractor located in Omaha, Nebraska.

9 The audit was conducted with a valid random  
10 selection of 400 claims with no more than 200 claims audited  
11 on a bias basis or other historical claims which are not  
12 included with statistical calculations in your report.

13 The audit detected 11 types of errors. The  
14 results of the performance for the claims process and  
15 precision portion of the agreement reflect that Towers Watson  
16 met the 98 percent payment accuracy guarantee right at  
17 98.0 percent.

18 For the financial accuracy, the agreement  
19 reflects that 98 percent of all dollars are to be paid and  
20 done correctly. Unfortunately, applying the most accurate  
21 math that I could, they came in at an under-performance at  
22 97.995 percent accuracy.

23 The majority of the error dollars detected  
24 concerned dental claims paid with the providers itemized  
CAPITOL REPORTERS (775)882-5322

1 statement which reflected the charge amount and the amounts  
2 the dental insurance companies pay, however did not display  
3 the write-offs for the network discounts.

4 Audits commonly observed, that we do commonly  
5 observe providers that deduct the insurance network payments  
6 but whether deliberately or not do not deduct the contracted  
7 discounts and collect the full billed charges versus only the  
8 contract rates and patient responsibility from your members,  
9 so we're very conscious of looking for those.

10 Other errors that were included within our audit,  
11 incorrect date of services applied, duplicates, incorrect  
12 denials for the lack of reimbursement form, other insurance  
13 EOB's, detailed receipts or proper documentation.

14 A large number of member claims were incorrectly  
15 denied in July of 2015 is not eligible due to a PayFlex  
16 system programming issue. This was discovered by Towers  
17 Watson and all claims were correctly re-adjudicated within a  
18 month after the discovery.

19 Average claim turnaround time was 1.3 days and  
20 measurements for customer service performances show that  
21 Towers Watson and PayFlex met the guarantee telephone  
22 responses, abandonment rates and website services. The  
23 customer service -- customer service satisfaction survey that  
24 was conducted for 2015 had 1,738 participants, achieving an  
CAPITOL REPORTERS (775)882-5322

1 definitions to their EOP or explanation of payment since the  
2 last audit. These additions appear to produce a noticeable  
3 improvement in those communications so PEBP participants  
4 could better understand their funding and the payment  
5 methodologies. Review of multiple calls and communication  
6 from participants within the PayFlex files reflect that they  
7 had inquiries regarding the information identified as  
8 roll-over calculations on their EOP.

9           Since this is not an essential information to the  
10 participant, it would definitely be our recommendation that  
11 this data be eliminated from the EOP thereby making the EOP  
12 easier to understand and less confusing to the participants.

13           As I previously stated, this audit's finding of  
14 under-performance for the financial guarantee was greatly due  
15 to the use of dental providers, itemized statements that did  
16 not contain all of the elements to be in compliance with your  
17 requirements.

18           PayFlex stated for dental claims that they either  
19 require a dental EOB or an itemized statement which is  
20 sufficient if it reflects the payments made by insurance and  
21 discounts. We do not disagree with their statement.

22 However, the audit detecting claims in which the itemized  
23 statement and/or insurance documents reflected the charge  
24 amount and the amounts the dental insurance company paid.

CAPITOL REPORTERS (775)882-5322

1    However, again, did not display the write-off amounts for the  
2    network discounts, and that's extremely important because of  
3    what the providers will do to your numbers.  If they are in  
4    the audience, I apologize straight up, but that's the way it  
5    is.

6                   HCA recommends in the cases of coordination of  
7    benefits that PayFlex obtain a copy of the primary insurance  
8    carrier's EOB before considering reimbursements to provide  
9    the administrative protection for PEBP members when the  
10   provider does not record the network discount.

11                   Madam Chair, that concludes my report.

12                   VICE CHAIR EWING-TAYLOR:  Thank you, Mr. Carr.

13                   Any questions from the Board?

14                   MEMBER WELLS:  I would like to hear from Towers  
15   first.

16                   VICE CHAIR EWING-TAYLOR:  Okay.  Any questions  
17   before we go to Towers?  Okay.  I'll hold mine until you've  
18   responded.  So, please, go ahead.

19                   MR. SEEGRIST:  That will be fine.  For the  
20   record, I'm John Seegrism.  I'm the vice president of funding  
21   administration for Willis Towers Watson OneExchange.

22                   On those, while we always appreciate our  
23   partnership with PEBP and the improvements we made to our  
24   auditing process, we're happy to be able to continue to  
                    CAPITOL REPORTERS (775)882-5322

1 provide the services that we do for you on here.

2           The only thing we met with Mr. Haycock a few  
3 months ago to be able to address the issue with requiring the  
4 EOB's to be able to be provided on the dental claims as they  
5 come out and in our commitment to him was we looked into that  
6 to see what the impact that would have on our process.

7           Part of the concerns we had with increasing that  
8 standard is what that does to the members on being able to  
9 get the reimbursement. While it's a minimum amount of the  
10 time, there are some dental providers and one of the claims  
11 specifically that failed in the audit on here came back with  
12 no EOB on there was for a company that only provided  
13 preventive care and does not always provide EOB's for any  
14 other service. So if they were looking for reimbursement for  
15 something else, not all of the carriers will provide an  
16 explanation of benefit for a benefit that's not covered.

17           The other consideration there also is if we are  
18 looking for a write-off amount, a contract amount that's  
19 different on there, in this specific situation, also Nevada  
20 statute put into effect three years ago a code that said that  
21 dental providers are no longer required to be able to honor a  
22 discount if there is not an insurance coverage for that.

23           So in this situation on the claim that had failed  
24 on this one, it was a small amount, no less than \$30, that we  
CAPITOL REPORTERS (775)882-5322

1 were looking at on here, it was only a preventive care  
2 benefit, and there was a discount that was requested from  
3 during the contracting from the insurance company but  
4 according to Nevada statute, it's not required for them to  
5 provide that.

6 We wanted to look into this more to see if we  
7 could find what the common practice is on that, and so what  
8 we did is we selected about four dozen dental providers in  
9 the Carson, Reno area and Las Vegas, Henderson area to be  
10 able to give a little bit of a sample of how many of them are  
11 actually honoring those write-off discounts in the situation  
12 where it isn't covered since the law allows them to not be  
13 required to be able to do that, and 100 percent said they are  
14 not honoring those discounts.

15 So in this kind of situation, we feel that even  
16 though if the majority of them have a regular dental  
17 coverage, there is some coverage there. And if there is some  
18 coverage from the insurance company, they do have to honor  
19 that discount on there.

20 But to put this additional burden onto the  
21 retirees to come back and say instead of just a statement  
22 from the dental provider, you also have to have a statement  
23 from the insurance carrier would put an additional burden on  
24 them. Granted, it is more information. It would increase

CAPITOL REPORTERS (775)882-5322

1 accuracy to be able to do that. However, we have not been  
2 able to identify dentists where this would actually become an  
3 issue for us to be able to increase that standard, so that  
4 was the additional research that we had dug into that.

5 We have not come to a firm decision on how we're  
6 going to process it. We have not changed our process and  
7 currently feel that would just be an extra burden that we  
8 would be putting on the retirees that is not currently in the  
9 industry on there.

10 Now, that being said, outside of the dental way,  
11 where you see this, it does become an issue with some  
12 providers, especially when you get into larger amounts on  
13 medical on those. So I'm not trying to minimize Bob's  
14 recommendation of it being a concern. I'm just saying we're  
15 right now we're not seeing justification for it in this  
16 situation to be able to change the policies of how we process  
17 anything on there.

18 As far as the explanation of benefits over the  
19 last year, we did make another change in our explanations of  
20 trying to give more detail about why claims were denied, and  
21 we increased that explanation, and we're happy to continue to  
22 review those. I know that it came up again in the report  
23 this year asking for that. That's something we will  
24 continuously review to make sure we want to make sure our  
CAPITOL REPORTERS (775)882-5322

1 statements are as clear as possible, even if it's just from  
2 our point of view of saying it decreases calls which is much  
3 better for the retirees and for us to be able to have that  
4 explanation that's there.

5           The issue with including the rollovers are on the  
6 statements and how the money moves from year to year, that is  
7 an issue we're addressing. While the information that goes  
8 on those statements talking about the rollover, that's where  
9 funds from one year can move to the next. To be able to do  
10 that, it is entirely accurate on the statement on there. We  
11 agree it can be confusing and sometimes it's just not of  
12 interest to the participants in seeing that it is something  
13 on our development to try to be able to take that off.

14           Oddly enough, we also have other employers that  
15 are requesting more detail onto the statements. And so what  
16 we're looking at is an ability to be able to try to customize  
17 the statement a little bit more to address that. We have not  
18 come to a good solution for that of how to balance that out  
19 of removing those and maintaining consistent statements while  
20 meeting both of those objectives on there.

21           Let's see if I missed anything else.

22           I think that's everything. That's the main thing  
23 we wanted to be able to point on there. We wished that we  
24 had met all of the goals. I think we came about as close as

CAPITOL REPORTERS (775)882-5322

1 you could at a .995, excuse me, .005 or five one thousandth  
2 of a percent from meeting it there, and hopefully you take  
3 that into consideration in your decision on what you do with  
4 the report for this audit.

5 VICE CHAIR EWING-TAYLOR: Thank you.

6 Mr. Carr?

7 MR. CARR: Yes, thank you. For the record,  
8 Robert Carr of Health Claim Auditors.

9 I want to make some clarifications on what John  
10 was talking about. Our recommendation is not to ask for  
11 other insurance EOB for every dental claim that comes  
12 through. The ones that were most particular through our  
13 concern with are the ones that show in network discount  
14 because we know there's insurance out there, and we know  
15 what's going on and quite honestly, it's cheating your  
16 members of their HRA monies, so I'm not recommending that  
17 they do it for across the board.

18 They do do it and when they do it, they do it  
19 well, but they are very inconsistent, and that's one of the  
20 problems that I'm trying to point out here, and many of the  
21 dentists that do, we understand the internal discounts. We  
22 don't disagree with that. It's when other insurance is  
23 involved. And when the other insurance -- or when the  
24 insurance or the dentist bills at the allowable rate, there

CAPITOL REPORTERS (775)882-5322

1 won't be any but in most cases, they on their statement will  
2 put discount zero so we know it was recognized, okay. So,  
3 again, we're only looking at those items that have that  
4 information neglected on there.

5           The other thing on the rollover, my point with  
6 the rollover information on there, it's totally irrelevant to  
7 your participants. It's just confusing. Quite frankly, they  
8 have come a long ways with their EOP's. I may say EOP. They  
9 made a lot of nice changes, what have you, but it's still  
10 confusing.

11           I've been doing this for 30 years. A lot of  
12 times I look at them and I can see the members going what is  
13 going on. So there is some confusion on there. They have  
14 come a long way. There is still a long way to go. And I  
15 think just the pure elimination whether his other clients  
16 want it or not, I think it's confusing to our members, so I  
17 think it should be eliminated.

18           VICE CHAIR EWING-TAYLOR: Thank you, Mr. Carr.  
19 Jim, I think you had some questions?

20           MEMBER WELLS: Thank you, Madam Vice Chair.

21           I want to be clear about these two claims that  
22 are talked about on page three first of all. For number 23,  
23 the \$577.53 overpayment, was there a discount that was  
24 provided by the carrier that created this overpayment?

CAPITOL REPORTERS (775)882-5322

1 MR. CARR: Yes. Basically this is -- this is  
2 what it really comes down to is they were given -- actually,  
3 Towers Watson was given a benefit here because what happened  
4 is the claim came through, and the claim should have been  
5 denied wholeheartedly for the \$1,300 until they received that  
6 information.

7 But to be fair, if they would have done their  
8 job, what happens is they would have went out, got the other  
9 information and then they would have made the reduction, so  
10 we only charge the difference. We did not charge the full  
11 \$1,300. Otherwise, that would -- but to be fair and in the  
12 proper auditing technique and methodology, we won't charge  
13 that difference.

14 So long story short, Mr. Wells, is that  
15 information was not obtained at the time that it was audited.  
16 It went back out and came back in, and so it was the  
17 difference of whatever you said it was. Look at in detail,  
18 what was the number on that?

19 MEMBER WELLS: 23. And here -- I guess here's  
20 the crux of my question. Did the participant get \$577.53  
21 that they did not pay to the dentist?

22 MR. CARR: Yes, to answer your question.

23 MEMBER WELLS: Thank you. Then on number 267,  
24 which is the 22 dollar preventative only policy.

CAPITOL REPORTERS (775)882-5322

1 MR. CARR: Uh-huh.

2 MEMBER WELLS: The two -- they were paid \$22 is  
3 what I take it from the --

4 MR. CARR: Mr. Wells, yes, and to define this,  
5 there were actually three different lines. Two of them were  
6 very large, okay. They had nothing on it.

7 Our problem with this one, the reason it was only  
8 charged at \$9 is the third line was the 30 dollar charge or  
9 31 dollar charge, whatever it was, and there actually was an  
10 EOB showed the allowable was \$22, so that was proof in the  
11 pudding, okay. So they were only charged for that little 31  
12 dollar one, but the same thing goes through for the other  
13 \$1,050 and the other \$250, same process, we could only charge  
14 the \$9.

15 MR. SEEGRIST: Yeah, and on the nine dollar one,  
16 this is the same situation where this was covered on a  
17 preventive only plan. The nine dollar discount was for a  
18 service that was not preventive, so the dentist is not  
19 required to be able to return that \$9. Granted, we would  
20 have recognized that if we had seen the EOB, we didn't see  
21 that at the time of processing, but Nevada doesn't require  
22 them to return that difference on there.

23 MR. CARR: But it was there. Otherwise, we  
24 wouldn't have seen it.

CAPITOL REPORTERS (775)882-5322

1 MR. SEEGRIST: Yeah, it was there. The dentist  
2 just isn't required to return it, but there is some argument  
3 that the dentist may need to do that but the statute does not  
4 require it, so.

5 MEMBER WELLS: Okay. I guess my overall issue  
6 with this is that, I mean, your policy, your statement of  
7 practice says that you want to make sure these are reflected  
8 for any discounts and obviously in this case it wasn't,  
9 that's actually a taxable event to the participant of \$577.53  
10 which has probably not been related to them that they now owe  
11 taxes on that \$577. That one is a problem for me.

12 I have a couple other questions if I can, Madam  
13 Chair?

14 VICE CHAIR EWING-TAYLOR: Sure.

15 MEMBER WELLS: Thank you. It talks about on page  
16 nine that overpayments and increase in overpayment and look  
17 at the detail for the possible causes and solutions for the  
18 increasing overpayments. Has that been related to staff and  
19 if so, is staff looking at that to find whether that's  
20 actionable?

21 MR. SEEGRIST: We do communicate those  
22 overpayments to your staff, that's correct.

23 MEMBER WELLS: I get that you provide them to  
24 them. Have you provided a detailed report which is looking  
CAPITOL REPORTERS (775)882-5322

1 at the causes and potential solutions for mitigating these  
2 overpayments?

3 MR. SEEGRIST: We have. We have looked into that  
4 in the past. The report indicates what types of  
5 overpayments. We've looked at those. The majority of the  
6 overpayments we find in these situations have to do with the  
7 end of line on there, so these are claims that are paid out  
8 and delays and depth notification on those generally is what  
9 creates the bulk of these on those, and we still attempt even  
10 after that point, we send out notices.

11 However, the collection rate from the estate to  
12 the deceased are very poor to be able to recover those funds,  
13 and that's where the majority of those come from. There's a  
14 smaller percentage of those that have to do with the ways in  
15 communication of the qualification from carriers, and that's  
16 usually what happens is there is somebody, for example, may  
17 not pay their premium. The policy cancels. They lose  
18 qualification to the plan, and we remove their eligible  
19 incurrence period. Anything reimbursed in that time period  
20 would then become an overpayment.

21 When we identify those, we do an overpayment. We  
22 do a letter. There's a letter that mails out to participant.  
23 We also do an outbound phone call to them. And then when it  
24 goes into overpayment, we send monthly reminders or notices

CAPITOL REPORTERS (775)882-5322

1 requesting the fund back. The first is called a payment  
2 notice that goes out with a tear off coupon, asking for the  
3 funds back, and then we send a monthly letter out asking for  
4 the funds back for as long as the account is open out there,  
5 plus three months, so that's the only extent of those. We do  
6 not do any aggressive measures to be able to recover  
7 overpayment from the retirees.

8 MEMBER WELLS: Okay. Thank you.

9 The last two on page 22, number 279, in this --  
10 this is a comment. I don't know that you need to respond to  
11 that. When a participant attaches a two-page letter and  
12 files something incorrectly, I find it objectionable that you  
13 would not reach back out to that person to see if you can  
14 resolve whatever issue it was that they had.

15 And the last question I have is actually for  
16 staff and that is on number 201 on page 20, it was  
17 overridden, the denial of this particular claim was  
18 overridden by staff, and I would like some detail as to why  
19 staff overrode this particular claim.

20 MR. HAYCOCK: For the record, Damon Haycock.

21 I'm going to have to do a little research to find  
22 out who approved this, and I can bring it back to you and the  
23 Board.

24 MEMBER WELLS: Thank you.  
CAPITOL REPORTERS (775)882-5322

1 MR. SEEGRIST: I'm sorry. Off the top of my  
2 head, I don't remember the reason that was -- an appeal was  
3 approved on that.

4 VICE CHAIR EWING-TAYLOR: Bob?

5 MEMBER MOORE: Madam Chair, if I might, for the  
6 record, Bob Moore.

7 I want to pursue claim 23 some more because I'm  
8 confused. This is a situation -- let's do a hypothetical.  
9 You have a coverage service. It's a preventative service.  
10 It's 100 bucks, and so you will -- and it's properly  
11 discounted and merrily skips through the system just fine.  
12 But tandem to that service, there was some other services,  
13 fillings and drillings and things that of nature that weren't  
14 covered. So the member submits that for, that is the  
15 qualified, the 213 expense, so I submit that claim for  
16 reimbursement, and the dentist refuses to give a discount.

17 So Bob is saying that that 200 dollar non  
18 coverage should be discounted, and you're saying you really  
19 can't do that. Okay. So that's basically the terrain that  
20 we're talking about. That's not the terrain?

21 MR. CARR: No, it actually goes a little  
22 different than that. In this particular case, you can't give  
23 that benefit of the thought because you don't have -- of your  
24 ideal because what I'm seeing is without the primary

CAPITOL REPORTERS (775)882-5322

1 insurance network's EOB, you don't know what that discount  
2 is.

3 MEMBER MOORE: Okay. I'm not talking about  
4 discount at this point. I'm saying there was a preventive  
5 service for 100 bucks. It was discounted and paid. There  
6 was some other services provided tandem at -- to the tune of  
7 \$200 that weren't discounted. The dentist has given you the  
8 ole one finger salute. So we're paying this one, but we're  
9 not paying these over here. What in the summary plan  
10 description for the HRA, is that subject addressed?

11 MR. SEEGRIST: As far as in the summary plan  
12 description on those, I don't think we addressed that  
13 specific situation. I don't believe there's anything -- any  
14 detail on that.

15 MR. CARR: There is, and that's the reason it's  
16 an issue, okay, is that PEBP does describe that it requires  
17 the other EOB, okay. And so we can identify the discount in  
18 all of those monies that should be reduced, okay. What they  
19 are saying is we don't have to get the EOB. We can take it  
20 off the dentist's statement.

21 The problem is the dentist's statements don't  
22 always have it because sometimes they are not always above  
23 board or they have bad bookkeeping or whatever so they are  
24 saying, hey, guess what? I'm going to take the discount and  
CAPITOL REPORTERS (775)882-5322

1 not pass it through, so I'm going to collect from your member  
2 the full amount, that's my problem.

3 MEMBER MOORE: It's a real catch --

4 MR. CARR: In this particular case, it doesn't  
5 come down to primary or preventative services on 23. It does  
6 on the second one but it doesn't on 23.

7 MR. SEEGRIST: On this one, we don't disagree  
8 with this one.

9 MEMBER MOORE: I understand what you're saying,  
10 but the problem is there's a real catch 22. It's a covered  
11 qualified section 213 of the expense which this plan pays  
12 for, but there's a caveat that you have to provide a piece of  
13 paper to get the claim recognized, and I'm saying that's  
14 probably not realistic when the dentist is saying we're not  
15 giving you a piece of paper.

16 There's a systematic problem that needs to be  
17 discussed in greater detail to get the issue resolved.  
18 Otherwise, the members are not getting a good deal.

19 MR. SEEGRIST: I appreciate what you're saying  
20 there and most dentists are above board or they're fine  
21 giving the statements but you're right, some of the dentists,  
22 like Bob has indicated, Mr. Carr has indicated on those, do  
23 not give statements that are detailed enough so they may not  
24 indicate all of the detail there.

CAPITOL REPORTERS (775)882-5322

1           And so I agree with you, it is a catch 22 and  
2           that's one thing we're concerned about with the retirees is  
3           not so generally willing to take that statement or take the  
4           EOB. We don't require that they have to have the EOB to be  
5           able to do it and that's to be able to make it easier for the  
6           participants. We'll take one statement or the other.

7           MEMBER MOORE: I'm going to suggest that if I  
8           come to you with appropriate documentation that I have  
9           received a bill for section a 213 of the expense, I'm going  
10          to expect to get reimbursed for it. I don't care what the  
11          other insurance company did. I'm giving you proof that I  
12          have incurred a 213 to the expense. I expect to get  
13          reimbursed for it.

14          MR. SEEGRIST: So, okay.

15          MEMBER MOORE: I would submit, Madam Chair, this  
16          topic needs to get reviewed and maybe you guys were smarter  
17          than me, certainly can come back with a solution because I  
18          don't think the plan participants are getting a square deal  
19          here.

20                 If the dentist won't give them an EOB because --  
21          just because they are nasty and ornery, then let's not cheat  
22          them for that.

23          MR. SEEGRIST: We would be happy to review it  
24          with our staff.

                  CAPITOL REPORTERS (775)882-5322

1 MEMBER MOORE: If that's appropriate, Madam  
2 Chair.

3 MR. CARR: The good news is where they do do an  
4 EOB and have that, they do a fine job.

5 MEMBER MOORE: Great, perfect.

6 VICE CHAIR EWING-TAYLOR: I think we maybe need  
7 one point of clarification. I want to be sure that we all  
8 understand that the dental insurance that we're talking about  
9 is not the PEBP dental insurance.

10 MEMBER MOORE: Correct.

11 VICE CHAIR EWING-TAYLOR: It's other carriers.

12 MEMBER MOORE: Correct.

13 VICE CHAIR EWING-TAYLOR: I think that needs to  
14 be clarified, so I'm not sure how much we can dictate to  
15 other carriers.

16 MEMBER MOORE: Exactly.

17 VICE CHAIR EWING-TAYLOR: But I do think it's  
18 something that we can certainly discuss in the ongoing  
19 conversation that we have.

20 MR. SEEGRIST: We're always happy to try to  
21 improve the participants.

22 VICE CHAIR EWING-TAYLOR: Any other comments or  
23 questions?

24 Judy?

CAPITOL REPORTERS (775)882-5322

1                   MEMBER SAIZ: Just a couple of questions.  
2 Customer service, the survey that you performed, 4.1, was it  
3 the same survey that you got 3.8 last year?

4                   MR. SEEGRIST: Yes.

5                   MEMBER SAIZ: Off the top of your head, questions  
6 that were asked, I asked for this one before but didn't  
7 receive the list of questions. If you don't know them, can I  
8 get a copy of that?

9                   MR. SEEGRIST: Yeah, there's only five of them.  
10 It's called net promotor score, industry standard one that's  
11 on there. I'm trying to remember the order. Chris Bates is  
12 here. She can probably answer it for them. One of the  
13 questions is would you refer us to a friend, would your call  
14 answer, I can't remember the exact wording. I would be happy  
15 to provide you that.

