Qualifying Life Status Events

Federal regulations generally require that plan coverage remain in effect, without change, throughout the plan year unless a qualifying event occurs during the year (mid-year).

Qualifying events include the birth of a child, marriage, divorce, etc. (for a detailed explanation of qualifying events, see the [Master Plan Document for the PEBP Enrollment and Eligibility](#)). Any change made to health care benefits must be determined by PEBP to be necessary, appropriate, and consistent with the change in status. The plan must be notified in writing within 60 days of the qualifying event; otherwise, the request will not be accepted and the change cannot be made until the subsequent Open Enrollment period.

This document contains quick reference tables to assist you in determining what changes may be made online, types of qualifying events, required supporting documents, and the timeframe to submit change requests as a result of a qualifying event.

Any discrepancies between the information contained in this document and the Master Plan Document for the PEBP Enrollment and Eligibility shall be superseded by the [Master Plan Document for the PEBP Enrollment and Eligibility](#).