16                   MEMBER SAIZ: And then the other one, the other  
17 question is that Bob commented that they didn't receive  
18 answers on the first call that they could understand and so  
19 they needed to have multiple calls. Your comments on that,  
20 why -- just your comments in general.

21                   MR. CARR: I'll answer it for you if you want.

22                   MR. SEEGRIST: I'm sorry. I thought you said  
23 Bob. You know, we always try to answer. I thought it was  
24 his question. I thought you were looking at him. We always  
CAPITOL REPORTERS (775)882-5322

1 try to answer everything on first caller resolution on there,  
2 and we do review everything on those.

3 As far as the calls, when we have our reps that  
4 we run, we have about 500 of them to take calls that  
5 potentially we take call from the population on those. We  
6 monitor at least two calls a week from those reps to be able  
7 to identify training opportunities. If we find ones that are  
8 not explaining things, they are pulled over and coached or we  
9 bring back and do re-training.

10 Our intention is for them to always be able to  
11 explain everything clear enough to understand on a first call  
12 resolution to be able to do that. That being said, that is  
13 quite a challenge to be able to make sure that everybody  
14 understands exactly what you're explaining every time.

15 We also have a process where we monitor multiple  
16 calls and so if we have people calling back too many times  
17 within a short period of time, we do an outreach to them. If  
18 it looks like they are just not quite getting it, there's a  
19 struggle on there, then we try to do an outreach to help them  
20 understand that, so.

21 MEMBER SAIZ: You know, I would be interested in  
22 knowing what's like a number one call, is it the EOP's or,  
23 you know, where they don't understand. I don't know if you  
24 can provide that or?

CAPITOL REPORTERS (775)882-5322

1 MR. SEEGRIST: Our number one call has to do with  
2 a duplicate claim submission, it's on there, and so we have  
3 most of the claims that we process are auto reimbursements.  
4 So we take the receipt from the insurance carrier and submit  
5 it for reimbursement for premiums. We have a lot of retirees  
6 that don't understand that or for just good measure submit a  
7 paper claim also, and that's our number one call driver is  
8 people wondering why their claim was denied, and it was  
9 denied because they had already automatically submitted it  
10 once and then they submitted it once manually, and so they  
11 will call in confused about why they got a notice of denial  
12 for a duplicate claim, that's our number one drivers.

13 We can give you those. We do a report that we  
14 provide to the staff here, also identifying our top five call  
15 drivers that we do a regular report on, but we're happy to  
16 share more detail on that if you would like to see what they  
17 are. We try to make sure that we don't have anything out of  
18 the norm. We try to -- we monitor that, and sometimes we do  
19 outreach based on that.

20 I know that we haven't done one for a little  
21 while, but we have done proactive mailings with your  
22 population based on higher volumes and specific call  
23 dispositions that we'll see. If we see peaks in certain  
24 questions that we think we need to address, we'll do an

CAPITOL REPORTERS (775)882-5322

1 outreach.

2 Usually when we do that, we combine that. We  
3 have a computer that calls out that tells them a letter is  
4 coming and to watch for this letter and then when the letter  
5 comes, it has the explanation in it, and we try to pair those  
6 two together because we get a lot higher response of people  
7 actually reading the letter if we tell them it's coming.

8 If we just do the phone blaster only, they will  
9 be less picking up or hang up, and so we pair those together  
10 because we get a lot better response.

11 MEMBER SAIZ: Thank you.

12 VICE CHAIR EWING-TAYLOR: We'll go to Damon next  
13 and then Don.

14 MR. HAYCOCK: Thank you, Madam Chair. Damon  
15 Haycock for the record.

16 Just a couple of questions and then another  
17 response to Judy's question. You know, later on, you'll hear  
18 on the consent agenda, we have our complaint report and so  
19 the calls we have received on behalf of Towers Watson, the  
20 62.1 percent of those calls are directed to HRA funding and  
21 HRA reimbursement issues. Another 21 and a half percent are  
22 to enrollment issues, and so not quite the same answer that  
23 you gave, but those are what we're receiving here. What you  
24 guys are receiving, of course, you know more than we do.

CAPITOL REPORTERS (775)882-5322

1           A couple of questions, when under customer  
2 service, right, there's an average speed to answer and it  
3 shows in the audit to 24.3 seconds. I'm going to assume, but  
4 I would like confirmation, that's how quickly your IBR picks  
5 up versus somebody talks to an individual.

6           MR. SEEGRIST: No, that's actually at the end of  
7 the IBR, and so they go to the IBR. Once at the phone menu  
8 and once they select the option -- so if you go in, if you  
9 want to go to the funding department, it's option three.  
10 However, three is the first number they get to choose on  
11 there.

12           If you go in there, from the moment they make  
13 that selection until a live person is on the phone, that is  
14 the span we measure on those, so they are welcome to stay on  
15 as long as they want on the IBR until they actually decide  
16 where to go, we don't. We do measure how long they are on  
17 the IBR but it's not included in that number.

18           MR. HAYCOCK: Thank you for that clarification.

19           And, second, I know it's not part of the  
20 measurements here, but do you -- are you at liberty to  
21 discuss what your average hold time is right now?

22           MR. SEEGRIST: Our average hold time?

23           MR. HAYCOCK: How long are retirees or  
24 participants sitting on the phone, waiting to talk to an  
          CAPITOL REPORTERS (775)882-5322

1 individual?

2 MR. SEEGRIST: Well, an ASA would be until we  
3 actually get to an individual, so we don't actually have a  
4 hold time because that average speed to answer once they know  
5 they are on with a live, we don't use the two tier approach  
6 to be able to do that. The only time we would have a hold  
7 time, we do monitor that, is if the call is misdirected.

8 So if they come on there and they select option  
9 one, which is enrollment, they will get someone that can  
10 answer questions about enrollment. That's really what -- if  
11 that's really not what they wanted, they know -- we call it a  
12 hold time, but it's a warm transfer, and that person will  
13 stay on the line with them until we get them to the right  
14 department, and that is a number we monitor also, but those  
15 are for misdirected calls is how we watch those.

16 And so if it's directly -- as long as they pick  
17 the right one, there really isn't a hold time for them  
18 because we don't have a two tier approach to answering the  
19 phones.

20 MR. HAYCOCK: You don't use an automated call  
21 management system that tracks all of those like traditional  
22 call centers?

23 MR. SEEGRIST: We monitor all of our stats, we  
24 do. We watch the handle times, the hold times. We measure  
CAPITOL REPORTERS (775)882-5322

1 everything very closely on what we're doing on there. But if  
2 a participant was to call in and push option three and go to  
3 the funding department with questions, we -- our focus is to  
4 have a single point to be able to answer all of their  
5 questions on there, so we wouldn't put them on hold.

6 The only time we may put them on hold is if they  
7 needed to get asked a question of their supervisor or  
8 something like that, we might be able to put them on hold,  
9 but they are still on with that same person where we're not  
10 transferring them anywhere else. We keep them there.

11 MR. HAYCOCK: So the last question I have, and  
12 then I'll turn it over. I'm sorry, Madam Chair. So if we  
13 send Health Claim Auditors out the next time you do an audit  
14 and do a focus audit on the hold times, they will be able to  
15 gather that information and report back to us, and then  
16 you'll be able to address any issues, correct?

17 MR. SEEGRIST: You can look at those. The hold  
18 times would be recorded between transfers so, yeah, that's  
19 nothing they have ever audited before, but that data is all  
20 available if they would like to see transfers and how long  
21 they take.

22 MR. HAYCOCK: That's all I have. Thank you.

23 VICE CHAIR EWING-TAYLOR: Don?

24 MEMBER BAILEY: For the record, Don Bailey. I  
CAPITOL REPORTERS (775)882-5322

1 think Damon just asked all my questions, but I thank you for  
2 that.

3 I guess we're hearing from the membership  
4 actually or some of the membership this morning, and we're  
5 still getting calls, at least I am, about your call in and  
6 them trying to get some subject matter corrected.

7 MR. SEEGRIST: Uh-huh.

8 MEMBER BAILEY: You immediately answer the phone  
9 within a second or two seconds by your own reports, but then  
10 the member stays on the line for 40, 45, sometimes almost an  
11 hour. I find that sort of absurd. I wouldn't hold on a line  
12 to talk to you that long, to tell you the truth, but the  
13 point is they are.

14 And what are you really doing to cut them hold  
15 times down?

16 MR. SEEGRIST: Yeah, it's really not hold times.  
17 They do talk to a live person under 30 seconds. So within a  
18 matter of seconds, they get to a live person.

19 MEMBER BAILY: But then they go on hold.

20 MR. SEEGRIST: No, we don't put them on hold at  
21 that point. We don't have a two tier approach. Once they  
22 get to that person, that is who they will talk to. But the  
23 length of calls, sometimes they do go longer. We do not have  
24 what's called a handle time. We do not have a handle time

CAPITOL REPORTERS (775)882-5322

1 requirement for our representatives. In other words, some  
2 centers will say you have to within five minutes end the  
3 call. You have to push that through. We don't have a  
4 requirement on our reps. So they are welcome to stay on as  
5 long they want to make sure the member gets the question  
6 answered that they need. Right now we are running about  
7 11 minutes for a call, that's about how long it takes to run.

8 Now, if we were to put that into a setting for a  
9 call center that puts more motivation for the reps to end the  
10 calls, we run about 25 percent longer than industry standard  
11 would be because we leave that open approach for the members,  
12 and so it is accurate that they are welcome to stay on as  
13 long as they like until they get to the point where the rep  
14 feels, you know, they have a good level of understanding, and  
15 I hope they are not seeing too many 45-minute calls, but we  
16 do see sometimes longer calls, and we don't cut them off if  
17 they go longer, if they need that to understand their  
18 questions.

19 MEMBER BAILEY: Okay. I would agree with all  
20 that on the call times because no matter what you call it,  
21 members are on the line a long time and they are complaining.

22 Now, I commend you for you doing your meetings  
23 now. In fact, I think you got two of them coming up, don't  
24 you, on the 28th and 29th?

CAPITOL REPORTERS (775)882-5322

1 MR. SEEGRIST: We have two of them this week,  
2 tomorrow and the next day. I have two of my staff coming.

3 MEMBER BAILEY: Yeah, I commend you for that and  
4 maybe that would be an issue you could address with the  
5 members and maybe make them better understand how your system  
6 works. I mean, because of the age people that we're talking  
7 about, sometimes they don't comprehend that and sometimes  
8 they just agree with that, but we are getting complaints  
9 about it, and I think you just need to address -- that seems  
10 to be the biggest issue for the Towers right now, at least in  
11 my mind, at least what my members are saying.

12 So you need to keep certainly on them meetings  
13 because I think the meetings have made a big impact on the  
14 membership. I think they like them. I don't know how many  
15 are showing up. I heard one number, and then I heard another  
16 number, but the bigger the number the less you're going to  
17 get complaints. So you really need to drive home that  
18 membership and take care of them.

19 MR. SEEGRIST: Yeah, we appreciate that and  
20 appreciate the compliments of doing this pilot project on  
21 those. We do have meetings in the northern and here coming  
22 up in the next two days. We will have two people on site,  
23 Cindy and Stacy from my team, that will be here. We have  
24 received very positive responses on those.

CAPITOL REPORTERS (775)882-5322

1           We've been -- as a pilot group, we have been  
2 interested in seeing what the impact is on, so we're  
3 monitoring that very closely. We're interested in seeing the  
4 type of questions coming and what they would like to know.  
5 Some of the things we're learning is the questions that are  
6 coming are not difficult questions. They are ones that you  
7 could resolve on the phone really quick a lot of those, but  
8 what it seems to be where we're getting more positive  
9 response is a frustration with being on the phone with a lot  
10 of those and not seeing a person face-to-face.

11           And I think that's where we're getting the most  
12 benefit out of those is some people were asking questions as  
13 far as turning on auto reimbursement that they didn't know.  
14 They have been on the plan a couple of years and they didn't  
15 know that all they had to do was call and we would just turn  
16 it on and had to submit another claim, and they just didn't  
17 know. And they had never -- even though we had tracked that  
18 they had called, they were not getting it until they actually  
19 talked to somebody face-to-face, and we're learning some  
20 things like that in coming back, and we had some very  
21 positive responses on that.

22           So I think as we continue with the rest of this  
23 pilot and looking at those, I think we'll come up with some  
24 recommendations at the end that will help the population to  
                  CAPITOL REPORTERS (775)882-5322

1 be able to do that, so I appreciate the compliments on that.

2 I've been really pleased with the responses we're  
3 getting and also what we're learning from it and how we're  
4 doing that. So this is the first time that we've really done  
5 it. We've mostly been down in Henderson, doing them up  
6 there. We thought, well, there's not as much population. It  
7 may not fill up as fast. The two days we scheduled were full  
8 before noon once the announcement went out about it, letting  
9 us know there's a slot.

10 So rather than all of the slots were full for  
11 those dates, we did an outreach, telephone calls to anybody  
12 we couldn't schedule until we could schedule another meeting  
13 to be able to accommodate them, and actually those outreach  
14 calls have been pretty good because they had a chance when  
15 they called in to say if they could come in and meet with us,  
16 they told us what they were calling for.

17 So when we had my reps call out on an outbound,  
18 they already had a chance to look up. They didn't have to --  
19 the retirees didn't have to wait while somebody read what was  
20 going on in their document. They had already researched it  
21 before they called, so it made the calls nice and short so  
22 they didn't have to read the data.

23 Anyway, I appreciate your comments.

24 MEMBER BAILEY: That is excellent and I will  
CAPITOL REPORTERS (775)882-5322

1 follow-up on it if I were you.

2 Earlier we did hear that that call complaint side  
3 was sliding upward instead of downward. So in the testimony,  
4 maybe you can take some attention to that too also.

5 MR. SEEGRIST: I'm happy to look at that. We are  
6 monitoring that really closely.

7 MEMBER BAILEY: I know you do.

8 MR. SEEGRIST: We watch that real closely. This  
9 time of year, we see a slide this time of year. The first of  
10 the year, the first quarter, really, January is our worst  
11 because the first of the year, money, everybody has policies.  
12 Our call volume shoots, all kinds of questions. It slides.  
13 We have added on 300 seasonal staff just to handle January,  
14 more people on there, but that being said, it's just a  
15 difficult time of year. So we do that, and we're very  
16 concerned about that, making sure that we address that, and  
17 we watch that very very closely.

18 And we as part of the survey we do, they are  
19 allowed to be able to leave comments. Those comments get  
20 entered. They say it on the phone, and types it up for us,  
21 so we review those. And on the scale from one to five,  
22 anything gets a one or a two gets an outbound, that means  
23 they're pretty unhappy, so we want to talk to them. So we  
24 try to reach out to those individuals if they are really

CAPITOL REPORTERS (775)882-5322

1 unhappy and find out why and try to talk to them and see.  
2 Obviously, if they are rating us that low, something didn't  
3 get resolved, and we don't want them to go away without, that  
4 kind of thing. So hopefully that kind of an outreach on  
5 those lowering scores count.

6 MEMBER BAILEY: Okay. Thank you.

7 VICE CHAIR EWING-TAYLOR: Thank you, Don.

8 If there are no other questions or comments for  
9 either Mr. Carr or Mr. Seegrist, we'll move on to 5.3 which  
10 is any discussion about accepting the audit report and  
11 assessing the penalties.

12 MEMBER SAIZ: Judy Saiz for the record.

13 The motion that we accept the audit for findings  
14 and assess the penalties \$8,555.

15 MEMBER BAILEY: I second that motion.

16 VICE CHAIR EWING-TAYLOR: We have a motion and a  
17 second.

18 Is there any discussion?

19 MEMBER ANDREWS: I just have one more question.

20 VICE CHAIR EWING-TAYLOR: Go ahead.

21 MEMBER ANDREWS: Anna Andrews for the record.

22 I'm sorry, I wasn't passing off asking prior to  
23 this. I echo the comments and I'm concerned because time and  
24 again I have listened to the comments under the public

CAPITOL REPORTERS (775)882-5322

1 comment section, and it concerns me because time and again,  
2 it looks like customer service is not being provided.

3 I have one key question and it's my personal  
4 experience, not with this, but in general, when you call a  
5 toll free number, it's one of those that answers for such and  
6 such, press one, for such and such, press two and so forth  
7 and so on because I don't know about the rest of you, but I  
8 know that the older I get, my patience is a little bit less  
9 and less, and I know that that could probably also be part of  
10 complaints that we are receiving.

11 MR. SEEGRIST: And I can address that for you  
12 also. We do have what's called an IBR so that is the menu  
13 option on there. When a person calls in on that, our system  
14 tries to look at what the person -- we try to guess what they  
15 may be calling for.

16 The very first time they call in, they haven't  
17 purchased a plan, so they don't need customer service. Their  
18 account is not funded. They don't have any funding,  
19 questions. They need to enroll. So when they first call in,  
20 option one is the only one that should be there, and we don't  
21 give it to them because it's only one option.

22 So when a person very first calls, until they  
23 have enrolled in a plan, they don't have an IBR, just goes  
24 right it. Now, after that, when they have enrolled in a

CAPITOL REPORTERS (775)882-5322

1 plan, then they may need to talk to customer service, and  
2 then they get two options. Either they still have an  
3 enrollment question or they have a question about that policy  
4 they just bought.

5 And then once their account is funded, we add the  
6 third option so then they have three. So they can either ask  
7 about their policy, other customer service or funding, so we  
8 try to keep that as short as possible.

9 Now, the only other thing on there that there is  
10 a menu on there is when they first call into the funding one  
11 on there, there's a second menu that just asks would you like  
12 to set up direct deposit, and they can either say yes or no  
13 and that's all it is on there. And so if they do, we'll just  
14 -- the computer will set it up. We don't allow live people  
15 to collect bank account information. They have to enter it  
16 on the phone. We don't want a person to actually have access  
17 to the bank account, so that's the only reason we have that  
18 other one. That's the whole menu structure, and we try to  
19 keep that as simple as possible and try to be predictive as  
20 much as we can, so.

21 MEMBER ANDREWS: Thank you.

22 MR. CARR: But your call is very important to us.

23 MR. SEEGRIST: That's right. Please listen, the  
24 menu options have recently changed, is another one we always  
CAPITOL REPORTERS (775)882-5322

1 hear used to get.

2 VICE CHAIR EWING-TAYLOR: Okay. Is there any  
3 other discussion on the motion?

4 Then all those in favor, please signify by saying  
5 aye.

6 (The vote was unanimously in favor of the  
7 motion.)

8 VICE CHAIR EWING-TAYLOR: So now what I would  
9 like to do, Mr. Carr, with your indulgence is take a quick  
10 break. You're still in the hot seat --

11 MR. CARR: Yes, ma'am.

12 VICE CHAIR EWING-TAYLOR: -- for Item 6.

13 We're going to take a ten-minute break. We'll  
14 come back at 20 minutes until 11:00.

15 (Whereupon, a brief recess was taken.)

16 VICE CHAIR EWING-TAYLOR: We'll bring this  
17 meeting of the Public Employees' Benefit Program back to  
18 order as orderly as we ever get and move to Agenda Item 6  
19 which is yet another lovely report from Mr. Bob Carr. This  
20 is his audit of Catamaran, our Pharmacy Benefit Manager.

21 So, Mr. Carr, take it away.

22 MR. CARR: Once again, thank you, Madam Dr. Vice  
23 Chair, thank you. For the record, Robert Carr of Health  
24 Claim Auditors.

CAPITOL REPORTERS (775)882-5322

1                   This August and last September, we performed an  
2                   audit of claims administered by Catamaran for PEBP's fiscal  
3                   year 2015.

4                   100 percent of the prescription drug claims  
5                   processed during this time period were reviewed to assure  
6                   PEBP that Catamaran was applying policies and procedures to  
7                   control prescription costs while also paying claims  
8                   accurately within a reasonable period of time and in  
9                   compliance with your contract of service with them.

10                  To start off, the results of this audit reflect  
11                  that, PEBP, you should be congratulated on the 82 percent  
12                  plus distribution of generic drug utilization of all retail  
13                  and mail order claims. This distribution certainly help the  
14                  drive of overall costs to the participants and the plan  
15                  itself.

16                  The audit found that Catamaran is conducting  
17                  policies and procedures within expected industry standards in  
18                  the areas of drug utilization review, case management, system  
19                  clinical edits, quality assurance, training, security  
20                  applications and applying the actual prescription cost paid  
21                  to each pharmacy by your PEBP members.

22                  Catamaran was found to be in compliance of the  
23                  PEBP agreement for the measurable categories of the telephone  
24                  abandonment rate, mail order shipping turnaround times,  
                    CAPITOL REPORTERS (775)882-5322

1 application of plan benefits, zero balance pricing,  
2 administrative fees, reporting and disclosure of any data  
3 breaches.

4 With this audited period, Catamaran was found to  
5 underperform in multiple financial and customer service  
6 related measurable categories that are guaranteed within your  
7 agreement.

8 At this time it's very imperative that I express  
9 and emphasize that the PEBP members' cost to the  
10 prescriptions were in no way affected by any of the  
11 under-performance amounts that I'm presenting to you today.

12 The passthrough cost methodology utilized for  
13 your claims means that every prescription cost reported by  
14 Catamaran was the actual payment made to the dispensing  
15 pharmacy, but they did not meet the specific negotiated  
16 agreement or aggregate guaranteed rates.

17 The categories identified with the  
18 under-performance measurements are as follows, number one,  
19 the retail generic discount from an average wholesale cost  
20 was below the aggregate contracted rate. We calculate the  
21 PEBP plan under-performance of a little over \$70,000 for this  
22 category. The retail main brand aggregate dispensing fee was  
23 above the contracted rate which resulted in a PEBP plan  
24 under-performance of \$8,092.

CAPITOL REPORTERS (775)882-5322

1 Specialty drug claims had a dispensing fee  
2 applied above the guaranteed rate resulting in \$2,501 of an  
3 under-performance.

4 100 percent of problem resolutions must be  
5 documented within two business days. The annual measurement  
6 of this issue reflects that Catamaran documented 99 percent  
7 within the two business day guarantee or below the benchmark.

8 95 percent of mail order claims must be shipped  
9 within -- to participants within two business days. Only  
10 92 percent of claims were shipped within the two business  
11 days in quarter one, definitely below the guarantee.

12 We calculated the manufacture rebates at the time  
13 of this audit for the first three quarters of plan year '15  
14 to reflect an amount of \$49,000 less than your guarantee.  
15 However, again at the time that we did this report, the  
16 fourth quarter rebates had not -- weren't all fully received  
17 at that time. So the total plan rebates will have to be  
18 reconciled very shortly for your contract compliance.

19 We concluded this audit with the following  
20 findings and recommendations, we find that PEBP is due no  
21 monies for the discounting or dispensing fees  
22 under-performances, as the PEBP agreement with Catamaran  
23 contains language with what is called a TRUA (phonetic) for  
24 financial performance guarantees.

CAPITOL REPORTERS (775)882-5322

1           The agreement states when evaluating and  
2 reconciling guarantees, Catamaran will look at the overall  
3 annual performance of its rates and report on the net  
4 performance. We applied this methodology to our calculations  
5 and after adding the discount category under-performances  
6 that I presented to you with the over-performances of  
7 \$195,000, no penalty is due on that piece of it.

8           Results of calculating the over and  
9 under-performances for dispensing fees, PEBP is due \$802.  
10 PEBP is also due \$22,611.30, for the under-performance mail  
11 order claim shipping and \$7,537.10 for the under-performance  
12 of participant problem documentation for a total of  
13 \$30,950.40. It is our recommendation that PEBP collect these  
14 funds.

15           PEBP or HCA also verified that PEBP had received  
16 the approximate \$565,000 for the under-performance as  
17 identified in last year's audit. These monies were received  
18 by PEBP in April of 2015 and are now considered satisfied.

19           So with that, Madam Chair.

20           VICE CHAIR EWING-TAYLOR: Thank you, Mr. Carr.

21           Any questions for Mr. Carr?

22           Mr. Moore?

23           MEMBER MOORE: Madam Chair, I beg your  
24 indulgence. For the record, I need to disclose my son is a  
          CAPITOL REPORTERS (775)882-5322

1 corporate officer of United Health Group that owns Optimum,  
2 that owns Optimum RX, Catamaran. However, I have received  
3 advisory opinion from the commission on ethics that his  
4 position is so far removed from the operations of Catamaran  
5 Optimum RX that I can vote on the issue. There is no  
6 conflict of interest. However, I do need to disclose that  
7 relationship and I will recuse myself.

8 Thank you, Madam Chair.

9 VICE CHAIR EWING-TAYLOR: Thank you, Mr. Moore.

10 Las Vegas, did you hear that? I know Bob didn't  
11 have his mike on. Okay. Good, they did. I just want to  
12 make sure.

13 Any other or any questions or comments for Mr.  
14 Carr? If not, we'll move right into the next sub item which  
15 would be the response from Catamaran.

16 MS. ROSS: Hello. For the record, my name is  
17 Shannon Ross, R-o-s-s. I'm with Catamaran, now Optimum RX,  
18 as Mr. Moore indicated. Thank you all for your time.

19 In response on behalf of our organization and as  
20 our response letter in the Board packet indicates, we are  
21 very honored to be able to respond and thank the Board for  
22 the opportunity.

23 As Mr. Carr indicated, the overall financial  
24 guarantees do allow for offsetting between the respective  
CAPITOL REPORTERS (775)882-5322

1 channels and when taking an aggregate, the overall financial  
2 performance to PEBP is \$135,000 above the guarantees. We do  
3 result in net a deficiency on dispensing fees of \$802. That  
4 amount will be paid to PEBP upon the Board's approval of the  
5 audit findings.

6 In addition, there were two customer service  
7 issues which were not met to the performance guarantees. The  
8 first is the response time relative to mail order turnaround  
9 time of clean requests and the processing of those claims.  
10 And the second was relative to documentation of customer  
11 service complaints.

12 So to rectify those deficiencies and to work  
13 towards a better audit for the future, we have done a number  
14 of steps, which I would like to just touch on briefly, if I  
15 may.

16 For the mail order component, Las Vegas opened a  
17 facility this year. So June of 2015, there was a brand new  
18 facility in Las Vegas which is specific to both specialty and  
19 mail order claims, so it will give us additional banding to  
20 fill those claims and that meet guarantees moving forward.  
21 We actually toured that facility with both Mr. Damon and  
22 Ms. Rich last week, but that would obviously be for future  
23 claims, nothing for past claims obviously.

24 And then relative to documentation of customer  
CAPITOL REPORTERS (775)882-5322

1 service complaints coming in and resolving those, we have  
2 enhanced our customer service intake requirements and the  
3 system with which those calls are documented so that we may  
4 respond to those in a more timely fashion, and that's to meet  
5 that guarantee moving forward.

6 In addition, we have worked with PEBP staff at  
7 the request of Mr. Haycock to log the types of calls and  
8 provide a monthly report to staff indicating the types of  
9 call at a summary level so that way we can start to see any  
10 trends so we can get ahead of those that may be duplicative  
11 or indicative of recurring issues, and that report provided  
12 for July through December, early this month and obviously  
13 January's will be provided in the coming month moving forward  
14 and on that same cycle moving forward. So those -- those  
15 issues then attempt we'll work to rectify those topics moving  
16 forward so that we can look forward to a clean audit in the  
17 future.

18 Do you have any other questions that I may  
19 address?

20 VICE CHAIR EWING-TAYLOR: Board, any questions  
21 for Ms. Ross?

22 Chris? Rosalie?

23 MEMBER COCHRAN: No questions.

24 VICE CHAIR EWING-TAYLOR: Okay. Then we'll move  
CAPITOL REPORTERS (775)882-5322

1 on to 6.3, which would be discussion about accepting the  
2 audit report and assessing the penalties.

3 What's the Board's pleasure?

4 MEMBER ANDREWS: Madam Chair, Anna Andrews for  
5 the record.

6 I move to accept the audit report findings and  
7 assess penalties as applicable -- if applicable in accordance  
8 with the performance guarantees included in the contract  
9 pursuant to the recommendation of Health Claim Auditors.

10 VICE CHAIR EWING-TAYLOR: Thank you.

11 We have a motion. Is there a second?

12 MEMBER SAIZ: I'll second.

13 VICE CHAIR EWING-TAYLOR: We have a motion and a  
14 second.

15 Is there any discussion?

16 If there's no discussion, then please signify  
17 your approval of the motion by saying aye.

18 (The majority of the vote was in favor of the  
19 motion.)

20 VICE CHAIR EWING-TAYLOR: Are there any opposed?

21 MEMBER MOORE: Madam Chair, I will abstain.

22 VICE CHAIR EWING-TAYLOR: Thank you.

23 All right. That motion carries.

24 Thank you, Mr. Carr, and, Ms. Ross.  
CAPITOL REPORTERS (775)882-5322

1 I think what we'll do now since Leo is still AWOL  
2 is move to the consent agenda, and what I would like to do is  
3 ask the Board if there are any items that any Board member  
4 would like to remove from the consent agenda so that they can  
5 be discussed?

6 MEMBER WELLS: Madam Chair, I would like to  
7 remove Items 1 and 2 because I will be not voting on those  
8 two items.

9 VICE CHAIR EWING-TAYLOR: 9.1 and 9.2?

10 MEMBER WELLS: Correct.

11 VICE CHAIR EWING-TAYLOR: Anyone else?

12 Okay. Why don't we go ahead and discuss 9.1 and  
13 9.2. We'll take 9.1 first, approval of the action minutes  
14 from the January 12th, 2016, PEBP Board meeting. Take a  
15 moment for all of you to review those if you have not had a  
16 chance to do so and when you're ready, I will accept a  
17 motion.

18 MEMBER MOORE: Madam Chair, are you looking for a  
19 motion to approve the consent agenda which the exception of  
20 9.1, 9.2?

21 VICE CHAIR EWING-TAYLOR: Yes.

22 MEMBER MOORE: Madam Chair, I move we include the  
23 consent agenda with the exception of Item 9.1 and 9.2.

24 VICE CHAIR EWING-TAYLOR: Is there a second?  
CAPITOL REPORTERS (775)882-5322

1 MEMBER BAILEY: I second that.

2 VICE CHAIR EWING-TAYLOR: Is there any  
3 discussion?

4 All those in favor of accepting the consent  
5 agenda Items 9.3, 9.4 and 9.5, please signify by saying aye.

6 (The vote was unanimously in favor of the  
7 motion.)

8 VICE CHAIR EWING-TAYLOR: Any opposed?

9 All right. That motion carries, so we will move  
10 to 9.1, approve the action minutes and is there any  
11 discussion about those?

12 Hearing no discussion, what is the Board's  
13 pleasure? We'll take a motion.

14 MEMBER MOORE: Do you have a watch on?

15 MEMBER SAIZ: Madam Chair, Judy Saiz for the  
16 record. I will make a motion to approve the minutes from  
17 January 12th, 2016, PEBP Board Meeting.

18 VICE CHAIR EWING-TAYLOR: Bless your heart.

19 Is there a second?

20 MEMBER BAILEY: Second.

21 VICE CHAIR EWING-TAYLOR: Second by Don Bailey.

22 Is there a discussion? If not, then all those in  
23 favor please signify by saying aye.

24 (The the majority of the vote was in favor of the  
CAPITOL REPORTERS (775)882-5322

1 motion.)

2 VICE CHAIR EWING-TAYLOR: Any opposed?

3 MEMBER MOORE: Madam Chair, I will abstain.

4 VICE CHAIR EWING-TAYLOR: From 9.2?

5 MEMBER MOORE: 9.1.

6 VICE CHAIR EWING-TAYLOR: Oh, you abstain, excuse  
7 me.

8 MEMBER WELLS: Same thing for me, Madam Vice  
9 Chair, I will be abstaining as well.

10 VICE CHAIR EWING-TAYLOR: So for clarification,  
11 for the record, there were two abstentions. Thank you.

12 Moving to 9.2, ratification of the evaluation for  
13 these decisions to award a contract for the financial  
14 statement auditor services, effective July 1st, 2017, to  
15 Casey Neilon and Associates under RFP 3217.

16 MEMBER MOORE: Madam Chair, I move we adopt the  
17 recommendation of staff.

18 VICE CHAIR EWING-TAYLOR: So moved.

19 Is there a second?

20 MEMBER ANDREWS: Anna Andrews, second.

21 VICE CHAIR EWING-TAYLOR: There's a motion and a  
22 second.

23 Is there any discussion?

24 All those in favor of the motion, please signify  
CAPITOL REPORTERS (775)882-5322

1 by saying aye.

2 (The majority of the vote was in favor of the  
3 motion.)

4 VICE CHAIR EWING-TAYLOR: Are there any opposed?  
5 Are there any abstention?

6 MEMBER WELLS: Madam Vice Chair, due to my  
7 department's role in the contracting process, I'll be  
8 abstaining from this.

9 VICE CHAIR EWING-TAYLOR: Thank you, Mr. Wells.  
10 All right. It appears that that motion also  
11 carries. So we are then going to move back to your report.

12 MR. HAYCOCK: Let's do Agenda Item 8.

13 VICE CHAIR EWING-TAYLOR: Agenda Item 8.

14 MR. HAYCOCK: So for the record, Damon Haycock.

15 I will be presenting the executive officer report  
16 for this January 26th, 2016, Board meeting. This, of course,  
17 is an ongoing report that provides participants, public, the  
18 Board and other state folks on our overall day to day  
19 activities.

20 One disclaimer, and as I get to that point into  
21 the report, you'll see that one of the items is considered  
22 inaccurate at this time. This report was posted by Tuesday  
23 morning of this week and by Wednesday, the world had changed  
24 a bit so I will be addressing that, of course, in further

CAPITOL REPORTERS (775)882-5322

1 Agenda Item Number 10.

2 But to begin this report, a little bit about our  
3 agency culture, I'm not necessarily going to read this whole  
4 thing, but we took a survey internally to determine as a  
5 baseline how we're going to show the culture has improved.  
6 It talks in here anecdotal responses, and I think everybody  
7 here can attest to, sometimes you only hear bad responses and  
8 not the good responses.

9 As an example, on that consent agenda, the Board  
10 just approved the complaints for the year, and I think there  
11 were over 500, but we cover 69,000 lives. Unfortunately, we  
12 don't always remember that the other thousands and tens of  
13 thousands of people may actually be pleased with their  
14 services and their health plan and what we do here as a Board  
15 and as staff. And so I just want to preference that, yes, we  
16 received a lot of negative responses at the beginning, but we  
17 needed to start with a baseline so we can show improvement  
18 moving forward.

19 One of the things that we were able to ascertain  
20 is that there were a couple of key areas in the culture that  
21 need to improve, empowerment, giving the power, the  
22 authority, as well as the responsibility to handle folks' day  
23 to day operations, as well as improving communication, and I  
24 think that that has been a mantra of this agency as far as

CAPITOL REPORTERS (775)882-5322

1 how we want to be transparent and improve communication  
2 globally, but internally we need to do a better job of that  
3 as well.

4 We only had about 50 percent, just under  
5 50 percent response. So hopefully we'll be able to have a  
6 higher response rate when we repeat this. But one of things  
7 we did was we held internal working groups to allow the staff  
8 to develop solutions to the problems that they brought forth.  
9 It's one thing to say I have a problem. It's another to say  
10 I have a problem, here's a potential solution. So through  
11 brainstorming efforts and the abilities of our staff to come  
12 together and work as a team, they presented some options and  
13 some opportunities for some successful implementation of  
14 increasing the culture.

15 We then brought everyone back together again and  
16 listened to them and listened exactly what they wanted and as  
17 an executive staff, we met afterwards to discuss how, if  
18 possible, could we implement their recommendations.

19 Finally, we brought back to the staff the process  
20 on how we plan to implement some of those recommendations,  
21 and we're looking to see what the results are. We want to  
22 make sure that we don't do a quick survey and then another  
23 quick survey. So after open enrollment, we will repeat the  
24 exact same survey, and I'm looking forward to bringing those

CAPITOL REPORTERS (775)882-5322

1 results back to the Board and to the public to show that  
2 there is a data driven way to determine if -- if our culture  
3 has improved, not necessarily just from my words and the  
4 statements in these Board meetings.

5 But I'm very optimistic that we will show  
6 improvement. I believe staff are doing better and doing  
7 well, and I hope that if they are approached that they will  
8 confirm that statement as well.

9 As far as staffing, I'm very pleased to announce  
10 that as of yesterday, we were completely staffed at 32  
11 individuals here at PEBP. We will be sending out an  
12 organizational chart to everybody on the Board here shortly.  
13 They just started yesterday so they are getting their feet  
14 wet. We hired an individual as the open management analyst  
15 two position and also another one in our eligibility section  
16 of operations. We're very excited to have them aboard and at  
17 our next Board meeting, we'll go ahead and bring them in and  
18 introduce them to everybody.

19 As far as contracting, here's where I said my  
20 disclaimer is going to have to prove true. There were four  
21 major requests for proposals that were under review by  
22 designated evaluation committees in the last two months, and  
23 that's not something that is generally done in this state at  
24 one level with such a small array of staff and Board members.

CAPITOL REPORTERS (775)882-5322

1           And my sincere apologies for you all spending  
2 your Christmas vacations reading request for proposals, but  
3 these are very critical to the agency, critical to the plan,  
4 critical to our participants. They, of course, include the  
5 health maintenance organization services, our pharmacy  
6 benefits manager services, our actuary and consulting  
7 services and our financial statement auditor services.

8           So I was informed and it's, you know, I will take  
9 ownership of this that the notice of intent had gone out  
10 after the committees had selected or the Board had selected  
11 the winning vendors. However, the one for Anthem for  
12 statewide HMO services has not gone out. That will be part  
13 of the discussion under Agenda Item Number 10. However, the  
14 ones for Express Scripts and Casey Neilon and Associates have  
15 gone out, and we are in the process of setting up and  
16 performing negotiations.

17           As of this Thursday, the actuary and consultant  
18 RFP evaluation committee will meet, and they will select  
19 again their vendor, and we will move forward with a notice of  
20 intent and negotiation as well.

21           The financial statement auditor services will be  
22 effective upon the board of examiner approval, but the other  
23 contracts we anticipate to be effective as of July 1st or the  
24 next plan year.

CAPITOL REPORTERS (775)882-5322

1           A little bit more about communication, since our  
2 December Board meeting, we have begun sending monthly  
3 bulletins, and we appreciate the public comment acknowledging  
4 those. It is something that we are attempting to do on a  
5 regular basis. However, I will admit that the one I sent in  
6 December, three days later, the federal government delayed  
7 the Affordable Care Act Excise Tax Implementation two years,  
8 so it kind of took the wind out of the sails of that one.

9           And then, of course, the one that I just sent out  
10 after the last Board meeting, we are now re-looking at the  
11 HMO vendor selection and so depending on the results today,  
12 that may need to be revised as well, but we are very  
13 dedicated to sending out consistent communication, and those  
14 bulletins are just one of those ways that we will do those.

15           Additionally, we have developed a draft  
16 communication plan. It was one of the things that the Board  
17 asked for that the strategic plan included that the advisory  
18 committee said was very important. It's attached to this --  
19 to this report here. We're very proud of this report. Nancy  
20 Spinelli, our public information officer, did I feel an  
21 amazing job at putting this together and really getting into  
22 the intricacies of the planning process and not just goals  
23 and schedule but really how we analyze communication and  
24 where we feel that we can make some improvements, where there  
                  CAPITOL REPORTERS (775)882-5322

1 are some strengths, where there are a few threats but most  
2 importantly where there are opportunities.

3 And so this is a living document. It is  
4 something that we will revise constantly as new information  
5 comes in, as we implement certain communication strategies  
6 and they either fall short or they exceed expectations, we  
7 will continue to update this information. But one of the  
8 most important things for participants is, of course, that  
9 schedule that's attached at the end of it, and so we will  
10 continue to provide multiple mediums of communication to all  
11 of our stakeholders, but this is just yet another way to show  
12 that, number one, we heard what the Board wanted and we  
13 wanted to meet that requirement, but we also wanted to do a  
14 really good job in doing so as well.

15 And then finally, in communication, we are still  
16 moving forward with the overhaul of our web page. KPS3 has  
17 been contracted. They have developed the original  
18 architecture in coordination with our teams. They performed  
19 focus groups with retirees, with state employees, with other  
20 stakeholders, with the state employee benefits advisory  
21 committee, and we took all of that input to help develop what  
22 the process is going to create.

23 And we anticipate in early April a relaunch of  
24 that website, and we will have KPS3 here available to provide  
CAPITOL REPORTERS (775)882-5322

1 a presentation to the public and to the Board on how that new  
2 look and feel will affect their use of that communication  
3 medium moving forward.

4 We're also, of course, in the process of  
5 finalizing our ACA reporting. We are on track to meet the  
6 IRS requirement forms to participants that show, of course,  
7 that they are enrolled in minimum essential coverage or what  
8 I hear the federally mandated health insurance. We have  
9 purchased the software. It has been installed. It has been  
10 configured. We are running our tests now to verify the  
11 information is accurate and appropriate.

12 The IRS has given some leeway to large employers  
13 to implement this. Of course, any new process at the  
14 Affordable Care Act requires has some glitches or bumps along  
15 the way all the way out until March 31st. We will be able to  
16 produce those forms either by the end of this month or early  
17 next month and plan to send them out in February. And so at  
18 this time point in time, I can't share that there's any  
19 issues. Although, we are still in the process of testing and  
20 making sure that we don't have to send out one round and then  
21 another round of complete revised forms.

22 Last but not least, the expectations for 2016, we  
23 are aggressively negotiating with all of our new contracts,  
24 and we'll continue to do so to ensure the effectiveness and  
CAPITOL REPORTERS (775)882-5322

1   appropriateness of those transitions to our new vendors.  If  
2   we do have new vendors, it is something that we don't want to  
3   spring upon our participants.  We want to ensure that through  
4   that implementation, it's not just a technological  
5   implementation, but there's a communication strategy on how  
6   we're going to let our participants know that things are  
7   changing.  As the Board has reviewed some of the RFP  
8   materials and the RFP's that they have participated in, many  
9   of those include those types of strategies so you'll see how  
10  that should play out.

11           And then the legislative process, of course, will  
12  begin at the agency level and there will be bill draft  
13  requests being brought to the Board.  We anticipate at the  
14  March Board meeting, it's my understanding that Board members  
15  may also wish to bring additional bill draft requests, and so  
16  we look forward to that process as we look together to  
17  implement our legislative strategy for next year.

18           And then in April, the budget request framework  
19  will be provided to the Board, so you'll see what we're  
20  looking at as far as our recommendations and suggestions.  
21  And after deliberations, we'll take your feedback and input  
22  it and create the agency request budget, and we will, of  
23  course, be able to present it next year.

24           And with that, that's the sum of my report, and I  
          CAPITOL REPORTERS (775)882-5322

1 would be more than willing to answer any questions.

2 VICE CHAIR EWING-TAYLOR: Thank you.

3 Any questions from the Board for Damon?

4 Judy, go ahead.

5 MEMBER SAIZ: Damon, just a couple of questions.

6 I take it in the order of your report, under your  
7 contracting, normally how early do you send out a notice of  
8 intent once the Board votes on a vendor?

9 MR. HAYCOCK: So Damon Haycock for the record.

10 To answer that specifically, it's my  
11 understanding that this was the first time that the Board  
12 actually voted to select a vendor. That in previous periods  
13 or previous times, they ratified the contract as it was  
14 either presented or was to be presented to the board of  
15 examiners. So traditionally, the RFP evaluation committee  
16 will designate their selective vendor and then a notice of  
17 intent will go out soon after, depending on if there's any  
18 major concerns with that awarded vendor, if there's any what  
19 I like to call deal breakers.

20 But I don't know if, Tina, you can confirm that  
21 because you were on most of these.

22 MS. GLOVER: So typically -- this is Celestena  
23 Glover for the record.

24 So typically when it's just the standard  
CAPITOL REPORTERS (775)882-5322

1 evaluation committee, purchasing will go back and review all  
2 of the scores, make sure that there was no errors or problems  
3 and once they have confirmed that, they will have another  
4 individual confirm that. Once that's confirmed, they will  
5 send out a letter of intent. They typically go out within a  
6 couple of days assuming no problems.

7 MEMBER SAIZ: And so the one for Anthem didn't go  
8 out in a couple of days after the Board voted and selected  
9 them, it didn't.

10 MR. HAYCOCK: Damon Haycock, that is correct and  
11 as I think -- I think we'll get into that exact process a  
12 little bit more in Agenda Item 10.

13 MEMBER SAIZ: Okay.

14 MR. HAYCOCK: I don't necessarily want to get  
15 into it, but my hope is Leo would be here so he could  
16 participate in that conversation. But are you correct, the  
17 notice of intent did not go out within a few days. Some of  
18 us thought it would and some of us thought it wouldn't, and  
19 there was some concerns from multiple parties but, again,  
20 we'll go ahead and get into that agenda item, if that's okay  
21 with you, Judy.

22 MEMBER SAIZ: That's fine. One more question  
23 about that topic. Was Anthem contacted that we have this on  
24 the agenda and this could, the RFP could be withdrawn, were  
CAPITOL REPORTERS (775)882-5322

1 they ever contacted?

2 MR. HAYCOCK: Damon Haycock for the record.

3 They were. I will tell you that they weren't  
4 contacted as timely from my office as I would have liked.  
5 I'm not going to make excuses. I was in Vegas when this all  
6 went down. When I came back last week, I did reach out to  
7 them and respond that this was on the agenda, and we  
8 shouldn't move forward with negotiations until the final  
9 decision was made.

10 MEMBER SAIZ: Okay. And under communication,  
11 when did we select KPS3, that's hard for me to say, how did  
12 we select them and when did we select them? All of a sudden  
13 I knew we had website vendor, but I don't know the process.

14 MR. HAYCOCK: Damon Haycock for the record.

15 We -- when I first arrived here, we were looking  
16 at ways to improve communication. I'm going to give you the  
17 long story because I think it's appropriate. I worked with  
18 Nancy, our PIO to determine what is the best way to get  
19 information to our participants and to our stakeholders. So  
20 right off the gate, we instituted in-person assistance,  
21 right, we wanted her and other staff to go out into the  
22 communities to provide that one on one communication. That  
23 is so very vital to folks that don't live and breathe on  
24 their iPhones that they want to be able to have that face to  
CAPITOL REPORTERS (775)882-5322

1 face conversation over the table.

2 I looked at the website and staff looked at the  
3 website, and we thought there's got to be a way to improve  
4 it, as well as we looked at the strategic planning update  
5 that went to the September, I believe September 17th Board  
6 meeting, along with the Board's duties and policies and  
7 procedures.

8 From that, we looked at what is the best way to  
9 implement what the Board wanted, right, to make continuous  
10 updates to the PEBP website and improvements. We looked at  
11 other agencies around the state who had contracted before and  
12 we thought about doing a full on request for proposal.  
13 However, the same request for proposal had basically been  
14 recycled through a multitude of state agencies over the last  
15 couple of years, and so we reached out to purchasing and  
16 asked them is there a need to continue to regurgitate the  
17 same RFP if the state is the contracting entity that  
18 continues to pick the same vendor for the same services.

19 And we wanted to utilize the same -- the same  
20 process that our sister agencies, the department of health  
21 and human services, the division of insurance, business and  
22 industry, DETR, or the department of employment training and  
23 rehabilitation and our own here in this building, department  
24 of conservation and natural resources, all of them using the  
CAPITOL REPORTERS (775)882-5322

1 same vendor to do the exact same thing, to modernize and  
2 bring forward the websites of their agency to improve  
3 communication to their stakeholders and the folks that deal  
4 with them on a day to day basis.

5           And so instead of going through administratively  
6 burdensome RFP process that had been repeated throughout the  
7 last three, four years, we reached that person and said if  
8 we're going to do something very similar to a contract that  
9 has been awarded, is there something that we can go ahead and  
10 basically pick back on.

11           And where I'm a big proponent of doing things  
12 from the beginning and following steps one through 100, even  
13 if they take months and months and months and months and  
14 months, we had a golden opportunity to implement a new  
15 website by open enrollment. And if we didn't get it done by  
16 open enrollment, that really strategically didn't matter if  
17 we got it done in June or if we got it done in October or if  
18 we got it done in December, if you can't have a medium for  
19 folks to get in there and to see the plan differences, to be  
20 able to look at the different offers, if we couldn't direct  
21 people based on their type, you know, certain retirees didn't  
22 need to see, certain things that -- or may not want to see,  
23 certain things that other state participants would want to  
24 see.

CAPITOL REPORTERS (775)882-5322

1                   And so we reached out to our partners at DCNR  
2                   that had the most recent contract, and we reached out to  
3                   purchasing, and we asked them, you know, we want to do the  
4                   same thing. What is your experience with the vendor and what  
5                   do you think, and everyone agreed that this was a good idea  
6                   to do this piggyback, and we were able to perform this  
7                   contract by I think that's on November or December. I'm  
8                   trying to remember, late November or early December -- no, it  
9                   was in November because we went right in focus groups. And  
10                  from those focus groups, we were able to determine that there  
11                  was a need, a need by different parties, different entities  
12                  that wanted to see different pieces of information without  
13                  seeing these smorgasbord of information that exists out there  
14                  today.

15                  And so from that, we went back to the vendor and  
16                  we asked them, so what do you recommend, and they gave us a  
17                  list of recommendations, and we took those recommendations  
18                  and we amended the contract through the board of examiners,  
19                  and we were there this month in January, and the board of  
20                  examiners approved our ability to do that.

21                  Hindsight, I will take responsibility, that is  
22                  something that I should have brought to the Board earlier and  
23                  said this is our suggested approach. In technical policy, it  
24                  wasn't an RFP, and I don't want to get into that, but long

CAPITOL REPORTERS (775)882-5322

1 story short, I believe that it was the right thing to do and  
2 that everyone is going to benefit by the timing we saved and  
3 the administrative burden that we reduced on purchasing, on  
4 the agency, and everyone will be able to see a new web page  
5 that will work for them come the beginning of April.

6 So I don't know if that answers your question,  
7 Judy.

8 MEMBER SAIZ: I agree, I think we should have  
9 been notified sooner. Thanks for the explanation.

10 I have one more question on communication plan.  
11 It's a pretty detailed communication plan, and either for you  
12 or for Nancy, the state employee benefit advisory committee,  
13 I just am curious, how are they selected, the people that  
14 participate in this community, in this committee?

15 MR. HAYCOCK: So Damon Haycock for the record.

16 We wanted to ensure on the state employee  
17 advisory committee or benefits advisory committee was that we  
18 didn't have larger waiting of any agency than another. We  
19 wanted to have an equal opportunity of input from the major  
20 departments across the state. We knew that we couldn't  
21 manage a committee this size of 300, 400, 500 people because  
22 we would never get anything done with a committee that large.

23 And so I -- I reached out to every department  
24 director of the major departments, the cabinet positions that  
CAPITOL REPORTERS (775)882-5322

1 existed at the state and requested that they submit folks to  
2 -- that they get to self select who those members would be  
3 and from there, from those responses, from those selections,  
4 we then created this committee. So it wasn't anything that  
5 PEBP necessarily stated. We just wanted to limit the amount  
6 of individuals so we could have a very fluid flexible and  
7 quick working group of people.

8 MEMBER SAIZ: Thanks.

9 VICE CHAIR EWING-TAYLOR: Anything else from  
10 anybody else?

11 Mr. Moore?

12 MEMBER MOORE: Thank you, Madam Chair. For the  
13 record, Bob Moore.

14 Point of clarification, the subcommittee that was  
15 charged with responsibility reviewing the duties of policies  
16 and procedure first met two years ago and worked hard to  
17 redraft that document. Special thanks to Chris, Rosalie,  
18 Anna and I have had privilege of serving as chairman of that  
19 committee. That work product has never come to this Board.

20 And it's a little disappointing that -- and I  
21 think I can speak on behalf of my committee members that the  
22 Board has never seen fit to review that document. So to  
23 implement things in a document that's never been presented or  
24 approved is some what presumptuous. I appreciate the effort,

CAPITOL REPORTERS (775)882-5322

1 but I would hope in the very near future that document will  
2 get to the Board and get discussed.

3           Secondly, the selection of KPS3 to do a website,  
4 you know, we have a consultant in communication practices as  
5 part of their current contract. So I'm a little bit  
6 surprised that we would go out and award a contract to an  
7 external party when we already have a contract with our  
8 consultant who is already contracted to do that work and they  
9 specialize, that's what they do for a living is employee  
10 benefit consulting. My preference would have been to  
11 contract, ask our current consultant who has specialized  
12 expertise in that particular area to do that website, and it  
13 would have been up and running probably a month ago.

14           So those are my comments, Madam Chair.

15           VICE CHAIR EWING-TAYLOR: Thanks, Bob.

16           Damon, did you have a response?

17           MR. HAYCOCK: Yeah, real quick, Damon Haycock for  
18 the record.

19           A couple of things, and I thank you for stating  
20 those, Mr. Moore. I want to make a couple of clarifications.  
21 I believe, and I will go back and check and I don't have it  
22 in front of me, that I did inform the Board that we would be  
23 revamping the website months ago. I just didn't bring the  
24 contract for ratification, so I want to clarify that  
                  CAPITOL REPORTERS (775)882-5322

1 and they actually won an award for their -- an actual award  
2 for their website that for their insurance participants.

3 And so I'm not saying that our current contractor  
4 doesn't have the expertise or skill, I do know that the state  
5 has made, I believe, an undisclosed policy that who they  
6 continue to choose will be consistent statewide. And  
7 although we are the Public Employees' Benefits Program, I  
8 think you'll see some consistencies from our state employees  
9 and retirees that when they go to one website, it will be  
10 very similar to another because you get to keep that process.  
11 But, again, I'm not here to advocate KPS3. They have awards  
12 on their own.

13 With that, that's my response.

14 VICE CHAIR EWING-TAYLOR: Thanks, Damon.

15 Actually, that had been the issue of the duties,  
16 policies and procedures had also been something I wrote down  
17 is wanting to ask about, and I do remember that meeting well,  
18 and it seems to me that there was a very long and wide  
19 ranging discussion about the document that was presented. I  
20 honestly cannot remember exactly what happened. I know there  
21 were a number of revisions that I had and that I gave to Kari  
22 for inclusion. And to be honest, I don't remember if we  
23 adopted them, ratified them, whatever you want to say.

24 I do know that this has been a topic of  
CAPITOL REPORTERS (775)882-5322

1 conversation several times since, and there is a feeling by  
2 some members of the Board, I'm not going to say a majority,  
3 that it's unfinished business, so I would like to get to the  
4 bottom of it. I don't want to keep hearing that, you know,  
5 we need to finish this, so let's just do it however we need  
6 to make that happen because I do know that Bob and Chris and  
7 Rosalie and Anna spent a great deal of time going over them,  
8 holding meetings about it, looking at, you know, different  
9 options and how we can do things better and how to streamline  
10 the document and the processes.

11 So I would -- I would ask that at the next  
12 meeting or even before that you provide us some definitive  
13 information perhaps about where -- what we think we did or  
14 what you believe that we did in September and how that might  
15 differ from what the rest of the Board thinks that we did,  
16 and let's bring that to conclusion however we need to do  
17 that.

18 The other question that I had is, and I would  
19 echo Judy's comments about communication plans, very  
20 comprehensive and I think it's -- I think it's overdue  
21 frankly, but I know there have been several times in the last  
22 couple of months that I've gotten copies of something that  
23 PEBP sent out to various members, most often, frankly, the  
24 retirees that I know nothing about. And for a Board member  
CAPITOL REPORTERS (775)882-5322

1 to not know anything, well, it's probably not unusual, but it  
2 is at the very least uncomfortable. So I would ask that we  
3 get copies of whatever is sent out so that when the employees  
4 do come to us, we can say, oh, yeah, I know what that is  
5 rather than I don't know but I'll find out.

6 So congratulations on that to both you and Nancy.  
7 I think it's exciting.

8 Chris, Rosalie, any comments or questions on this  
9 agenda item?

10 MEMBER COCHRAN: Just on the strategic plans, I'm  
11 going over the minutes from the September meeting because I  
12 wanted to, you know, jog my memory. It does indicate here  
13 that we -- we adopted the revised duties, policies and  
14 procedures as recommended and also that we adopted the  
15 strategic plan as prevented with modifications.

16 So, you know, just for the point of  
17 clarification, I am assuming -- now I don't know -- I don't  
18 know if we got the final modification. I think that would be  
19 something that needs to be investigated. But in terms of  
20 the -- in terms of the Board's action on the plan, we did  
21 take action on the plan according to the minutes.

22 VICE CHAIR EWING-TAYLOR: Okay. Thanks, Chris,  
23 and I suspect given the way you just read that or presented  
24 it and based on what Damon said that we were expecting a  
CAPITOL REPORTERS (775)882-5322

1 final version with all of the revisions, and maybe that's why  
2 it feels unfinished.

3 So if those are available, Bob, would that be  
4 amenable to you and your committee?

5 MEMBER MOORE: Yeah, I'm not going to -- Bob  
6 Moore for the record.

7 I'm not going to speak on behalf of the  
8 committee, but I'll speak for myself. We submitted the  
9 draft. There was several significant modifications, and my  
10 recollection was the instructions were to incorporate those  
11 into that draft document, come back and we visit the  
12 document, and that's never been done.

13 VICE CHAIR EWING-TAYLOR: Okay. So I think  
14 that's where -- sort of where we stand, so I'll let staff  
15 handle that.

16 Okay. This is not an action item, so we will  
17 move on.

18 Now, we had intended that or had hoped, I guess,  
19 that Leo would be here. There are a couple of agenda items  
20 left, only a few, one of which is critical and that he very  
21 much wants to participate in. It's a little early for lunch,  
22 but I'm going to suggest that we go ahead and do agenda Item  
23 3.

24 MR. HAYCOCK: Okay.  
CAPITOL REPORTERS (775)882-5322

1                   VICE CHAIR EWING-TAYLOR: And then we'll break  
2 for some time and hope that Leo can come back before we head  
3 into 10, okay?

4                   MR. HAYCOCK: Okay. All right. So Agenda Item  
5 3, for the record, Damon Haycock.

6                   This is the report, the 2016 report to  
7 participants and stakeholders. It's my understanding this is  
8 provided to the Board every year. I took what I believe  
9 Mr. Wells did in the past and tried to follow somewhat of the  
10 same format. I'm going to go through this and then, of  
11 course, try to answer questions as best I can, but I want to  
12 level set the information here with the exception of one or  
13 two statements that the calendar year are based on a plan  
14 year basis, and that plan year ended June 30th, 2015, and so  
15 I will do my best to answer questions, and I know my staff  
16 will as well, but we're very lucky to have Mr. Wells here,  
17 who can also answer hopefully some questions from the time  
18 that he participated in that plan year.

19                   Obviously, it begins with our mission and vision  
20 and then we talked a little bit about the overview here on  
21 page two. We are in our fifth year of providing Consumer  
22 Driven Health Plan, along side Health Maintenance  
23 Organization for, of course, active employees, non Medicare  
24 retirees while covering Medicare retirees through an  
                  CAPITOL REPORTERS (775)882-5322

1 was a two-month holiday from collecting the subsidies from  
2 the state and that, of course, has -- has some folks  
3 confused, thinking that the state had swept subsidies, but  
4 they had not. We had collected additional reserves in our  
5 account, and those were the state's monies and they passed a  
6 bill to recoup those at the end of the fiscal year.

7           There was also the subsidy provided to retirees  
8 enrolled in Medicare that they could also use that for  
9 Tri-Care and so that as well was a result of the 78th  
10 Legislative Session.

11           Now, here's where you're going to catch me and,  
12 Jim, I'll do it before you do, there's a typo. It should say  
13 regulation not regulators. I have the updated copy that I  
14 will be sending back out again. I'll update it on our  
15 website. It should say regulations. I don't know why I  
16 didn't catch it.

17           But specific regulations we adopted, the  
18 regulations back in April of last year to determine or to  
19 really describe how calculating the subsidies require to be  
20 paid by the local governments for certain retired public  
21 officers and employees, so basically those local governments  
22 would pay the same subsidy as the state does for state  
23 retirees.

24           In the past, it was a dollar amount that was  
          CAPITOL REPORTERS (775)882-5322

1 assessed directly to those or in the subsidy bill, it was a  
2 dollar amount that was interpreted to be assessed to the  
3 local governments, but in essence we charged the state a  
4 percentage of premium, and so we then incorporated and  
5 re-clarified that that percentage should be equal between  
6 state entities and non-state entities to develop parity.

7           The wellness program and a lot of folks have  
8 said, you know, as I've gone around and talked with them,  
9 when are you going to bring back the wellness program? Why  
10 is there no more wellness program? It's a point of  
11 clarification of technicality but wellness did not go away.  
12 It's part of the Affordable Care Act. You get preventative  
13 screenings and tests every year that are at no cost to the  
14 participant per the law. So there is still wellness that  
15 exists at the Public Employees' Benefit Program. What I  
16 believe most folks are referring to is when are we going to  
17 be able to have a subsidy to our premiums or a premium  
18 reduction.

19           But in April, at the April Board meeting last  
20 year, there was an approval for the termination of the  
21 wellness contractor, US Preventative Medicine or USPM and the  
22 cancelled request for proposal for wellness services and so  
23 as of July 1st, that was discontinued.

24           Now let's talk a little bit about contract  
          CAPITOL REPORTERS (775)882-5322

1 awards. So all the way back in September of 2014, PEBP  
2 awarded a new contract for eligibility enrollment system  
3 administration to Mario Chapell.

4 In June of last year, there was a new contract to  
5 Towers Watson OneExchange to continue to provide that  
6 individual market Medicare Exchange and HR administration  
7 services, to, of course, our PEBP Medicare eligible retirees.

8 There were also multiple contract extensions that  
9 were awarded for plan year 2015. Catamaran was given a  
10 one-year extension for Pharmacy Benefits Manager Services  
11 that will expire through June of this year.

12 Additionally, HealthSCOPE's contracts were  
13 extended for multiple years to provide third party  
14 administrator, dental claims administration, voluntary  
15 flexible spending account and the national preferred provider  
16 option or PPO network services.

17 As far as customer service, we received just over  
18 42,000 phone calls in plan year 2015. Our average time to  
19 answer was 18 seconds, and our abandoned call rate was  
20 1.42 percent. Of course, these exceed industry standards, as  
21 you heard from other discussion today, and performance  
22 guarantees that we included in our own vendor contracts.

23 We have also received, this was reported before,  
24 but it's interesting to know, that 1,720 walk-ins during the  
CAPITOL REPORTERS (775)882-5322

1 same period. So we're not just a telephone in a phone bank  
2 and either somewhere in Nevada or in another state across the  
3 country but actually do provide walk-in services to  
4 individuals that come and see us here.

5 We also provide statewide educational sessions  
6 during that plan year regarding the Medicare Exchange and HRA  
7 administration for retirees, as well as HSA and HRA  
8 administration for our employees.

9 So moving on to page five, fiscal year  
10 performance indicators, you'll see that there's a goal and  
11 then there's the actual one and a couple of numbers I will  
12 highlight, the actual expense ratio increased over the goal,  
13 and this is -- the expense ratio measures the efficiency of  
14 PEBP's administration by comparing the administrative costs  
15 to the premium revenue.

16 And the change in the ratio is primarily due to  
17 the fact that we have an increase in expenditures due to our  
18 HCA fees and that actually increased our operating cost by  
19 approximately \$3,000,000.

20 Additionally, the claims loss ratio, the goal was  
21 102.56 and we're at 118.64. What that means is that anything  
22 over 100 is basically your expending reserves. You're not --  
23 you're not taking enough revenue to cover your claims, but  
24 that's exactly how we were set up to burn down those reserves

CAPITOL REPORTERS (775)882-5322

1 over the last few years. So 118.64, it's not alarming, it's  
2 actually doing what it's supposed to do.

3 As Mr. Carr mentioned in his audit that we should  
4 be commended. We're at 82 percent drug utilization. That is  
5 our goal. We kept, again, last plan year.

6 We also had -- we are also above by one percent  
7 in medical in-network utilization and another one percent in  
8 dental in-network, and our appeals have stayed relatively  
9 flat at .1 percent.

10 As far as our program finances, you'll see  
11 another pie chart that shows how we get our cash. We have  
12 premium cash, beginning cash, state subsidy and, of course,  
13 all other. Just as a comparison to last plan year, we  
14 received about 8.3 million dollars less last year. And then  
15 if you look at expenses, they, of course, must meet our  
16 balance budget. We also spent 8.3 million dollars.

17 As far as financial overview, we continue, of  
18 course, to maintain our financial solvency. We're fully  
19 funded and current but not paid reserves for each of the last  
20 12 plan years and, of course, the fully funded catastrophic  
21 reserves for each of the last ten years. So in a nutshell,  
22 this plan is very solvent, and we can maintain that with the  
23 policies and procedures that my predecessor and this Board  
24 has produced over the last decade.

CAPITOL REPORTERS (775)882-5322

1           As of the end of June 30th, 2015, we had 52.2  
2 millions dollars in the program above those that were  
3 required reserve levels on our budgetary basis. Those are  
4 essentially known as our excess reserves. To give an  
5 example, at the end of plan year '14, that number was 74.4  
6 million. So we reduced those by to 22.2 millions dollars of  
7 plan year '15, and that's, of course, as of 6 or June 30th,  
8 2015. And as of today, if we just stopped everything we're  
9 doing right now, we were at 36.4, and so we are continuing to  
10 expend those down based on the policy decisions of this  
11 Board.

12           We derive our revenue, again, from state  
13 subsidies, contributions and carry forwards, and we only  
14 spend our program revenues on program expenses, self-funded  
15 administration, claims and health savings account and health  
16 reimbursement or HRA contributions, and fully insured  
17 premiums and agency operations are at that two percent.

18           One of the interesting notes, and I don't -- I  
19 think it's at the end of June 30th, so I think it still  
20 applies, that we asked our consultants to come up with what  
21 is our MLR, our medical loss ratio, and they said the number  
22 I got back for, I believe it's accurate for the end of  
23 June 30th or the end of last plan year was 97.1 percent.

24           And so not to get into a huge discussion on MLR  
          CAPITOL REPORTERS (775)882-5322

1 or medical loss ratio, but it's supposed to be indicative of  
2 how the revenues are put towards claims and claims associated  
3 expenses. The higher the number the more money you're paying  
4 towards claims, the more money you're providing directly back  
5 to the participants. The lower number the more money the  
6 plan is keeping in-house.

7           Traditional fully insured plans may, so if you're  
8 here as a fully insured plan, you can fill this out later but  
9 may keep funding outside of that to do things like marketing  
10 or advertising or any of their operating costs that did not  
11 go directly back into claims or payments or the support of  
12 those claims.

13           And so the Affordable Care Act requires large  
14 groups to have an MLR of at least of 85 percent. We're at  
15 97.1. And on a very quick look at the centers for Medicare  
16 and Medicaid services, as we are compared to other health  
17 plans in the state, many of our health plans in the state,  
18 and I won't call them out specifically, are in the low 90s,  
19 and so that basically says that we are somewhere between five  
20 and seven percent more efficient than our next best  
21 alternative if we were to go today and be fully and shift all  
22 of our folks to go into the fully insured model. So we are  
23 very definitely good stewards of state dollars and  
24 participant premiums.

CAPITOL REPORTERS (775)882-5322

1           Finally, and I think we talked a little bit about  
2 reserve utilization on page seven. As we all know, we have  
3 continued to provide the same enhanced benefit design. In  
4 November of 2014, the Board approved that plan benefit design  
5 which included the continuation of the decrease to the  
6 Consumer Driven Health Plan deductibles, the increase to the  
7 co-insurance rates, the one annual vision screening for free.

8           I know we talked about that earlier. If you  
9 don't know, you can go get your one annual screening for free  
10 on your vision benefit through the Consumer Driven Health  
11 Plan. The increased dental annual maximums, the increase  
12 basic group life insurance benefit, the additional HSA and  
13 HRA contributions and the Medicare Part B premium credits,  
14 all of those were, again, approved at this November or 2015's  
15 meeting, as well. So it's staying the course. It's  
16 continued to provide those enhanced benefits because we  
17 continue to burn down excess reserves.

18           Future challenges, I left this in here, I know  
19 people are probably tired of me saying this. The ACA excise  
20 tax, just because it was delayed doesn't mean it's going  
21 away. We hope it does. I'm sure all health plans across the  
22 nation do that, provide this large group of health insurance.  
23 You know, it was passed in 2010, and it was supposed to put a  
24 40 percent tax on all health plan total premium costs owe

CAPITOL REPORTERS (775)882-5322

1 certain thresholds.

2 We were looking at potentially a million dollar  
3 liability had we made no changes for the beginning of 2018  
4 when it was supposed to go into effect. The fact that it has  
5 been pushed down the road to 2020 buys us time and gives  
6 everyone the opportunity to continue to plan for it, but I  
7 would imagine the worst time to plan for it is the November  
8 meeting at the -- in 2019 for 2020 implementation.

9 So it's something that I think we still need to  
10 look at and make sure that thresholds for our health plan,  
11 whether it's the ones we offer our Consumer Driven Health  
12 Plan are for those that we contract with our HMO plan,  
13 recognize that this tax is there and what are the mitigation  
14 strategies to insure? We don't pass this undue burden to our  
15 participants and to the state and any other entity that  
16 provides these subsidies to offset the cost.

17 So, finally, projected complete reduction of  
18 excess reserves, you know, it depends on who you talk to.  
19 Everyone has a different opinion. Eventually we are going to  
20 run out, as you saw from 2014 and 2015 the drop 22 point I  
21 think it said two million dollars, and I don't want you to  
22 necessarily hone in on 36.4 million. We're not sure until  
23 the end of year where we're going to be, but we are spending  
24 those -- those excess reserves down, and those are being put

CAPITOL REPORTERS (775)882-5322

1 directly back into benefit design, and there needs to be a  
2 decision, whether it's this year, next year, two years from  
3 now, however long it takes to get those excess reserves back  
4 into something that is more appropriate.

5           What do we do then when that drop off hits and  
6 you have an enhanced benefit design or maybe it won't be  
7 considered enhanced at the time. It will be considered  
8 standard, but you have a benefit design that you can't  
9 maintain. You can't maintain long term sustainability, and  
10 then how do we relay that to the participants that we knew it  
11 was coming but we just -- we rode this train as far as we  
12 could and we went off the cliff, and I guarantee that's not  
13 what anybody wants to do.

14           So with that, I'll go ahead and end the state of  
15 business and do my best to answer for that previous plan year  
16 and hope you found this helpful.

17           VICE CHAIR EWING-TAYLOR: Thank you, Damon.

18           Any comments or questions for Damon from the  
19 Board?

20           MEMBER COCHRAN: Madam Chair?

21           VICE CHAIR EWING-TAYLOR: Yes, Chris, go ahead.

22           MEMBER COCHRAN: Chris Cochran for the record.

23           I'm going to ask my strategic plan committee  
24 members for their memory of this, but I believe we had in our  
                  CAPITOL REPORTERS (775)882-5322

1 strategic plan changed the mission for PEBP. The current  
2 mission statement as stated in this plan I don't believe  
3 reflects what we had proposed. And if they were adopted in  
4 September, I think that that mission needs to be accurately  
5 reflected. If that mission that we did for the strategic  
6 plan is intended to be strictly for the strategic plan, then  
7 I'll be -- then I stand corrected on that.

8           The other issue regards the expenditures that  
9 we're hitting at about 97 percent which is, you know, is on  
10 the surface an excellent -- an excellent goal in recognizing  
11 what the ACA requires. And I'm -- there's no proposal here  
12 but I think one of the things, you know, that we need to be  
13 looking at our reserves and how long we can keep our reserves  
14 or if we need to at least maintain reserves at a level that  
15 we're comfortable with where we may want to look at that, at  
16 that ratio in terms of what we're paying out in terms of what  
17 we're paying out to what we're taking in.

18           I don't know that that would be something that  
19 our members would actually want us to do or even if the  
20 legislature would be on board with that, but it is something  
21 worth considering if we look at the private sector market,  
22 and that's the end of my information.

23           But if there are any other Board members who are  
24 on the committee, and Rosalie has stepped out, who are on  
                  CAPITOL REPORTERS (775)882-5322

1 that strategic planning committee to jog the memory about the  
2 mission, that can be confirmed or not.

3 VICE CHAIR EWING-TAYLOR: Thanks, Chris.

4 Bob, did you or Anna want to respond to that?

5 MEMBER MOORE: It's my recollection it was  
6 significant change to the draft document that was submitted.  
7 I don't remember if the mission statement, Chris, was a part  
8 of that significant change, but that was the reason we were  
9 supposed to, you know, throw it in the hopper, mix it up and  
10 bring it back so we could get the entire document. That  
11 hasn't happened.

12 MEMBER COCHRAN: Well, I went back and looked at  
13 it yesterday. I'm sorry, this is Chris Cochran, for the  
14 record again.

15 I went back and looked at it yesterday. The  
16 language was a little bit different so I would like -- that's  
17 our private secret entrance here so bear with us for just a  
18 second.

19 Our -- so I will after the meeting confirm this  
20 as well but if we're going to -- if we did make that change,  
21 then I would like Damon's report to reflect -- to reflect  
22 that change in the mission.

23 VICE CHAIR EWING-TAYLOR: Okay. Chris, I think  
24 we can do that, and that will be part of the ongoing  
CAPITOL REPORTERS (775)882-5322

1 conversation that we're going to have finalize the work that  
2 your committee did.

3 MR. HAYCOCK: Yes, for the record, Damon Haycock.

4 Thank you, Dr. Cochran. I struggled -- I'll be  
5 honest with you. I struggled with the time frame of  
6 information as to what should be in this report. I always  
7 want to share the most recent and current information up to  
8 the date that I have it. However, you know, a lot of reports  
9 are done from a certain time frame, whether it be a fiscal  
10 year basis or from a calendar year basis, and I agree with  
11 you. You know, I'm looking at it right here and there was  
12 some changes to that mission, and I have no problems changing  
13 that in this report.

14 The reason I chose the older version is because  
15 from my understanding of this process, this was supposed to  
16 show plan year '15 and during plan year '15, we hadn't met  
17 yet to change that mission, so I used the older one, but I  
18 have no problem whatsoever getting this changed and resending  
19 it out with a new mission statement if that is what the Board  
20 would like.

21 VICE CHAIR EWING-TAYLOR: Any other comments or  
22 questions from the Board for Damon?

23 MEMBER MOORE: Madam Chair?

24 VICE CHAIR EWING-TAYLOR: Bob, go ahead.  
CAPITOL REPORTERS (775)882-5322

1 MEMBER MOORE: For the record, Bob Moore.

2 Page six, Mr. Haycock, math was never my strong  
3 suit, arithmetic was even worse. I'm looking at your pie  
4 chart here. I'm seeing self-funded administration, two  
5 percent, 9.075 million. Do you see it?

6 MR. HAYCOCK: Yes, sir.

7 MEMBER MOORE: Right underneath that I see  
8 self-funded administration, ten percent, 9.05 million.

9 MR. HAYCOCK: I will fix that, sir.

10 MEMBER MOORE: Okay. So I hit a home run. There  
11 is a problem there?

12 MR. HAYCOCK: Yeah, I can't imagine ever there  
13 being two pie charts the same size with the same dollar  
14 amount. Let me address that.

15 MEMBER MOORE: Then I'm seeing operations over  
16 here, two percent or 8.413 million.

17 MR HAYCOCK: And those are the numbers, my  
18 understanding, and unfortunately I am going to punt this, and  
19 I'm sorry, but these were the numbers that I was -- that I  
20 was told worked for fiscal year '15. And so, again, the  
21 admin ones are I'm sure a typo. Operations I believe are  
22 still at 8.4. If I could look over to my CFO here, if you  
23 could confirm that those were indeed the actual numbers. I  
24 know, right, you didn't walk in here with your --

CAPITOL REPORTERS (775)882-5322

1 MS. GLOVER: This is Celestena Glover for the  
2 record. I will have to go back. These are not my original  
3 charts, so I'll need to go back and see if there was a change  
4 from what I originally submitted to what actually ended up in  
5 the report.

6 MEMBER MOORE: I'm seeing operation, 8.4.3  
7 million and then self-administration -- self-funded  
8 administration at 9.075 million and add them up, I get  
9 22,000,430. Add that to self-funded claims, 159,000,000,  
10 gives me a total of 181,000,000 so that gives me an MLR of  
11 12.4 percent. The MLR, go to the top of that but  
12 12.4 percent which is a touch different than the three  
13 percent I represented.

14 MS. GLOVER: Can I take that, Damon?

15 MEMBER MOORE: Unless I screwed it up, which is  
16 entirely possible.

17 MS. GLOVER: This is Celestena Glover for the  
18 record.

19 So when we determine our administrative as  
20 opposed to claims cost, the operations is our salary IT  
21 assessment we pay the state, so that would be in the  
22 operations cost. That typically is around two percent. The  
23 self-funded admin cost, those are the costs we pay for TPA  
24 services PBM and they are generally included as part of our  
CAPITOL REPORTERS (775)882-5322

1 claims total, so we actually look at those as two.

2 MEMBER MOORE: In the real live world, that's the  
3 cost of doing business. So those are called retention in the  
4 real life world. It's not a claims cost. So trust me on  
5 this one, your cost of doing business is about 12.3,  
6 12.4 percent, something in that neighborhood.

7 VICE CHAIR EWING-TAYLOR: Mr. Wells?

8 MEMBER WELLS: Not exactly.

9 MEMBER MOORE: Precisely.

10 MEMBER WELLS: For us you have to include the  
11 fully insured product in.

12 MEMBER MOORE: I excluded that.

13 MEMBER WELLS: But you can't. It's part of what  
14 we pay. That's part of what we pay out to buy insurance for  
15 a large block of our membership. If you don't want to do  
16 that, then you have to subtract out certain parts of the  
17 administration.

18 MEMBER MOORE: If you wanted to do that,  
19 Mr. Wells, you look at the fully insured cost of 100, I can't  
20 read that.

21 MEMBER SAIZ: 113.

22 MEMBER MOORE: 113,000,000, you peel out their  
23 retention, their cost of doing business which would include  
24 premium taxes, rent, power, phone, salaries and all of that  
CAPITOL REPORTERS (775)882-5322

1 stuff.

2 MEMBER WELLS: But part of those costs that you  
3 referred to in self-funded administration and operations  
4 relate to costs that are associated with the people who are  
5 in fully insured plans.

6 MEMBER MOORE: Okay. I'll buy that.

7 MEMBER WELLS: But you would have to reduce yours  
8 under the administration and operations and come up with --

9 VICE CHAIR EWING-TAYLOR: Bob, she can only take  
10 one at a time.

11 MEMBER MOORE: But she has two hands. I  
12 apologize. If you're -- we won't belabor the point. But if  
13 you want to throw the entire in the bucket, you would look at  
14 the self-insured retention and fully insured retention to get  
15 your total cost of doing business which is a far crime from  
16 three percent. That's my point. It's not worth belaboring  
17 the issue.

18 VICE CHAIR EWING-TAYLOR: You two can have lunch  
19 and hash it out.

20 MEMBER WELLS: Again, Madam Chair?

21 VICE CHAIR EWING-TAYLOR: Go ahead.

22 MEMBER WELLS: On the table on page five, there's  
23 a similar problem between premium cash and all other. You  
24 pick up wrong fields out of your table to create your graph.

CAPITOL REPORTERS (775)882-5322

1 MR. HAYCOCK: Yes.

2 MEMBER MOORE: Oh, yeah, I see it.

3 MR. HAYCOCK: We will do a complete -- Damon  
4 Haycock for the record.

5 We will do a complete relook at our pictures to  
6 make sure they are accurate, the numbers, we don't want to  
7 misrepresent as the state of business, and we'll make sure  
8 that that gets done by the end of this week, and we'll resend  
9 it out and repost it.

10 VICE CHAIR EWING-TAYLOR: Anything else, Jim?

11 MEMBER WELLS: No.

12 VICE CHAIR EWING-TAYLOR: Chris, Rosalie,  
13 anything from Las Vegas?

14 MEMBER COCHRAN: No, we're good. Thank you.

15 VICE CHAIR EWING-TAYLOR: Okay, thanks. If  
16 there's nothing further up here, okay, then I think --  
17 Stephanie, how much time do you need, do you  
18 think?

19 MS. MESSIER: Madam Chair, I can go as slow or  
20 fast as you need. I don't feel like there's anything earth  
21 shattering that we would need to spend a lot of time on. I  
22 would say 15 minutes is probably sufficient.

23 VICE CHAIR EWING-TAYLOR: Okay. Why don't we go  
24 ahead and do Agenda Item 7 then, and then we'll take a break  
CAPITOL REPORTERS (775)882-5322

1 for lunch.

2 MS. MESSIER: Okay, sounds good.

3 VICE CHAIR EWING-TAYLOR: Whenever you're ready.

4 Thank you, Madam Dr. Vice Chair. Did I get that  
5 correct? And I do apologize, it looks like we are without a  
6 computer, so we won't be able to put anything up on the  
7 screen, but it should all be in your packets, and I will try  
8 to bless our court reporter by not going too fast through a  
9 bunch of numbers. I know I've done that to you in the past,  
10 and I do apologize.

11 So very similar to last year, we are here.  
12 Everybody is excited about rates and I know that, but here we  
13 are to talk about trend which is what we will use to set  
14 rates and that will be coming to you in the March meeting.

15 Starting with very much similar to last year,  
16 we're going to go through what your historical trend has  
17 looked like, both from a medical, pharmacy perspective, as  
18 well as dental, different plan designs changes that you have  
19 made that has impacted those rates over time, as well as  
20 trying to compare how has PEBP done versus other published  
21 trend numbers, just to give you a good look at your plan  
22 versus others, as well as the S&P National and Nevada  
23 specific results.

24 As well as we did try to appease the Board by  
CAPITOL REPORTERS (775)882-5322

1 trying to give you a sneak peak of what rates could  
2 potentially look like. But, again, it's early, and we would  
3 like to have more data. The more experience we have for you  
4 the better. The less I have to move your plan experience  
5 forward by trend the better. So, again, it's a very early  
6 look, and please keep that in mind.

7 Moving on to slide four, I think we're all fairly  
8 much aware of what the changes that have been made but as we  
9 are looking at your historical trends, you will remember plan  
10 year '14. There was increased funding into the HSA, HRA.  
11 Plan year '15 had the more significant plan changes. The  
12 benefit plans were enriched both on the medical and dental  
13 side. I don't know that I need to get into the specifics  
14 there. They were all very aware of the changes.

15 Slide five, here is your medical, pharmacy and  
16 dental plans combined. I did want to make a change this year  
17 from what you've seen in the past. We are adding what we  
18 really consider to be the expected trends. You'll notice in  
19 that last set of bar graphs a new number that popped up in  
20 the middle.

21 And, basically, that is -- we know that you made  
22 some plan design changes and so while we may have used a  
23 three percent trend number for medical that year and  
24 pharmacy, and dental brought it down to 2.9, we did not

CAPITOL REPORTERS (775)882-5322

1 expect that to happen. The Board made that decision that  
2 year to go with a three percent trend rate as part of the  
3 reserve burn down. Six percent was the recommendation.

4 So our expectation was that trends would go up by  
5 six percent plus the benefits were enriched by 2.6,  
6 2.8 percent. That's why we were saying our expected number  
7 for that year was 8.8 percent. In total, the plan came in at  
8 9.8 so it did come in above expectations, but we certainly  
9 did not expect that three percent trend number that you're  
10 seeing on the first one, but that is what was put into  
11 pricing again to burn down reserves. So I just wanted to get  
12 that extra clarification.

13 Any questions on that before I move on? Okay.  
14 Vegas is okay?

15 The next slide is for your medical separated out.  
16 So, again, you're seeing that three percent trend number.  
17 The expectation was actually 8.4. You came in slightly  
18 higher at nine percent. For those of you that are wondering  
19 what is in the current plan year rates, we had used five  
20 percent for the state and seven percent for non-state and,  
21 again, that was to 50 percent high, 50 percent chance of  
22 being low. As an actuary, I prefer not to be 50/50, but I  
23 totally understand the Board and things that have happened in  
24 the past and the need to be at 50/50.

CAPITOL REPORTERS (775)882-5322

1           So we will see as the plan is continuing to merge  
2 how we're doing so far in the current year. This is all very  
3 much a historical look, and so we're really just talking  
4 about how your results came in through June 30th of 2015,  
5 slightly higher than expectation and higher than all of us  
6 put into pricing. So that's important to keep in mind as we  
7 have experience roll into the rates, we only expected them to  
8 move forward at three to burn off reserves. At some point,  
9 we have to do that catch up game and it's coming at some  
10 point when the excess reserves are gone.

11           Any questions? I do apologize. I try not to  
12 speak too quickly.

13           Okay. Next page is pharmacy, slide seven.  
14 Similar numbers here, pharmacy has definitely seen some  
15 significant double digit trend numbers. It's important to  
16 keep in mind prior to that, you saw some very significant  
17 negative numbers. So your plan was seeing a lot of  
18 volatility on the pharmacy side. So I'm not overly concerned  
19 that you had close to 20 percent in plan year '14.

20           I do think you kind of see the shift sort of the  
21 settling in, and most recently you saw an 11 percent trend  
22 rate. Clearly, we saw a lot of those block buster drugs come  
23 through last year, particularly in the specialty arena, Pepsi  
24 drugs most notably, so you did see an 11 percent trend versus  
CAPITOL REPORTERS (775)882-5322

1 the 8.4 percent that was put into pricing.

2 Okay. Moving on to dental, where it's a little  
3 bit more of a rainbow here, the request has been of us that  
4 we also report for you not just your total actual trend,  
5 which is going to be your middle bar, but they want us to  
6 break out for you your active 365 versus those that are on  
7 the Medicare Exchange able to buy into your dental plan.

8 So that is why the middle one is what you're  
9 typically seeing on the prior slide as being on the last as  
10 your actual. It's really just breaking out that actual into  
11 how are the active group doing, 365 versus the Medicare  
12 Exchange folks.

13 So most recently, Medicare Exchange folks are a  
14 little bit worse but not significantly than your active 365  
15 population. And historically in plan year '13 and in plan  
16 year '14, they were performing better than your active 365  
17 group.

18 And you will notice here, there's a lot of  
19 volatility on these graphs. This is the plan design changes  
20 that have been made. The plan was enriched. The plan was  
21 reduced. The plan was re-enriched. That lifetime or not  
22 lifetime, the annual max is definitely swinging by 11 percent  
23 with an 11 percent enrichment that you're seeing come through  
24 in your experience.

Questions?

Moving on to slide nine, this is where we are showing how PEBP has done and in the orange bar, the very far right of the different colors on the graph, that is how PEBP has done. And the prior colors are really showing different consulting houses and what they have been reporting, as well as Kaiser and Price Waterhouse Cooper in terms of overall net trends, post plan design changes.

You will notice that PEBP is definitely moving in an opposite direction perhaps as other folks out there. A lot people have been trying to take plan design changes to reduce costs whereas PEBP has been in the fortunate position of excess reserves and has been able to enrich plans which does drive that higher trend rate which we have seen in the more recent plan year of the 9.3 percent in that third year.

If we take a three-year average rate, you are definitely still coming in lower, but I would expect -- if I was sitting here at this time next year, you're probably going to see another higher year coming in for the most current plan year that we're currently in because again the benefits have been enriched. People are seeing more care than other carriers or, excuse me, other employers or benefits are being reduced and utilization is coming down, as well as plan costs because they are making plan design

CAPITOL REPORTERS (775)882-5322

1 changes to take benefits reductions.

2 Any questions on this one?

3 Okay. On slide ten, we had introduced this slide  
4 to you last year. The S&P is now doing medical and pharmacy  
5 indexing trends, so they combine those two products together.  
6 So you will notice from some of the other slides, I am taking  
7 out your dental. This is just your medical and pharmacy so  
8 it's on a comparison basis.

9 The blue line is a national trend rate and it's  
10 been somewhat more stable over the last three years than what  
11 you've seen here in Nevada, which is the darker trend line on  
12 the bottom. It's kind of seeing more valleys and peaks than  
13 what we're seeing on a national basis.

14 Most important to note here, when we were sitting  
15 here at this time last year, it looks like Nevada was kind of  
16 on a downward movement again, away from national trends, and  
17 right now it looks like it's starting to merge up to the  
18 national level, so just something else that you're going to  
19 see in your economy here in Nevada and something to keep in  
20 mind as we're going forward into this new plan year.

21 And the box on the right is just giving you those  
22 numbers. Basically, those are as of fiscal year. Those are  
23 going to be June 30th if you're trying to match them to the  
24 graph. And at the top, I just wanted to give you how many

CAPITOL REPORTERS (775)882-5322

1 lives are in there so you are aware.

2 Moving on to probably the most important slide  
3 besides the final one, what does this mean for the upcoming  
4 rates and the upcoming Board meeting that we'll be discussing  
5 those rates. Currently our client base is indicating a trend  
6 rate of seven and a half percent for policy year '17. A lot  
7 of insurance carrier surveys are saying they are using  
8 anywhere between six and a half to eight, so they are coming  
9 in about a 7.3 percent average.

10 Here is your six over six trends, and you're 12  
11 over 12. So six over six is taking, like, let's say January  
12 to June over the prior January to June. The 12 months is  
13 obviously a running 12-month average in claims, and you'll  
14 see most recently the six-month is kind of taken a little bit  
15 of a dip. Your 12 percent is still slightly on the rise  
16 here. So definitely movement is going north and not south.  
17 You're not seeing decreasing trends, as you would expect as  
18 enriching plan design.

19 So I know it's a large range but currently what  
20 I'm projecting for your trend when I'm setting your rates  
21 here in the next month, medical, pharmacy will be somewhere  
22 in the six to nine percent range, and dental will be two to  
23 four percent. Last year we used two percent for dental.  
24 This year, it looks like a slightly higher rate, probably  
CAPITOL REPORTERS (775)882-5322

1 closer to the three, possibly as high as the four. And,  
2 again, this was also done before we knew anything about what  
3 if there would be a loss of the SHO Network or not and  
4 certainly if that happens, I'll need to include that in the  
5 pricing. That's going to be something that's above trend  
6 that would be added to the expectation.

7           Similarly, if you have a new PBM coming on, which  
8 I think that one is still a go, if there's any sort of cost  
9 savings, that will be factored in as well, but it's not part  
10 of the trend. Again, I'm going to take your experience, move  
11 that forward and then make any kind of adjustments similar to  
12 what we do when we take your 1,500 dollar plan design  
13 experience and then we move it to that 1,900, so there's  
14 still that shift that we caused to make sure you're burning  
15 through the excess reserves that you still have. So those  
16 are the sorts of things we'll be doing again to try to  
17 incorporate the additional cost savings that you may be  
18 seeing from those RFP's.

19           Then to put some hard numbers, I know Mr. Moore  
20 usually asks us for these type of numbers, so we added in a  
21 slide here at the end. Typically, we just do the base rate  
22 and Tina will add on the admin cost and those things. So  
23 we've incorporated Tina's spreadsheets here to try to say if  
24 we would just move forward today's base rates by nine

CAPITOL REPORTERS (775)882-5322

1 percent, this does not include any kind of updated  
2 experience. As you remember from the first slide, your  
3 experience ran higher than what we priced for. So when I  
4 true up your experience and then move that forward by the  
5 trend, it could potentially be a number larger than nine just  
6 because if the experience ran six percent higher previously  
7 than we put in, I have to true that up as I put in  
8 experience.

9 The same thing happens when I put in experience  
10 runs well, that true up happens, and I bring the experience  
11 brings your rates down. And, again, loss of SHO Network,  
12 other things is not included here. This is just a move base  
13 rate forward nine percent number.

14 VICE CHAIR EWING-TAYLOR: Okay. Stephanie, good  
15 job, 12 minutes.

16 MS. MESSIER: Was it less than 15?

17 No questions.

18 VICE CHAIR EWING-TAYLOR: I'm sure Bob has a  
19 question.

20 Bob, go ahead.

21 And then, Jim, did you have some?

22 MEMBER MOORE: Thank you, Madam Chair. For the  
23 record Bob Moore.

24 A couple of questions and a comment. The hardest  
CAPITOL REPORTERS (775)882-5322

1 thing for plan participants to understand, and I certainly  
2 sympathize with this, is conveying the concept that if your  
3 medical market basket next year is identical to what it was  
4 last year, your costs are going to go up nine percent and  
5 it's just -- it's just a tough concept to sell and it's just  
6 -- it's like explaining gravity. You know, it's just because  
7 and it's a tough sale. It's tough to understand, and it's a  
8 tough pill to swallow to our membership. I apologize, but  
9 that's just the way it is. I can't explain gravity either.

10 So having said that, your note at the bottom of  
11 the page, if -- that assumes that we don't lose the SHO  
12 Network, if you lost the SHO Network and went to another  
13 network, whether it be Anthem or HHP, I understand is the  
14 network down there, or, you know, somebody, Fred's Auto Body  
15 and pizza shop probably has a network, do you know what  
16 impact that might have notwithstanding Fred's Auto Body? How  
17 would SHO compare to Anthem or HHP's network?

18 MS. MESSIER: So based on market information that  
19 I have received, I would say there is a significant gap in  
20 the discount that the SHO Network has been able to get  
21 because they have been in existence for a while, and that's  
22 my understanding. So I feel like it's significant enough and  
23 I know some numbers we floated out in the fall, I'm going to  
24 give you a wide range, but it would be I think between seven

CAPITOL REPORTERS (775)882-5322

1 and 17.

2 MEMBER MOORE: Dollars or percent?

3 MS. MESSIER: Percent.

4 MEMBER MOORE: Okay. So in your judgment, SHO's  
5 Network is considerably more aggressive and robust than  
6 perhaps Anthem or?

7 MS. MESSIER: Yes, that is my currently  
8 understanding. I would definitely recommend like a discount  
9 analysis or perhaps HealthSCOPE Benefits would have some data  
10 that can substantiate that percentage, but that is my current  
11 market understanding. That's the range we're looking at.  
12 And, again, not all claims are hitting that SHO Network in  
13 the south but of those that are, that's kind of last year  
14 potentially looking at.

15 MR. MOORE: Page 12, if I might, I'm looking at  
16 the state non meds care retirees, let's look at the '17  
17 rates, the crystal ball rates, six to 18.

18 MS. MESSIER: Yes.

19 MEMBER MOORE: And the non-state non Medicare, of  
20 1028, that assumes not quite but almost double. Does their  
21 claims experience indicate that their claims experience is  
22 almost double?

23 MS. MESSIER: So I would say their claims  
24 experience on a PEPM basis is nearly double. However, in  
CAPITOL REPORTERS (775)882-5322

1 most recent years as they have continued to have attrition in  
2 that closed group, they are moving forward at a lower trend  
3 rate most recently. They are definitely a non-credible group  
4 because of the size. But on a PEPM basis, what I'm seeing is  
5 that they are still, in fact, more expensive. It may not be  
6 as much as two times currently, but they have certainly been  
7 that historically.

8 MEMBER MOORE: That's what I was looking for.  
9 The group is not credible.

10 MS. MESSIER: Absolutely.

11 MEMBER MOORE: Number two, looking at the  
12 financial reports back in the consent agenda, it looks like  
13 their claims experience is running about 15 percent, roughly  
14 plus or minus higher than the state nonmedical, certainly not  
15 double but, nevertheless, it's not a credible group anyway so  
16 the discussion is up to them.

17 MS. MESSIER: Right.

18 MEMBER MOORE: Great. Thank you.

19 MS. MESSIER: That's correct.

20 VICE CHAIR EWING-TAYLOR: Any other comments or  
21 questions for Stephanie?

22 MR. HAYCOCK: So for the record, Damon Haycock.  
23 I've been approached before after presentations like these.  
24 People telling me why are we doing this and why are we doing  
CAPITOL REPORTERS (775)882-5322

1 that. I want to reiterate that the rate table that is on  
2 page 12 is not the end all be all. Don't expect that to be  
3 your end rate. Please don't go home and think that we're  
4 here trying to raise rates \$37.38 for state employees and  
5 \$71.22 for non-state retirees.

6 You know, this is just -- this is part one of a  
7 multi part exercise that lands on a rate that this Board will  
8 pick in March, and so please don't be fixated on these  
9 numbers, and I get a call again from another reporter saying  
10 why are you raising rates. So please recognize that this is  
11 part of the process, and we're here to -- the most important  
12 -- and maybe I'm stepping -- I think the most important part  
13 is to understand that our trend is increasing, and that we  
14 need to be cognizant of it and that's what I want to say.  
15 Thank you.

16 VICE CHAIR EWING-TAYLOR: Thanks, Damon, and I do  
17 think that's a good caution for everyone. These are by no  
18 means our rates. They are not going to be our rates. They  
19 are not intended to be our rates. It's information, and it's  
20 valuable information that we have, and that we will be  
21 getting up to the point where we actually do have set rates  
22 which won't be these one more time.

23 Okay. We have reached the witching hour. We are  
24 going to make an attempt to find our Board Chair so that we  
CAPITOL REPORTERS (775)882-5322

1 can address final and the probably most significant agenda  
2 item that we have today which is Agenda Item 10. So I would  
3 like to break until 1:00 o'clock and at that point, whoever  
4 shows up, we're going to do Agenda Item 10.

5 So we'll see everybody back here at 1:00.

6 (Whereupon, a lunch recess was taken.)

7 CHAIRMAN DROZDOFF: Good afternoon everyone. How  
8 was your morning?

9 I certainly appreciate Jacque and the Board  
10 getting through the bulk of the agenda, and I think we have  
11 just a couple of fun ones left.

12 So I think as was explained with regard to Agenda  
13 Item 10, I think it's fair to say that there have been  
14 various levels of questions or concerns associated with the  
15 HMO RFP. I believe we made the point this morning that we  
16 would take public comment specifically on this item, and the  
17 way we're going to go about that is we're going to get a  
18 presentation from Damon and from Jeff Haag, head of  
19 purchasing, that can talk a little bit about their  
20 perspectives and their experience through this process and,  
21 you know, hopefully their candid assessment on concerns.  
22 Then we'll take public comment, and then we'll treat the  
23 agenda item as we would any other.

24 Does that make sense?

CAPITOL REPORTERS (775)882-5322

1                   So, Damon, I'll turn it over to you, and then  
2 we'll let Jeff chime in.

3                   MR. HAYCOCK: Thank you, Mr. Chair. This is  
4 Damon Haycock for the record.

5                   This agenda item, as Mr. Chair mentioned, is on  
6 HMO or Health Maintenance Organization contract  
7 considerations. It's intended to provide the Board here and  
8 the public information and, of course, a recommendation to  
9 reconsider the contract selection that was made by this body  
10 on January 12th, 2016, at the last Board meeting.

11                   I'm going to briefly go over the background and  
12 not necessarily read the entire report, but back in May of  
13 last year and my understanding traditionally at the May Board  
14 meeting, the upcoming contract discussion is brought to the  
15 Board. The scope of work or the notification of which RFP's  
16 that will be released are brought for Board approval and then  
17 staff take that information back and develop those requests  
18 for proposals and go through that process that's outlined in  
19 NRS 333 and the Board's duties, policies and procedures.

20                   Some key information that was in the report that  
21 was provided to the Board just for reference, there was three  
22 statements that I want to key in on. PEBP's preference is to  
23 be able to contract for HMO services on at a least statewide,  
24 parentheses, Nevada basis.

CAPITOL REPORTERS (775)882-5322

1           Two, the proposals may include one Nevada  
2     statewide vendor or separate vendor proposals covering  
3     specific Nevada geographical areas or joint venture between  
4     multiple vendors. And three vendors are encouraged to submit  
5     creative solutions regarding plan design to compliment to  
6     PEBP and state of Nevada's current budget constraints.

7           The Board approved the recommendation, and we  
8     moved forward with the RFP now known as RFP 3202 was  
9     initially released on September 8th of last year, and it did  
10    include a little bit of revised language to it. There was a  
11    statement added that said that however regional proposals  
12    will be considered to that first statement that I just  
13    mentioned, I think that continues to support the original  
14    intent that was brought to the Board.

15           On November 19th, PEBP provided the Board with a  
16    report that requested the elimination of the second level  
17    review process, citing that there was some potential  
18    drawbacks. There was a potential for delays, that it also  
19    may devalue the original RFP committee's recommendations and  
20    that if we were to include additional support by Board  
21    members, it may be more appropriate to have more Board  
22    members on those RFP committee evaluation teams.

23           The request made to the Board was to have no more  
24    than five Board members to ensure we don't break any open  
          CAPITOL REPORTERS (775)882-5322

1 meeting laws. However, the motion that was approved by the  
2 Board was that a minimum of two no more than five would be  
3 included.

4           Unfortunately, the very next day is when the RFP  
5 committee was to meet and evaluate the HMO proposals and so  
6 there wasn't enough time to designate a second Board member,  
7 as well as to provide them with the appropriate amount of  
8 time to read the proposals to be able to appropriately  
9 evaluate that process. So this was potentially a one and  
10 done or one time option for the Board to do a second level  
11 review until they met and decided again if they wanted to  
12 reinstitute them.

13           The evaluation committee, again, like I said,  
14 mentioned on November 20th and then they scored the various  
15 proposals based on evaluation criteria, and I'll get into a  
16 little bit more of that later.

17           On December 7th, the Board met to perform the  
18 second level review, and there was a few hiccups, as we all  
19 remember, and they could not perform the entirety of that  
20 review, and so there was still the opportunity to hear  
21 presentations by the four vendors, and they came up here and  
22 provided those, and purchasing instructed the Board and PEBP  
23 to ensure that those were created for the next period, as  
24 well as the complete review of the RFP submissions.

CAPITOL REPORTERS (775)882-5322

1           On January 12th, the Board met, reviewed the  
2 proposals. Each vendor was scored against preselected  
3 criteria and, of course, an overall score was tabulated by  
4 purchasing at the meeting. The Board then made a motion.  
5 They discussed the vendors and a vote occurred which resulted  
6 in Anthem receiving the statewide HMO selection.

7           There was a caveat that the proposed rates would  
8 be reduced to an acceptable level or negotiated down during  
9 contract negotiations.

10           However, Hometown Health did receive the highest  
11 overall tabulated score, but the decision to utilize a  
12 statewide vendor meant that Hometown Health Plan would not be  
13 selected as they did not provide a statewide proposal.

14           So a little bit about the Board second level  
15 reviews, I think you heard this in the last couple of Board  
16 meetings, but NRS 287.04345 does outline this process where  
17 the Board shall review recommendations for awarding based on  
18 a series of items.

19           One of them, of course, and I believe it was  
20 Ms. Bruchette from purchasing who went over the process at  
21 the January meeting, went in order to disclose the review by  
22 the Board the vendors' proposals, who scored the highest,  
23 specifying the criteria it will use to evaluate the high  
24 scoring proposals.

CAPITOL REPORTERS (775)882-5322

1 passed that section equally. It's a pass, fail. But as far  
2 as the other criteria, there was a potential for confusion,  
3 as vendors submitted multiple options. One vendor submitted  
4 three options with six different plan benefit designs.

5 And so to compare them utilizing each iteration  
6 and collecting them all into one vendor score area was  
7 reported to be difficult. I believe that there were a few  
8 Board members who expressed some difficulty. I spoke with  
9 the RFP committee evaluation members, and they reported some  
10 difficulty. How do you literally compare apples to apples  
11 when you have a fruit basket full of options.

12 And so basically once that occurred and Anthem  
13 was selected, we started receiving calls. We started  
14 receiving calls, and we started receiving correspondence, not  
15 only here at PEBP but from other agencies, from other  
16 entities, wanting to know if, one, are we going to raise  
17 rates by a significant amount, two, why was certain vendors  
18 selected. Three, and when I spoke with some of the vendors,  
19 they were concerned that had they known that we were looking  
20 for a specific policy or specific type of HMO, they would  
21 have bid a different product.

22 And so the way that the RFP was developed, I  
23 think was done in good faith by everybody involved, that  
24 their idea was to try to produce the best possible options

CAPITOL REPORTERS (775)882-5322

1 available for PEBP participants to receive very critical HMO  
2 services statewide. However, they left enough flexibility  
3 that almost everything was an option that could have been  
4 provided, and our vendors took advantage of that option and  
5 as they would and they presented a plethora of opportunities  
6 and how do you marry those up?

7           A couple of examples, conformance to the RFP, how  
8 do you determine what -- I'll back up. I won't say you. I  
9 don't know how I would determine if the conformance to the  
10 RFP, if one vendor bid a regional product and another vendor  
11 only bid a statewide product. When the RFP says we're  
12 looking and prefer a statewide product, we also said that we  
13 would entertain or we would consider regional products. So  
14 which one actually conformed better? And you can take that  
15 all the way down to the list of all of the different  
16 evaluation criteria, and I imagine that it's difficult as its  
17 best.

18           And so I'm going to give you my recommendation,  
19 and then I'll let Jeff jump in and give his thoughts on this  
20 process but to move the process along.

21           Due to the confusion surrounding the evaluation  
22 criteria and really how we needed to approach it collectively  
23 to evaluate these RFP's and the second level re process  
24 utilized for the very first time, which was confusing, I  
CAPITOL REPORTERS (775)882-5322

1 think the points were well made at the December and January  
2 Board meeting.

3           And, again, most I think importantly concerns  
4 leveraged by our vendors, by our participants, by Board  
5 members and our evaluation committee members throughout this  
6 entire process that is recommended that the Board approve the  
7 following actions, and they are the three that you saw in the  
8 agenda, to withdraw request for proposal 3202 pursuant to NAC  
9 333.170, to authorize staff to negotiate contract amendments  
10 with the current HMO vendors Hometown Health Plan through  
11 Health Plan Nevada through plan year 2017 and to, three,  
12 authorize staff to develop a new request for proposal for  
13 plan year 2018 and beyond for HMO services.

14           And if the Board decides to approve those  
15 recommendations, PEBCP will bring back to the Board policy  
16 decisions to assist in the redevelopment of that RFP, to  
17 include but are not limited to, these are not my  
18 recommendations, these are just suggestions here, that does  
19 the Board want a single, statewide HMO plan or do they want  
20 multiple regional plans? Does the Board want open provider  
21 access or closed provider access? Does the Board want access  
22 to a national network for prospective participants residing  
23 outside of Nevada to access services? Does the Board want to  
24 put a premium ceiling on proposed rates or any of a plethora

CAPITOL REPORTERS (775)882-5322

1 of other policy decisions that we can bring back to help  
2 narrow the scope of this contract and really help our vendors  
3 develop a similar apples to apples approach on how they are  
4 evaluated.

5 And if that is what occurs and we bring back  
6 those -- that information, we will, again, follow suit in May  
7 and actually bring the scope of work of the RFP back to the  
8 Board for approval for input and its, of course, final  
9 approval.

10 And with that, I'm going to turn it over, unless  
11 you have questions, if you want to stop now, I can turn it  
12 over to Jeff.

13 CHAIRMAN DROZDOFF: I would recommend we let Jeff  
14 go.

15 MR. HAAG: Thank you, Mr. Haycock. Jeff Haag for  
16 the record. I'm the administrator of the purchasing  
17 division.

18 I concur with Mr. Hayock's statements that he's  
19 made and the recommendations. Our concern from state  
20 purchasing really surrounds the process, the integrity of the  
21 procurement process, and I think as Damon outlined, there are  
22 concerns by myself and my team as it relates to the true  
23 intent of the RFP, what the Board's objective was and what  
24 they would like to accomplish. I acknowledge there was a  
CAPITOL REPORTERS (775)882-5322

1 statement stating that statewide preference was preferable.  
2 However, the evaluation criteria and the score didn't  
3 necessarily support that.

4 I also have concerns around the evaluation  
5 process, how the committee was given the opportunity to  
6 review the solicitations and how the Board was not given an  
7 equal opportunity to review the submissions by the respective  
8 vendors, and I know there was confusion around the material  
9 and how you got that material and your ability to review it  
10 or not.

11 And then, of course, as Mr. Haycock mentioned, I  
12 think the second level review also provided a lot of  
13 confusion both for the Board, for state purchasing and for  
14 our vendor partners that we're looking to work with here on  
15 this opportunity.

16 And should the Board choose to adhere to the  
17 recommendations that Mr. Haycock has presented to you today,  
18 I feel that we have a much better opportunity to work  
19 collectively with the Board, with Mr. Haycock's staff to put  
20 a solicitation out that truly meets the intent of this Board,  
21 meets the needs of the members and that we're tasked to work  
22 with.

23 CHAIRMAN DROZDOFF: So with that, are there any  
24 questions for either Damon or Jeff?

CAPITOL REPORTERS (775)882-5322

1                   Go ahead.

2                   VICE CHAIR EWING-TAYLOR: Thank you,  
3 Mr. Chairman. A quick question for Jeff. We have discussed  
4 a fair amount, the criteria that were listed that we were all  
5 to use to evaluate these and -- I don't understand how those  
6 get developed and where they get developed. Can you walk me  
7 through that process?

8                   MR. HAAG: Yes, ma'am. Jeff Haag for the record.  
9                   That's a great question and I think the area of  
10 opportunity should we re-approach this in the future. The  
11 evaluation criteria to some extent is standard and other  
12 solicitations of this nature, it would be my recommendation  
13 and so let me preface first, I'm three months new to the  
14 state. And so like Mr. Haycock, there's a learning curve  
15 here for me, as well, but I was tasked with looking at things  
16 differently and evaluating our processes to ensure the needs  
17 of the state are met in the best way possible.

18                   And so should we have another opportunity at  
19 this, I think we can be much more specific in the evaluation  
20 criteria and the scoring criteria to ensure that the outcome  
21 is conducive to what the Board feels is in the best interest  
22 of the members.

23                   VICE CHAIR EWING-TAYLOR: So just to be clear, up  
24 to this point, to the best of your knowledge, criteria for  
                    CAPITOL REPORTERS (775)882-5322

1 evaluating RFP's were fairly standard and didn't really take  
2 into account the vagaries of each RFP. Is that what I'm  
3 hearing?

4 MR. HAAG: Yes, ma'am, yes, in general that is  
5 correct. I think we can do a much better job at state  
6 purchasing and being more specific to the respective  
7 solicitation as it comes to the evaluation criteria.

8 VICE CHAIR EWING-TAYLOR: Okay. That's helpful.  
9 Thank you.

10 CHAIRMAN DROZDOFF: Anything else?

11 Anything in Las Vegas? Chris? Rosalie?

12 MEMBER GARCIA: This is Rosalie. I do have a  
13 question, and I don't know who to address it to so I'll just  
14 ask the question which how does this RFP differ or does it  
15 differ from when we originally sent out the RFP for the HMO  
16 years ago? Is it in the same format? Does it have the same  
17 language? Did we change it from the original because usually  
18 it's a templet.

19 MR. HAAG: So Jeff Haag for the record.

20 I don't know specific changes to the RFP that  
21 were made from four years ago when the original solicitation  
22 was issued and awarded. There have been changes to the  
23 contract, to the RFP that we're reviewing today and  
24 discussing. The levity of those changes is something that I  
CAPITOL REPORTERS (775)882-5322

1 would have to go back with my team and review it and identify  
2 it for, but that's something we can do. There may be others  
3 in the room that may have additional insight.

4 CHAIRMAN DROZDOFF: Tina, do you have anything  
5 else to add?

6 MS. GLOVER: Celestena Glover for the record.

7 So part of what we do, the basic templet hasn't  
8 changed a lot but what we do inhouse is look at our scope of  
9 work and that can change. I can't tell you if we change  
10 every little thing in the RFP, but we do look at what did we  
11 have, what did we ask for in a previous RFP and what did we  
12 miss. So when we mark the new scope of work, we take those  
13 things into account and then update the requirements for  
14 vendors to respond to.

15 So some things may be the same if they have not  
16 changed but without me going back and pulling the old RFP's  
17 line by line, I couldn't tell you exactly what those things  
18 are.

19 MEMBER COCHRAN: Could I ask a follow-up?

20 CHAIRMAN DROZDOFF: Yeah, sure.

21 MEMBER COCHRAN: This is Chris Cochran.

22 Is it -- can someone explain, it would seem to me  
23 that perhaps, and I'm just speculating, one of the major  
24 changes in the difference between the RFP -- in the release  
CAPITOL REPORTERS (775)882-5322

1 of the current RFP under which we're operating and the one  
2 that we had previously in awarding the previous contracts, is  
3 the statewide HMO component, is that a different piece that  
4 we didn't have in previous RFP's?

5 MEMBER ANDREWS: It's listed in the project of  
6 review.

7 MR. HAYCOCK: This is Damon Haycock for the  
8 record.

9 Honestly, we have to go back and look and we can  
10 pull that. I don't know. I don't know if you -- if the  
11 Board at the time was looking for a statewide vendor, but I  
12 know we selected two regional vendors, so I don't know if it  
13 was literally a copy and paste job from a previous one or if  
14 it had changed. My assumption at this point that it has  
15 changed.

16 MEMBER GARCIA: This is Rosalie Garcia. I don't  
17 believe that it would be very difficult to pull that old RFP  
18 out. The project overview from our current RFP clearly  
19 states that it was a -- looking for a statewide vendor  
20 because it says the project overview for the RFP states the  
21 proposals may include one Nevada statewide vendor or separate  
22 vendor proposals.

23 That is an important sentence. I do need some  
24 reference though because if our HMO from four years ago was  
CAPITOL REPORTERS (775)882-5322

1 selected on the same verbiage, I don't understand why there  
2 would be any confusion from the vendors in providing their  
3 proposals.

4 MR. HAYCOCK: This is Damon Haycock for the  
5 record.

6 And I believe our vendors are here if you have  
7 questions for them, as well, and I don't want to put words  
8 into their mouths, but what I can relay from my understanding  
9 is that it wasn't just statewide versus regional, but it was  
10 type of HMO plan. There was no specifications that I know of  
11 that said that PEBP or the Board or the state was looking for  
12 a capitated gatekeeper, traditional HMO plan versus an open  
13 access plan, that it wasn't delineated.

14 And so one of the vendors that I spoke with said  
15 to me last week, you know, had I known that you wanted an  
16 open access, I could have given you one. We have that  
17 product on the shelf, and it wasn't specified in the RFP. So  
18 I'm -- just to give you a little bit of background.

19 CHAIRMAN DROZDOFF: Tina?

20 MS. GLOVER: Celestena Glover for the record.

21 I just received some additional information. So  
22 the last time around, the two -- the RFP's were a year apart  
23 so we bid for two -- we bid the north and the south  
24 separately, so it was a whole different process.

CAPITOL REPORTERS (775)882-5322

1 MEMBER GARCIA: This is Rosalie Garcia again.

2 Celeste, would that have occurred -- there had to  
3 be, I would assume, some driving force for us to solicit a  
4 north and a south. Would that have occurred after an  
5 original failed RFP for a statewide?

6 MS. GLOVER: This is Celestena Glover for the  
7 record. I don't know what the driver was the last time. I  
8 wasn't with PEBP at that point. I can tell you that they  
9 were done. It's two separate RFP's. We did extend one of  
10 the contracts so that they would end at the same time so we  
11 could go out with one RFP and give us an opportunity to get a  
12 statewide vendor in addition to considering the regional  
13 vendor, so there were some changes done since I've been here  
14 to address having separate vendors.

15 VICE CHAIR EWING-TAYLOR: So I'll be the old  
16 person on the Board again and all of the things that I  
17 remember. There was a period of time that actually predates  
18 Mr. Wells that the Board made some decisions about wanting to  
19 combine the contract so that we only essentially have one to  
20 deal with, and that's sort of how we ended up with the -- the  
21 statewide PPO network. We attempted that with the HMO's.  
22 There was no statewide HMO available. Nobody bid on it.  
23 There wasn't anybody around that was interested in the  
24 business, and that is my recollection at least of how we  
CAPITOL REPORTERS (775)882-5322

1 ended up with two separate HMO's.

2 To my -- again, to my recollection, we have never  
3 as a Board had a discussion about whether we wanted a closed  
4 or an open network. Because, again, there were not that many  
5 options for us in the north and in the south, and everybody  
6 in the north was open and everybody in the south was closed.  
7 So it simply wasn't available for us to talk about that going  
8 forward. That may be something we want to discuss is another  
9 matter but, you know, historically, that is sort of how we  
10 got to this point.

11 CHAIRMAN DROZDOFF: So, Chris, I'll go back down  
12 to you and Rosalie for any kind of follow-up. I don't know  
13 whether the discussion was helpful or not.

14 MEMBER COCHRAN: Well, it helped me a little bit.  
15 I was also wondering whether or not there was some connection  
16 between this and the contracts being let out for the HMO's  
17 due to a change in our coverage where we went to the blended  
18 rates. I don't know -- I wasn't on the Board at that time so  
19 I don't know if that was a factor in the issue.

20 I -- I do have a question and I don't know if  
21 Dennis can answer this or not but from a legal perspective,  
22 after our actions in the last meeting, what are the potential  
23 ramifications with those that we identified that we were  
24 going to award the contracts to?

CAPITOL REPORTERS (775)882-5322

1                   CHAIRMAN DROZDOFF: Well, I'll let Dennis talk,  
2 but I think the motion was to open -- to open up a  
3 negotiation, not necessarily to award a contract.

4                   But go ahead, Dennis.

5                   MR. BELCOURT: Chair, Dennis Belcourt, Deputy  
6 Attorney General for the record.

7                   Yeah, what was decided the last time was to  
8 contingently award the contract to one of the vendors. What  
9 would have followed that would have been a negotiation notice  
10 of intent to award and then negotiation and then possibly an  
11 award. There was no contract at this point in time between,  
12 I mean, for, you know, 2016, plan year 2016 concerning HMO  
13 vendor.

14                   You know, I would be hesitant to, you know,  
15 advise an open meeting law, what the litigation prospects  
16 are. There's always -- any decision of this Board  
17 potentially faces those. I would -- you know, that would be  
18 something I would advise a non-meeting to discuss if  
19 necessary.

20                   CHAIRMAN DROZDOFF: Those non-meetings.

21                   MEMBER MOORE: Only in government.

22                   MEMBER COCHRAN: I withdraw the question.

23                   CHAIRMAN DROZDOFF: Judy, do you have a question?

24                   MEMBER SAIZ: No. Can I make some comments?  
                    CAPITOL REPORTERS (775)882-5322

1                   CHAIRMAN DROZDOFF: Okay. This disturbs me that  
2 we're thinking of withdrawing this RFP and my comments are  
3 this, I haven't heard either Damon or Jeff give solid facts  
4 of why -- what we've done wrong, what purchasing has done  
5 wrong, what PEBP has done wrong, what the Board has done  
6 wrong.

7                   We followed the law, and I think that -- I also  
8 feel like we're searching for reasons to withdraw this RFP.  
9 Due to the confusion surrounding the valuation criteria,  
10 confusion, you know, no real facts. Second level review  
11 process utilized for the very first time, we did do second  
12 level review years back when I was at PEBP. You know,  
13 concerns leveled by vendors and participants and Board  
14 members concerns. We always have concerns. We always have  
15 an unhappy vendor that wasn't the winning bidder.

16                   My other comments are that, you know, we talked  
17 about how do we score this. I remember saying how do I score  
18 this if we have a north and a south and we have a statewide.  
19 In fact, I said to Gail on the record that don't we need more  
20 scoring sheets than this. So we had to bite the bullet and  
21 decide what we thought was best. I as an insurance broker  
22 feel that I'm very qualified to do an assessment for an HMO,  
23 and I determined that Anthem was the best for the state.

24                   The vendors are saying if we would have known.  
                    CAPITOL REPORTERS (775)882-5322

1 Come on, you guys have done tons of RFP's. It was spelled  
2 out in the RFP. To me, it's almost searching for excuses,  
3 and this is my opinion that I feel that it's almost searching  
4 for excuses to throw out the RFP when we as a Board did  
5 nothing wrong. Purchasing didn't do anything wrong. PEBP  
6 didn't do anything wrong, and we're just going to throw out  
7 an RFP after all of those hours of work and decision-making  
8 because maybe we don't have happy bidders.

9 And that's probably -- let me look at my notes  
10 really quick. You know, the evaluation process was followed  
11 the entire time. It seems like most state agencies do follow  
12 that same process. The evaluation committee has, you know,  
13 rates -- rates these different vendors based on the certain  
14 evaluation sheet.

15 So I -- I for one have a really hard time  
16 throwing out an RFP when we haven't determined anything has  
17 been done that's been illegal or been wrong. Those are my  
18 final words.

19 CHAIRMAN DROZDOFF: Thank you. I know that was  
20 more of a statement than a question, but I guess I'll check  
21 with Jeff or Damon to see if there's anything you wanted to  
22 respond with or if not, just like I said, it's just a  
23 statement.

24 VICE CHAIR EWING-TAYLOR: Go ahead.  
CAPITOL REPORTERS (775)882-5322

1 MR. HAAG: Jeff Haag for the record.

2 Thank you, is it Ms. Saiz, am I pronouncing that  
3 correctly?

4 MEMBER SAIZ: Uh-huh.

5 MR. HAAG: For your concerns, and I think you  
6 provided some specificity to the confusion that is shaping  
7 why we're here today in my personal opinion.

8 So the confusion around the evaluation criteria,  
9 if I could be specific, in my opinion is that the evaluation  
10 criteria does not specifically address a regional plan versus  
11 a statewide plan. That provides -- that in my opinion is  
12 confusing and can be confusing for those folks that are on  
13 the evaluation committee.

14 The second level review, the very nature of the  
15 second level review, again, in my opinion and my observation  
16 of the Board meetings both in the afternoon of December 7th  
17 and the meeting earlier this month provided a tremendous  
18 amount of confusion not only from my staff as to how we walk  
19 through that process, but I also sense that there was  
20 confusion amongst many of the Board members about how we  
21 continue through this process, what step is next, how do we  
22 proceed. And I think, again, that adds to the confusion  
23 around -- around the process and the totality of that.

24 You know, the concerns leveraged by the vendors,  
CAPITOL REPORTERS (775)882-5322

1 I've only been contacted directly by one vendor. My concerns  
2 and the reason why I'm here today is because I have a vested  
3 interest in the integrity of procurement process in ensuring  
4 that the outcome is truly in the best need of the state. And  
5 based on the confusion that I've just shared, I don't feel  
6 that we've accomplished that, and I feel that we could be  
7 giving cause to our vendor community, our vendor partners in  
8 my opinion to ask questions and to -- to potentially continue  
9 to perpetuate a problem that wouldn't necessarily serve the  
10 members of PEBP or the state as a whole. And so that's why I  
11 feel and am in agreement with Mr. Hayock's recommendations.

12 CHAIRMAN DROZDOFF: Judy?

13 MEMBER SAIZ: Yeah, I still don't hear any  
14 specifics. We did this or we should have done that. It says  
15 statewide.

16 Rosalie, I think you said that it -- that RFP  
17 you're reading it, it does say statewide.

18 MEMBER GARCIA: This is Rosalie Garcia. I had my  
19 finger on the button. And, yes, it does state statewide. It  
20 does say statewide, with consideration to possible regionals.  
21 I have statements, that I don't know that now is the time so  
22 I'll hold them for now.

23 CHAIRMAN DROZDOFF: All right. I know Jacque had  
24 a question or a comment.

CAPITOL REPORTERS (775)882-5322

1                   VICE CHAIR EWING-TAYLOR: Thank you,  
2 Mr. Chairman.

3                   I just have a question, it's probably for Jeff.  
4 One of the processes that I don't understand is the appeal  
5 process and the associated timeline. And by that I mean  
6 we're we to stay the course, if you will, it may be  
7 reasonable to assume there would be a vendor appeal or more.  
8 What is the time frame in which that occurs and what happens  
9 when a formal appeal is made and how does that affect the  
10 process?

11                  MR. HAAG: Thank you for the question. Jeff  
12 Haag, for the record.

13                  And I'm going to describe this process to the  
14 best of my knowledge. After -- so first let me take a step  
15 back and that is the next phase in this process based on my  
16 understanding would be for state purchasing to issue a notice  
17 of intent to Anthem. That would then allow us to enter into  
18 negotiations, to negotiate the items that Anthem identified  
19 in their proposal, that they have concerns with through the  
20 contracting process and the costs that were addressed in the  
21 last Board meeting.

22                  Provided those negotiations were successful, we  
23 would then move to a notice of award. Once that notice of  
24 award was issued, vendors have ten days to file a protest.

CAPITOL REPORTERS (775)882-5322

1 In order to file a protest, they have to put up a bond to  
2 support that, and then we would move through the protest  
3 process after that.

4 Outside of the protest process, there's also  
5 opportunities for vendors to enter into a litigation hold to  
6 take us right to court should they so choose, so there are  
7 outside of the process other ramifications that could come to  
8 the state in any solicitation, not just this one.

9 MR. HAYCOCK: Can you add the time frame for the  
10 -- once an appeal has been filed, what's the time frame  
11 purchasing has to adjudicate that appeal or I think it's  
12 60 days is my understanding. I don't know if Dennis knows  
13 this. We don't have Jeff Manacucci (phonetic) here, who  
14 could have answered that, I'm sorry, but I believe it's 60  
15 days is what I remember right.

16 MR. HAAG: That's my understanding as well.

17 MR. BELCOURT: Dennis Belcourt.

18 I think that's a ballpark range in terms of there  
19 are time limits on the appeal time. When the hearing officer  
20 gets together, the time limits leading up to all of those  
21 events, and I think our guesstimate it would probably take  
22 about 60 days to get to a decision of the appeal's officer  
23 which will, you know, be, what, end of March or end of -- end  
24 of March.

CAPITOL REPORTERS (775)882-5322

1                   VICE CHAIR EWING-TAYLOR:  If that were to start  
2 today essentially?

3                   MR. BELCOURT:  Correct.

4                   VICE CHAIR EWING-TAYLOR:  But if you add another  
5 let's say conservatively two weeks to get to the point where  
6 the appeal could be filed, then you're looking at 60 days  
7 beyond that; is that correct?

8                   MR. BELCOURT:  I think we built into the 60 day  
9 estimate, the negotiation process.  The award, the  
10 negotiation process which we're going to expedite if it's  
11 going to happen this way, I'll be involved too and the appeal  
12 -- the appeals -- appeal period, there's a time period for  
13 notice of the award, a time period for the appeal and then  
14 time period for the appeal officer to render a decision  
15 roughly, so I think we're looking at 60 days for that entire  
16 process.  So, yeah, we're looking at the end of March but  
17 that's -- you know, that's working pretty quickly in getting  
18 a contract negotiated in the first place.

19                   VICE CHAIR EWING-TAYLOR:  Right.  So best case  
20 scenario, we're looking at April 1st having something  
21 resolved if there's an appeal; is that correct?

22                   MR. BELCOURT:  That's correct.

23                   VICE CHAIR EWING-TAYLOR:  So if I just look at  
24 the plan year, if we're looking at April 1st before we have  
                    CAPITOL REPORTERS (775)882-5322

1 any idea who we're going to contract with or whether we're  
2 going to contract, we have open enrollment starting May 1st.  
3 That timeline scares me and I don't know but, Damon, maybe  
4 you or someone on your staff could address whether or not  
5 that is even possible.

6 MR. HAYCOCK: Damon Haycock for the record.

7 Our additional plan for implementation of the HMO  
8 contract was to have all contracts negotiated and signed and  
9 placed on the board of examiners meeting for I believe it's  
10 April 8th, I believe it's April 8th which means we have to  
11 have it by the first week of March to meet that deadline.  
12 That has gone through all legal on all sides, all of the  
13 review and the culmination of that contract. That was our  
14 original schedule.

15 VICE CHAIR EWING-TAYLOR: So when he changed to  
16 that schedule backs that up, what is the next BOE date, are  
17 they monthly, I don't know.

18 MR. HAYCOCK: Yes.

19 VICE CHAIR EWING-TAYLOR: So it will be the May  
20 date. So we couldn't even get that contract approved by the  
21 time we have to open open enrollment if there is an appeal?

22 MR. HAAG: So Jeff Haag for the record.

23 You're correct. If I could just state my opinion  
24 on the timing of this process. The timeline is very  
CAPITOL REPORTERS (775)882-5322

1 aggressive. I think to be able to finish negotiations which  
2 in my experience can take a significant amount of time and  
3 there are significant issues that would need to be negotiated  
4 with the provider that's been voted on by this Board, it  
5 would be difficult to complete the negotiation, finalize the  
6 contract and have it ready for BOE submission in March.

7 And then if we miss that, of course, it would  
8 need to be submitted for BOE submittal in April, beginning of  
9 April to be on the May agenda which to your point gets us  
10 into the open enrollment period.

11 CHAIRMAN DROZDOFF: So I'm going to go quickly to  
12 Judy and then to Bob Moore.

13 MEMBER SAIZ: I've been thinking about this and  
14 solution, PEBP staff would cringe at this, but we've been  
15 known to do this when I worked here before is you could have  
16 extended open enrollment for a month or two depending on how  
17 long it takes. It could be an August or September open  
18 enrollment. They have what they call prior deductible credit  
19 where the plan year would still be July 1st, and you would go  
20 into the next plan year for open enrollment either August or  
21 September.

22 If we move forward with Anthem, Anthem would need  
23 to agree that they would accept that. They would have the  
24 prior deductible credit. We would have to get Hometown and  
CAPITOL REPORTERS (775)882-5322

1 Health Plan Nevada to agree to an extension of a month or two  
2 months, but what I'm getting at is it could be done, and it  
3 would -- it wouldn't be that cumbersome to do it. We did do  
4 this in the past. We had short plan years. We had short  
5 plan years, but the plan year could stay the same. Open  
6 enrollment could just be pushed out a month or two months.

7 And I even have -- I even have a plan that I  
8 could work with Nancy on how that could happen as far as  
9 communications went to the members.

10 CHAIRMAN DROZDOFF: Bob?

11 MEMBER MOORE: Thank you, Mr. Chairman. For the  
12 record, Bob Moore.

13 I was going to wait until deliberations to do my  
14 standard disclosure but it sounds like we're already into  
15 deliberations. So, once again, I need to disclose that my  
16 son is an employee of United Health Group. Although, the  
17 commission on ethics has said I do not have a conflict of  
18 interest and the remoteness of that relationship with Sierra  
19 Health and Life, but I do need to disclose the existence of  
20 that relationship and may or may not declare a conflict of  
21 interest on this issue. Thank you, Mr. Chairman.

22 CHAIRMAN DROZDOFF: You're welcome.

23 Okay. So back to are there any other questions?

24 Go ahead.

CAPITOL REPORTERS (775)882-5322

1                   VICE CHAIR EWING-TAYLOR: Well, Mr. Chairman, I  
2 think in light of what Judy said, I do remember the short  
3 plan year. In my 13 years, we've only done it once. I also  
4 remember it was a massive disruption to 70,000 of our covered  
5 people. I also remember it, maybe staff does or doesn't  
6 remember it being very disruptive for staff, very costly in  
7 that -- in that respect, and I would just personally really  
8 really not want to see us do that. I'm not sure -- I'm not  
9 convinced that that could even happen.

10                   And, Damon, I don't know whether you or Tina want  
11 to address that. I guess Tina does.

12                   MS. GLOVER: Celestena Glover for the record. So  
13 what Judy says about extending the open enrollment period or  
14 moving it, from a process standpoint, we can do that, but  
15 there are a lot of other considerations of how having a short  
16 plan year and a long plan year how that affects us in the  
17 future for developing rates and things like that because  
18 we're not just talking now the HMO plan. We're talking the  
19 CDHP plan, as well, to determine, you know, are you going to  
20 have one be open enrollment in May and one do open enrollment  
21 in August? Are you going to push them all to August? I  
22 mean, there's other things and then what does that do to  
23 members, so.

24                   MEMBER SAIZ: Mr. Chair, I was thinking of  
                    CAPITOL REPORTERS (775)882-5322

1 keeping the plan year the same, and you just have the open  
2 enrollment later, a month or two later, but you have a plan  
3 year the same.

4 Example, because Jim and I were just talking, we  
5 did this twice that there was a different plan year. During  
6 the extended open enrollment period, like a letter would go  
7 out to your participants. The PPO members would be told if  
8 you don't want to change, they would do nothing, simple.  
9 They want to switch to the HMO, the HMO is going to be X,  
10 whatever it is. The current HMO members would be told  
11 there's a new HMO. If you want to go to the new HMO, you do  
12 this. If you want to change to the PPO, you do this.

13 It doesn't have to be positive 100 percent open  
14 enrollment. It could be a letter to the PPO people who we  
15 have 20,000 of them or whatever just saying if you want to  
16 stay with that, you stay with that. We do nothing. It's the  
17 HMO people that would be affected, and they would have a  
18 chance to go with the new HMO or move to the PPO. It  
19 wouldn't be a positive open enrollment. It would be a change  
20 in the plan year.

21 CHAIRMAN DROZDOFF: So what I would suggest here  
22 is I think, you know, there's no correct right or wrong time,  
23 just like there is to make a disclosure. But, you know, I  
24 did -- I feel like before we get into anymore serious  
CAPITOL REPORTERS (775)882-5322

1 deliberations, I feel like I want to offer the members of the  
2 public that may be here that want to say something on the  
3 record, and then we can resume where we were.

4 But I think it's important at this point to give  
5 an opportunity to folks that have been waiting a long time to  
6 make -- to make public comment if they would like. So I  
7 would like to start that, see if there's either in Las Vegas  
8 or in Carson City.

9 MEMBER COCHRAN: We don't have any public comment  
10 in Las Vegas.

11 CHAIRMAN DROZDOFF: All right. Is there anybody  
12 else? Is there a show of hands? Anybody planning to?

13 Go ahead Peggy.

14 MS. BOWEN: My name and my words for the record  
15 Peggy, P-e-g-g-y Lear, L-e-a-r Bowen, last name B-o-w-e-n. I  
16 had concerns during the last meeting when you determined what  
17 group you were going to vote on, and I quite frankly have  
18 questions in my mind today, would we be here asking these  
19 questions today had a different vendor been selected?

20 My concerns for last time are these, that you had  
21 a committee who moved all total 45 points for a vendor that  
22 was not accepted by this Board when you went with another  
23 vendor. And that with all of the discussions that took  
24 place, all of the presentations that you were presented and  
CAPITOL REPORTERS (775)882-5322

1 when vendors said here, by here, by here, that when they were  
2 told that they had gotten zero points in certain areas that  
3 had they known they could have better explained that they did  
4 provide things that weren't reflected in their response to  
5 the RFP.

6 At the end of all of that discourse and at the  
7 end of all of the voting and even the prior meeting when that  
8 was discussed, we were still told last meeting 45 points and  
9 that that committee never met again to take into  
10 consideration things that they had been told in these two  
11 crucial meetings where points should -- where vendors felt  
12 they should not have received zero points. It's not that  
13 they didn't know to give or didn't want to give.

14 But there was also a memo that you all received  
15 that the gal who is sitting right there, I apologize, she  
16 read it to you, telling you not to consider Hometown Health I  
17 believe it was in your deliberations, that that had been  
18 taken place, and you didn't have to do certain things, and  
19 that she was contradicted or a person at the table was being  
20 contradicted and she at the table pulled out this memo that  
21 you all received telling you what to do and not to do and it  
22 was direct conflict with -- it had to do with the awarding of  
23 points. It was you. I'm sorry. I apologize. You were over  
24 here last time. You guys cannot move. I'm -- I had a

CAPITOL REPORTERS (775)882-5322

1 concussion and sometimes I just get things set in my head and  
2 that's my bad.

3 My concern is that I heard vendors say that they  
4 were shocked to understand in the scoring process by the  
5 committee that they receive zero points for something that  
6 they did provide in rural areas and could provide in southern  
7 areas. And the one outstanding thing I heard was some  
8 vendors saying that they absolutely would not work in  
9 conjunction with other vendors and, therefore, it denied  
10 access to our members, to medical facilities, especially in  
11 the north.

12 It drove us being only at one facility, and we  
13 were reminded during that meeting that we used to be able to  
14 go to any facility but by being narrowed down to one, and  
15 I've testified a few times about the one that we've been  
16 narrowed down to, and what they do or don't provide, and I've  
17 had more recent experience with what they do or don't provide  
18 and the idea of hospitalists and what they cause to happen to  
19 your medical, you're a captive prisoner in that hospital.

20 Once you go in, your doctors aren't notified.  
21 Nobody is told what is happening with you. And for -- you've  
22 met Joycie, the 97-year-old from Verdi, who's not a state  
23 worker and not in this plan, who was simply told because  
24 she's with one of the providers that you have on your A and B  
CAPITOL REPORTERS (775)882-5322

1 Medicare group, Senior Care Plus that why didn't she go home  
2 and have a bigger event before she came back because  
3 everybody present determined that she needed care and a  
4 hospitalist decided it wasn't life threatening.

5           So what basically it came to was the almighty  
6 dollar, social security, A and B Medicare will pay 80 percent  
7 of the person's bill once they have met the social -- the  
8 Medicare deductible if they are not admitted to the hospital.  
9 If they are admitted to the hospital, your insurance pays  
10 80 percent, and the 20 percent is left to you. Otherwise,  
11 it's 80 percent Medicare pays. The cheapest people you  
12 shipped off to Utah, your A and B Medicare folk, you only had  
13 to pay 20 percent of what was going on.

14           People's lives are hanging in the balance. Their  
15 care is hanging in the balance, and it's all because whether  
16 or not they are actually admitted to the hospital and the way  
17 the plan is set up now, no.

18           When last time you did all your review and that  
19 45 percent never changed from the initial, there was never  
20 another meeting after more information had been given to the  
21 committee and we said to have two people on that committee  
22 and I don't care if they had ten minutes notice, two people,  
23 and we had a very experienced person on this Board suggest to  
24 be on that initial committee who was never brought into that

CAPITOL REPORTERS (775)882-5322

1 committee, and shame on us for allowing that to happen, and I  
2 don't care who did it or why. We needed to have more Board  
3 members than we had on that committee to represent the  
4 people, and that is my comment pertaining to why.

5           You made a decision. If it had been the other  
6 way, would you still be going through this because the  
7 confusion would have still existed. The RFP's may not have  
8 had the right answer on them, that would have still existed.  
9 There was nothing that changed except for which vendor was  
10 finally selected, and you followed all of the rules and it is  
11 shame on us if it appears to Peggy Lear Bowen that somebody  
12 has been pushing buttons for a -- since the last meeting and  
13 shame on you if you give in to buttons being pushed.

14           Go forward and concerns that were brought up in  
15 the first public comment about make sure when you negotiate  
16 this thing that they do have the providers and they are  
17 paying a decent rate to the providers regarding our members,  
18 and have the intestinal fortitude to do the right thing  
19 because you did it. You did what you felt was in the best  
20 interest of the state of Nevada employees, retired and  
21 actives, and you are to be congratulated on that, and you  
22 worked hard and long on that and shame for anything else.

23           Anthem could have sued based on the decision  
24 because they didn't think they got a good RFP last time, so  
                  CAPITOL REPORTERS (775)882-5322

1 you're not dodging any bullets here. If those who have been  
2 in place wanted the same old, same old and we're discovering  
3 how much that same old, same old cost, how much we actually  
4 paid the people that handle the papers, not give the shots or  
5 medicine or care about the broken bones, we're having a  
6 discussion about paper pushers, and that needs to stop, and  
7 we need to get back to medicine, and we need to get back to  
8 care and life and health of our people. Thank you very much.

9 MR. MURPHY: Mr. Chair, Members of the Board.  
10 Thank you for the time. For the record, my name is Mike  
11 Murphy, M-i-k-e M-u-r-p-h-y. I'm the president of Anthem  
12 Blue Cross Blue Shield. I have prepared remarks and then  
13 just a couple of things as I've heard some of the comments I  
14 may add at the end.

15 You know, today we're respectfully requesting  
16 that actions outlined on Agenda Item 10 be postponed from any  
17 action today. Specifically, Anthem, we have serious concerns  
18 that the Board would be taking such significant action after  
19 an intended award to Anthem was publicly communicated.

20 In addition, we're aware of the critical  
21 information contained in the Board packet that was supplied  
22 today simply not accurate, and the record must be corrected  
23 prior to any Board action. Because of this recommended  
24 action item and the inaccuracies in the record, some of which  
CAPITOL REPORTERS (775)882-5322

1 Damon addressed earlier and mentioned today, pertain to  
2 critical potential irregularities in the RFP process. We  
3 recommend that the purchasing division, the only proper point  
4 of communication between vendors and the state during the  
5 period right now in the process be given sufficient time to  
6 evaluate, must be what may be inaccurate in the record before  
7 the Board undertakes any further action. You know, I'll  
8 reiterate, the only proper communication place right now in  
9 this process is the purchasing department.

10           Lastly, we would point out that the inaccuracies  
11 only became known to us late after -- yesterday afternoon.  
12 There's been no communication to us from the purchasing  
13 division as to how or why they arose. And given the  
14 importance of this RFP to the PEBP participants, we believe  
15 it's in the best interest of the state in ensuring the issues  
16 are remedied before any Board action is taken.

17           Postponing any action in Agenda Item 10, I know  
18 as you've had some discussion causes concern, but we believe  
19 that while proceeding to dissolve a properly processed RFP at  
20 this late date with no notice would increase cost to the  
21 state, further confuse those involved and open up state to  
22 potentially significant procurement issues.

23           Just to add a couple of things that were  
24 discussed earlier or questions to the Board, the confusion  
                  CAPITOL REPORTERS (775)882-5322

1 around the regional and the statewide RFP, I'll just add that  
2 I've been a resident here and involved in leading our  
3 organization for ten years now. The RFP in the way that it  
4 was issued around regional and statewide has been pretty much  
5 a staple on how the RFP has been issued throughout the past.

6 The confusion and those things that are being  
7 brought up are issues with every RFP that's ever issued, so I  
8 add those things that these are not new issues that have --  
9 that have come up. Those regional versus statewide issues  
10 have been sitting out here.

11 So with that, I know if there's some questions,  
12 I'm more than happy to answer any questions if there are.

13 CHAIRMAN DROZDOFF: Are there any questions for  
14 Mr. Murphy?

15 MR. HAYCOCK: Can I ask one? For the record,  
16 Damon Haycock.

17 Thanks for coming up here, Mike.

18 CHAIRMAN DROZDOFF: Sorry, Chris, I didn't  
19 realize you had one.

20 MR. HAYCOCK: Just curious if you received the  
21 notification I sent Lisa Schromer on Friday?

22 MR. MURPHY: Yes, the notification that we  
23 received was we were trying to clarify whether or not a  
24 letter of intent was issued at that point. The inaccuracies  
CAPITOL REPORTERS (775)882-5322

1 in some of the Board packet was only I guess noticed  
2 yesterday as I think there were additional board materials  
3 that were put on agenda items on the website. So, although,  
4 there was a response to our reach out around how we needed to  
5 proceed, we did not have all of the information that was put  
6 in the Board packet.

7 MR. HAYCOCK: Thank you.

8 MR. MURPHY: Yep.

9 CHAIRMAN DROZDOFF: Chris?

10 MEMBER COCHRAN: I just wanted to clarify Mike's  
11 request to the Board. You're asking us to table this matter?

12 MR. MURPHY: I believe that this -- what we  
13 are -- what we're asking in public comment is that the -- the  
14 action that is suggested and outlined being taken in Item 10  
15 be -- be absolutely postponed until there is -- until all of  
16 the information that is in there can be clarified and some of  
17 the things that have been discussed today can accurately be  
18 resolved.

19 MEMBER COCHRAN: Okay. So postponing it in terms  
20 of us taking any action, does that include the current RFP  
21 that's out there that we're -- that we've tried to let?

22 MR. MURPHY: No, we believe that, you know, as of  
23 -- oh, as of January 12th, I mean the action that obviously  
24 that we would -- that we would want to proceed with is the  
CAPITOL REPORTERS (775)882-5322

1 action that was outlined in the January 12th meeting.

2 If action -- if Item 10 is going to be moved  
3 forward, there are significant concerns that we have with the  
4 things that have -- that are providing a background for  
5 action on Item 10. So, again, just to make it very clear, we  
6 believe the action that the Board discussed, voted on on  
7 January 12th should be moved on.

8 Does that -- I want to make sure I'm being clear  
9 about answering your question.

10 MEMBER COCHRAN: Yes, yes, that clarifies it for  
11 me.

12 MR. MURPHY: Thank you.

13 MEMBER COCHRAN: Thank you.

14 CHAIRMAN DROZDOFF: Jacque?

15 VICE CHAIR EWING-TAYLOR: So you said a couple of  
16 times there are inaccuracies in this Board report. Can you  
17 tell us what they are?

18 MR. MURPHY: I guess what we want to be very  
19 respectful of the process right now and, again, in the  
20 process as we understand the outline, the proper place for us  
21 to have those discussions would be with the purchasing  
22 department right now about those inaccuracies because during  
23 the RFP process, it is laid out very clearly that any vendors  
24 are not to talk to PEBP, PEBP Board or all those

CAPITOL REPORTERS (775)882-5322

1 communications are to be handled through the purchasing  
2 department which we have -- which we have started to.

3 So I'm trying to be very respectful of the  
4 process. I understand your concern around -- you know,  
5 around wanting to understand those issues as you're debating.

6 VICE CHAIR EWING-TAYLOR: But you're asking us to  
7 make a decision based on inaccuracies that you won't divulge.

8 MR. MURPHY: I'm not trying not to divulge them.  
9 What I would say is the inaccuracies that were laid out today  
10 were one that and I'll just -- I'll outline a couple of them  
11 again just trying to be very very cautious of not getting  
12 into violating the RFP, so I'm not trying to be disrespectful  
13 by any means.

14 But the first inaccuracy which we noticed again  
15 today, Mr. Haycock addressed that we were awarded a letter of  
16 intent and were in active negotiations. I think there's an  
17 omitted portion of what happened at the Board meeting on  
18 January 12th that outlines a plan A and a plan B of what  
19 would happen if those negotiations were unsuccessful that are  
20 not reflected I don't believe in the minutes.

21 So those two I guess are examples of some things  
22 that we're walking through them. And, you know, again, as  
23 they were posted very recently, we want to work through those  
24 and make sure that you all have the accurate -- you know, the  
CAPITOL REPORTERS (775)882-5322

1 accurate reflection of the facts.

2           So, again, I'm not trying to be disrespectful by  
3 any means in telling you that I -- just, we're trying to get  
4 through it as well in very quick time around how we address  
5 it.

6           Again, we believe that the process that -- that  
7 was walked through with the RFP, the response, the scoring  
8 and the procurement was all -- you know, was all within the  
9 bounds of exactly how the process is laid out. We have been,  
10 you know, again, on both sides of this in times in this  
11 procurement process. I don't know -- I don't know what other  
12 issues to address or to answer with issues in the notes.

13           MR. HAYCOCK: For the record, Damon Haycock.

14           I think what Mr. Murphy is referring to is my  
15 originally posted executive officer report which I don't know  
16 if you were in the room when I went over it earlier today.

17           MR. MURPHY: I was.

18           MR. HAYCOCK: Where I disclaimed that I was given  
19 misinformation, and I had to walk that back.

20           MR. MURPHY: Yes.

21           MR. HAYCOCK: And confirmed that Anthem had not  
22 received a notice of intent.

23           MR. MURPHY: Yes.

24           MR. HAYCOCK: And I can confirm that Anthem has  
            CAPITOL REPORTERS (775)882-5322

1 not entered into any negotiations with PEBP or with my staff  
2 at this point, and so that much is true. Although, I don't  
3 know if the omission of that is considered a falsehood, I  
4 don't know, that's up to interpretation.

5 MR. MURPHY: The omission that I was referencing  
6 was more around the -- the action items from the 12th around  
7 plan A as I'll represent it which was moving to a statewide  
8 versus a plan B was what was happening if the negotiations  
9 with us were unsuccessful.

10 The statement around the letter of intent was  
11 what I was referring to, so two separate issues. I'm just  
12 trying to make it clear.

13 CHAIRMAN DROZDOFF: Anything else? All right.

14 MR. MURPHY: Thank you very. I appreciate your  
15 time. Thank you.

16 CHAIRMAN DROZDOFF: Okay. Board, we can  
17 deliberate more. We can --

18 MEMBER GARCIA: Leo, this is Rosalie.

19 CHAIRMAN DROZDOFF: Go ahead, Rosalie.

20 MEMBER GARCIA: If I may, a couple of points.  
21 The Board knew going into this RFP that we were on a tight  
22 deadline so that's a non issue. I do not agree or believe  
23 that there were any inaccuracies in the RFP itself.

24 I do not believe -- you know, the word confusion  
CAPITOL REPORTERS (775)882-5322

1 has been brought up several times, and I believe -- you know,  
2 it could be that the use of confusion, the word confusion is  
3 just easy but when it comes to evaluating the RFP, I don't  
4 believe that there was any confusion. I believe that some  
5 areas were difficult and were worked through but not to the  
6 point where anybody was massively confused with what it was  
7 that we were tasked to do or how we were doing it.

8           The Board at that time did discuss statewide  
9 versus regional and when we took the vote, it was to vote for  
10 statewide. I -- although, I did not -- my package was  
11 delayed for the review of the RFP. I believe that I was  
12 given enough time to evaluate the submissions, quite ample  
13 amount of time. Even if it was over the holidays, I still  
14 was able to review the RFP's to make a decision.

15           The current RFP clearly states the subject  
16 regarding statewide coverage versus regional. So for that  
17 even to be an issue for a vendor to bring up, I would not  
18 understand why they would state that.

19           The vendor coverage -- the vendors when they are  
20 submitting responses to the RFP always provide various  
21 services to entice the award. And the fact that we are in  
22 open meeting where we discuss what the various RFP's included  
23 makes it -- makes it more open for various vendors to state,  
24 well, if I would have known, but I still believe we all

CAPITOL REPORTERS (775)882-5322

1 evaluate it on an apples to apples kind of basis when it  
2 comes to evaluating a statewide HMO.

3 I think that's all my points. I as a Board  
4 member would feel very, I can't even think of the word right  
5 now, but I would feel very disappointed if we were to issue  
6 an award and not follow through on that based on hearsay or  
7 verbal complaints from the vendors that responded to the RFP.

8 And I am surprised that we did not submit a  
9 statement of intent immediately after our last Board meeting  
10 but it is what it is. I would like to hope that we all move  
11 forward on how our vote was instead of succumbing to  
12 innuendos and threats. Thank you.

13 CHAIRMAN DROZDOFF: Anything else?

14 MEMBER COCHRAN: For the record, if I may, Leo,  
15 Mr. Chair, and this is Chris Cochran.

16 I respectfully disagree with part of what Rosalie  
17 is saying only in terms of the idea that we were comparing  
18 everything on a statewide basis because it was clear to me  
19 based on the votes of members of the Board at that meeting  
20 that some of the preferred -- that some preferred a choice  
21 that was clearly not a statewide choice and based on the  
22 rankings that we submitted, that based on the rankings when  
23 Board members were told to -- to rank their -- the vendors  
24 that it was clear that some of the -- some of the Board

CAPITOL REPORTERS (775)882-5322

1 members did not look at it on a statewide basis.

2 If that was the instruction, I'm not sure that  
3 message was received by all Board members. I ranked -- I  
4 will say personally, I ranked based on a statewide selection.  
5 I'm not so sure I could say that of all Board members. So  
6 just in clarifying that with -- with Ms. Garcia that I just  
7 want to make -- I want to make that point from my  
8 observation. It didn't seem that Board members did it based  
9 on a statewide selection, all Board members I should say.

10 CHAIRMAN DROZDOFF: All right. Thank you.

11 Jim?

12 MEMBER WELLS: Thank you, Mr. Chairman.

13 First off, I'm going to disclose as I did earlier  
14 that due to my department's role in the process for  
15 procurement entering into contracts that I will not be voting  
16 on this particular item.

17 But I want to talk a little bit more about some  
18 of the history that Dr. Ewing-Taylor started with and that is  
19 that the concept of the statewide HMO has been around for a  
20 long time, but there were never a vendor who could provide a  
21 statewide option; therefore, we continued to do these  
22 regional options, but that preference has never been removed  
23 from the HMO contracts with one exception and that's the last  
24 part of what Dr. Ewing-Taylor talked about, when we split --

CAPITOL REPORTERS (775)882-5322

1 actually, I think it was Ms. Glover talked about when we had  
2 to split them so we had to terminate a contract early that  
3 kind of put us off cycle with having one RFP for one of the  
4 HMO's on a different cycle than the other.

5 At that point, we had to do regional because we  
6 were still in contracts or in a contract with the second  
7 vendor so we have gone back to the preference was always to  
8 have a statewide option.

9 Now it appears, and I was not party to this  
10 conversation or the review, but it does look like there's a  
11 statewide option, and so that was always part of the  
12 discussion for the history of the HMO process.

13 CHAIRMAN DROZDOFF: I appreciate the  
14 clarification.

15 Anybody else?

16 MEMBER ANDREWS: Yes.

17 CHAIRMAN DROZDOFF: Anna?

18 MEMBER ANDREWS: Anna Andrews for the record.

19 I don't know. I think mine is more of a  
20 statement than anything and in a way I think I might be  
21 playing devil's advocate, but I just want all of us trying to  
22 put this timeline, these things in our mind because to me as  
23 a Board member, our members come first. How we serve them,  
24 how we facilitate them having their insurance is the most

CAPITOL REPORTERS (775)882-5322

1 important part that our Board should be looking at and that  
2 the program is working towards.

3 Now, going back to Jeff Haag's comments earlier  
4 when he was asked about the time length -- the timeline of  
5 what if's. So the way I see the process going is not open to  
6 Anthem, proceed with negotiations, whichever way they go,  
7 notice of award, ten days to protest appeal, which I'm  
8 venturing to say I don't have a crystal ball but somebody  
9 will appeal. Some of the other vendors will appeal  
10 definitely.

11 MEMBER MOORE: Zero risk taker.

12 MEMBER ANDREWS: Yeah, I think that's a pretty  
13 good guess.

14 So then we have the 60-day timeline that we  
15 discussed earlier. Frankly, I'm a state employee and I know  
16 the wheels of government do not move that fast, even though  
17 we would like for them to, but I've been through the  
18 contracting processing in my own little world, and I know  
19 90 days to me is more reasonable. I hope I'm wrong.

20 Then if they appeal, if HMO, A, B, C, whomever  
21 appeals, they have to post the bond, and then there is a  
22 potential for the litigation hold. Maybe this won't happen  
23 and my statements will be moot, but here is things to keep in  
24 mind, we still have the CDHP members. We have HSA's, HRA's,  
CAPITOL REPORTERS (775)882-5322

1 allocations that we give that we have promised and provided  
2 to them.

3 So if my scenarios works out, let's keep in mind  
4 our HMO's contract all ends on June 30th of this year,  
5 correct, so we're going to have to scramble to try to extend  
6 them until such time as we did our other part of it fixed.  
7 For how long do we extend them?

8 Okay. Now, Judy said we've done this before, we  
9 can delay the open enrollment and all of that, yes, I  
10 remember that. I'm venturing to say we're going to have,  
11 again, the CDHP and the HMO pitted against each other because  
12 they are going to say, oh, they get this but we don't get  
13 that and how are we going to be delayed and why are we going  
14 to get less because our plan year is shorter and the others  
15 have the full plan year? Maybe I'm not making sense but  
16 that's just the way -- and you can dispute that.

17 But there's one more underlying issue in here.  
18 Do we all remember the SHO Network issue that we have with  
19 the CDHP because HPN has that network and they confirmed that  
20 that network will go away. Yes, we can get another network  
21 but, again, we're adding time and we are doing a disservice  
22 to our members. So take it for what it's worth. Thank you.

23 CHAIRMAN DROZDOFF: Thank you, Anna.

24 Jacque?

CAPITOL REPORTERS (775)882-5322

1                   VICE CHAIR EWING-TAYLOR: Thank you,  
2 Mr. Chairman.

3                   I would echo what Anna has just said, as I said  
4 earlier, but I do agree with her. The emphasis needs to be  
5 to the extent possible on the disruption to our employees and  
6 if we do what Judy is suggesting, this disruption will be  
7 significant.

8                   It's also additionally significant for NSHE and  
9 for our campuses because the vast majority of our faculty are  
10 not on contract from the middle of May through the middle of  
11 August, so they will not in large part be paying attention, I  
12 know some of you think they never do anyway, during that  
13 period of time. They will be out in the field. They will be  
14 doing their research. Many of them are in other parts of the  
15 world and will be unable to make their selection, so we  
16 effectively remove the opportunity for an open enrollment for  
17 many of our university employees.

18                   So you have that large disruption. You have the  
19 large disruption that Anna was discussing to the CDHP. I see  
20 at this point no reason not to step back and do this again,  
21 do it differently and do it cleaner, I guess, is where I am  
22 with less disruption to our employees and their families.

23                   CHAIRMAN DROZDOFF: Judy?

24                   MEMBER SAIZ: In response to Anna, you know,  
                    CAPITOL REPORTERS (775)882-5322

1 maybe I didn't make myself clear but there wouldn't be that  
2 big of disruption. I'm sorry, if university people -- you  
3 know, it could be handled to where it would work to do an  
4 extended open enrollment and it wouldn't affect the high  
5 deductible people. The plan year would still be July 1st.  
6 In fact, it wouldn't affect them at all if they stayed with  
7 the high deductible plan.

8           Again, I'll just say it again that I just think  
9 the Board voted four to three to move forward with a  
10 different statewide HMO that had better access up north,  
11 access out of state. They had a lot of attributes, and I  
12 think that's why we voted for them, and it was four to three.  
13 I just would hate to see that withdrawn, and I can't condone  
14 that.

15           CHAIRMAN DROZDOFF: Well, I feel like everybody  
16 has had their chance to speak. My sense is that I've got at  
17 least two vendors that are going to abstain on this vote.  
18 Probably fair warning to -- to HPN, HHP and Anthem that  
19 depending on the motion made, I may ask for some folks to  
20 comment on the record but at this point, I mean, unless  
21 somebody has something more to say, I would entertain a  
22 motion one way or another.

23           MEMBER SAIZ: I'll make a motion.

24           CHAIRMAN DROZDOFF: Judy?  
            CAPITOL REPORTERS (775)882-5322

1 MEMBER SAIZ: Judy Saiz for the record.  
2 I'll make a motion that we don't withdraw the  
3 request for proposal for three to zero and that we proceed  
4 with Anthem as the statewide HMO for 2016, '17.  
5 CHAIRMAN DROZDOFF: Is there a second?  
6 MEMBER GARCIA: Rosalie Garcia, second.  
7 CHAIRMAN DROZDOFF: All right. Any comment on  
8 the motion?  
9 Seeing none, I'll call for the question. All  
10 those in favor, please say aye.  
11 MEMBER SAIZ: Aye.  
12 MEMBER GARCIA: Aye.  
13 MEMBER COCHRAN: Aye.  
14 MEMBER BAILEY: Aye.  
15 CHAIRMAN DROZDOFF: Okay. So that's four.  
16 And any opposed?  
17 MEMBER ANDERS: Nay.  
18 VICE CHAIR EWING-TAYLOR: Nay.  
19 CHAIRMAN DROZDOFF: That's four-two.  
20 Any abstain?  
21 MEMBER MOORE: I'll abstain, Mr. Chairman.  
22 MEMBER WELLS: I also will abstain.  
23 CHAIRMAN DROZDOFF: The vote is four-two.  
24 Is there anything you need -- let's take a  
CAPITOL REPORTERS (775)882-5322

1 five-minute break.

2 MEMBER GARCIA: Mr. Chair, did motion pass?

3 CHAIRMAN DROZDOFF: Yes, the motion passed  
4 four-two, with two abstaining.

5 MEMBER GARCIA: Thank you.

6 (Whereupon, a brief recess was taken.)

7 CHAIRMAN DROZDOFF: Mr. Murphy, can I ask you to  
8 come up. So I will tell you as Chair of this Board that I  
9 am -- I'm not just speaking to you at this point. I'm  
10 speaking to fellow Board members in the audience that it is  
11 with great -- I have great trepidation as to where we sit  
12 right now for a variety of reasons, many of which are not  
13 your doing, but nonetheless you are -- you know, you have now  
14 twice been on the receiving end of Board action favorable to  
15 pursuing negotiation with Anthem and that is -- and that runs  
16 counter advice we received from administration and  
17 purchasing, that gives me great pause, but that's where we  
18 find ourselves.

19 I'm going to ask you this question because I know  
20 there's going to be significant fallout and you heard what  
21 Ms. Andrews had to say about the timeline.

22 MR. MURPHY: Yes.

23 CHAIRMAN DROZDOFF: Which I think she nailed. I  
24 would like to know that if negotiations were opened up with  
CAPITOL REPORTERS (775)882-5322

1 you -- with your company and PEBP in a very short time frame,  
2 two weeks, three weeks max that the Board can be advised from  
3 PEBP staff whether the negotiations were deemed successful or  
4 not. Is that a commitment that you can make on behalf of  
5 your --

6 MR. MURPHY: You're asking me if we can get to  
7 negotiations and complete them within two to three weeks, is  
8 that you're what asking me?

9 CHAIRMAN DROZDOFF: Yes.

10 MR. MURPHY: I believe so. What I need but,  
11 again, I'm going to say this and I'm sorry, Mike Murphy for  
12 -- you got the spelling.

13 I want to make sure because I don't have a list  
14 of what all those issues are. I know by verbiage of what we  
15 heard on the 12th what I think the majority of the issues  
16 are. Those issues, I absolutely believe we can have wrapped  
17 up one way or another because the last thing we want is to  
18 put either the state and the public employees in any  
19 situation that's bad for them, even if we can't get to an  
20 agreement in negotiations.

21 CHAIRMAN DROZDOFF: Right, and I appreciate that  
22 because here's what I'm thinking, Damon, and, Mr. Murphy, is  
23 that -- so two and a half weeks brings us to February 12th,  
24 okay, that's where we're talking about, and I really think  
CAPITOL REPORTERS (775)882-5322

1 that that is given the time frame that Anna spelled out that  
2 is -- that really is the time frame.

3 So what I would ask, hopefully direct is that on  
4 or before the 12th, the Board is notified by you, Damon, or  
5 by PEBP staff with purchasing that a successful negotiation  
6 has occurred or it has not and if it has not, then what's our  
7 minimum public notice, three days, Kari?

8 MS. PEDROZA: Yes.

9 CHAIRMAN DROZDOFF: That we immediately schedule  
10 a special meeting that following week, three days hence, and  
11 we can continue to have negotiations with your company but  
12 the plan year -- but we would need to move the plan year a  
13 full year at that point because we simply would run out of  
14 time. So we would still have these discussions going on, but  
15 they would simply -- we would all have to agree that by, you  
16 know, by mid February, we either -- we either hammer  
17 something out or we have not. If not, the Board's vote  
18 stands but when it stands, it basically allows then we'll  
19 have to get back together and say, look, we're going to have  
20 to work with our current vendors, assuming they are willing,  
21 for an additional period of time and the negotiations with  
22 your company would continue.

23 That's -- I believe we're in a real quagmire  
24 right now. That is about the best idea that I can think of  
CAPITOL REPORTERS (775)882-5322

1 given what the Board's preference clearly is and also given  
2 sort of the very strong direction that we received from  
3 purchasing which we -- which we did not take.

4 So does that make sense to you?

5 MR. MURPHY: Yes, it does.

6 CHAIRMAN DROZDOFF: Does that make sense to you?  
7 I want you to understand.

8 MR. MURPHY: As soon as we get awarded,  
9 absolutely I will be in touch.

10 CHAIRMAN DROZDOFF: Well, we just did or what I  
11 just did.

12 VICE CHAIR EWING-TAYLOR: Can I make a  
13 suggestion? You go ahead and schedule that meeting. It's  
14 easily cancellable. It's less easy to schedule.

15 CHAIRMAN DROZDOFF: Let's do that. Kari, we will  
16 schedule a meeting and do a head count and try to schedule a  
17 meeting the week of -- yeah, the week of the 15th. Yeah, the  
18 15th is a holiday but some time that week, schedule it now  
19 and it would be a one -- it would be a one agenda topic if it  
20 has to happen at all and I will get together with -- I mean,  
21 we need to figure out what a successful negotiation is.  
22 We'll get together with purchasing to do that. Given all of  
23 the strange discussions, that's about the best that I can do.

24 Anybody have anything else, any other  
CAPITOL REPORTERS (775)882-5322

1 suggestions?

2 Anything down south?

3 All right. Then that's what we'll do. Thank  
4 you.

5 MR. MURPHY: Anything else?

6 CHAIRMAN DROZDOFF: No.

7 MR. MURPHY: Thank you today for the vote. We  
8 appreciate it. We look forward to working with you. Thank  
9 you.

10 CHAIRMAN DROZDOFF: Okay. So let's move to  
11 public comment.

12 MS. BOWEN: Peggy Lear Bowen, my name and words  
13 for the record, thank you very much and have a great great  
14 time until the week of February 15th when we will gather  
15 again and Happy Valentine's day because we just miss it.

16 CHAIRMAN DROZDOFF: Anything down south?

17 MEMBER GARCIA: We have a comment.

18 CHAIRMAN DROZDOFF: All right.

19 MS. CAMERON: My name is Vicki Cameron for the  
20 record, V-i-c-k-i C-a-m-e-r-o-n.

21 First, I want to compliment you on a meeting  
22 today. You had some difficult decisions to make and I think  
23 you handled them well.

24 But going back just a little bit to your Towers  
CAPITOL REPORTERS (775)882-5322

1 Watson, I am the president of the Retired Public Employees of  
2 Nevada, Henderson Chapter. I am still receiving complaints  
3 about poor customer service from Towers Watson. We are still  
4 having issues with the HRA and contacting them to get them  
5 resolved.

6 The people at the 800 number have very little or  
7 no knowledge to any one on one meetings that were either held  
8 here in the south or that are to be held in the north. We  
9 would like to know if there is a customer service number for  
10 PayFlex. If so, could we get that. Thank you.

11 MR. HAYCOCK: For the record, Damon Haycock.

12 Thank you for the comment. We had sent out  
13 information to the participants to my understanding but also  
14 to the former RPEN president, Marty Bibb, and so if for  
15 whatever reason information didn't filter down, we'll  
16 endeavor to do a better job, and we'll look in to the PayFlex  
17 number.

18 CHAIRMAN DROZDOFF: All right. Anything else?

19 Anybody down south?

20 Anybody up north?

21 All right. Meeting is adjourned.
