<tr><td rowspan="5">AB249 (BDR 38-858)
Requires the State Plan for Medicaid and all health insurance plans to provide certain benefits relating to contraception.
This bill proposes the following changes:
Requiring all public health insurance plans in this State to provide coverage for certain benefits relating to contraception without any copay, coinsurance or a higher deductible.
Requiring certain additional forms of contraceptive drugs, devices and services to be covered by a health insurance plan, including, without limitation, up to a 12-month supply of contraceptives or its therapeutic equivalent, insertion or removal of a contraceptive device, education and counseling relating to contraception, management of side effects relating to contraception and voluntary sterilization for men and women.
Prohibiting the use of a program of step therapy or prior authorization requirement relating to the contraceptive drugs, devices and services required by this bill.
Require a health insurance plan to provide coverage for certain therapeutic equivalent drugs and devices relating to contraception when a therapeutic equivalent covered by the plan is deemed to be medically inappropriate by a provider of health care.
Require that benefits provided by a health insurance plan relating to contraception which are provided to the insured must also be provided to the spouse or dependent of an insured.
Effective Date: January 1, 2018 (Upon Renewal for PEBP – July 1, 2018)</td><td>With the approved amendment, PEBP's CDHP and HMOs would be required to provide a 12-month supply of contraceptives (versus 30-90 days today).

The amendment removed male sterilizations and wrote back in pre-authorization and step therapy, as well as copays and coinsurance for members who decline therapeutic equivalents.</td><td rowspan="5">4/3/17 – Notice of Eligibility for exemption.

4/14/17 – Assembly Health and Human Services Work Session. Amend and do pass. Amendment by Assemblyman Frierson.</td></tr>

Creates the Nevada System of Community Colleges.
This bill proposes the following changes:
• Creates the State Board for Community Colleges and provides for the appointment by the Governor of the members of the Board.
• Creates the Nevada System of Community Colleges, consisting of each community college administered under the direction of the Board and provides that the System is operated under the direction and control of the Board.
• Provides the Board with similar powers and duties relative to the supervision and control of the Nevada System of Community Colleges as those exercised by the Board of Regents under existing law.
• Creates a board of trustees for each community college within the System and provides for the appointment by the Governor of the membership of a board of trustees.
• Amends NRS 287.041 to include an additional PEBP Board member who is a professional employee of the Nevada System of Community Colleges appointed by the Governor upon consideration of any recommendations of organizations that represent employees of the Nevada System of Community Colleges.
• Amends NRS 287 to include the proposed Nevada System of Community Colleges in multiple areas similar to the Board of Regents and Nevada System of Higher Education.
Effective Date: Upon passage and approval for the purpose of adopting any regulations and performing any preparatory administrative tasks necessary to carry out the provisions of this act; and, On January 1, 2018, for all other purposes.</td><td>This bill did not pass committee on 4/14/17 and will be removed from PEBP’s bill tracking moving forward.</td><td rowspan="5">4/10/17 – Notice of Eligibility for exemption.

Bill Number & Description	Impact to PEBP & Board Position	Bill Status
AB382 (BDR 40-570) Establishes provisions governing payment for the provision of emergency services and care to patients. This bill proposes the following changes: • An out-of-network hospital with 100 or more beds that is not operated by a federal, state or local governmental agency or an out-of-network independent center for emergency medical care that is operated by a person who also operates such a hospital shall accept as payment in full for the provision of emergency services and care to a patient, other than services and care provided to stabilize the patient, a rate in accordance with subsection 2 if the patient: a) Was transported to the out-of-network hospital or out-of-network independent center for emergency medical care for the provision of emergency services and care by an ambulance, air ambulance or vehicle of a fire-fighting agency which has received a permit to operate pursuant to chapter 450B of NRS; and b) Has a policy of insurance or other contractual agreement with a third party that provides coverage to the patient for emergency services and care provided by more than one hospital and independent center for emergency medical care in this State other than the hospital or independent center for emergency medical care to which the patient was transported. • The out-of-network hospital (above) shall accept as payment in full for such emergency services and care a rate which does not exceed the greater of: a) The average amount negotiated by the third party with in-network hospitals in this State for the same or similar emergency services and care, excluding any deductible, copayment or coinsurance paid by the patient. b) One hundred twenty-five percent of the average amount paid by Medicare • These rules apply to out-of-network physicians on medical staff of out-of-network hospitals or centers for emergency care as well at the same level of payments described above. • Where disagreements occur, there are rules to mediate. **Effective Date:** Upon passage and approval for the purpose of adopting any regulations and performing any preparatory administrative tasks necessary to carry out the provisions of this act; and, On January 1, 2018, for all other purposes.	As amended, this bill now provides for a negotiation on emergency services costs between PEBP and the provider, eliminating balance billing to members receiving emergency out-of-network care. Failure to reach negotiation places the decision with the Consumer Health Advocate from the Governor's Office and their decision is binding with the costs of the mediation jointly shared. As amended, this bill now requires PEBP to potentially pay more for out-of-network services outsourcing the decision and binding result of failed negotiations to GovCHA. **Board Position** Neutral (4/6/17) **Fiscal Note** PEBP will be developing an unsolicited fiscal note addressing the amended bill.	4/10/17 – Notice of Eligibility for exemption. 4/14/17 – Assembly Health and Human Services Work Session. Amend and do pass. Amendment by Assemblywoman Carlton.

<table>
<tr><th>Bill Number & Description</th><th>Impact to PEBP & Board Position</th><th>Bill Status</th></tr>
<tr><td rowspan="5">AB408 (BDR 38-957)
Revises provisions relating to Medicaid and health insurance.
This bill proposes the following changes:
Aligns Nevada law with federal law and require all insurers to offer health insurance coverage regardless of the health status of a person and prohibits an insurer from denying, limiting or excluding a benefit or requiring an insured to pay a higher premium, deductible, coinsurance or copay based on the health status of the insured or the covered spouse or dependent of the insured.
Requires all insurers to extend coverage for the covered adult child of an insured until such child reaches 26 years of age to align Nevada law with federal law.
Requires all health insurance plans to include coverage for maternity and newborn care aligning Nevada law with federal law.
Requires all health insurance plans to include coverage, without any higher deductible or any copay or coinsurance, for certain preventive health care services for women, adults and children, including, without limitation, screenings and tests for certain diseases, counseling, contraceptive drugs, devices and services as well as vaccinations aligning Nevada law with federal law.
Requires the Director of the Department of Health and Human Services to adopt regulations specifying the preventive health care services which are required to be covered by insurers and that these requirements must include, without limitation, the preventive health care services currently required by federal law.
Insurers cannot discriminate on various protections.
Effective Date: Upon passage and approval for the purpose of adopting any regulations and performing any preparatory administrative tasks necessary to carry out the provisions of this act; and January 1, 2018, for all other purposes.</td><td>This bill in effect ensures the State of Nevada has the same provisions of the Affordable Care Act (ACA) if the ACA is repealed in part or in full.

PEBP already supports the provisions of this bill and sees no additional impact.

As amended, this bill further clarifies the intent of this legislature to maintain the status quo, not add additional requirements.</td><td rowspan="5">3/20/17 –

<tr><td rowspan="5">SB139 (BDR 40-679)
Makes various changes to provisions relating to patient-centered medical homes.
This bill proposes the following changes:
• Requiring the Advisory Council on the State Program for Wellness and the Prevention of Chronic Disease to establish an advisory group comprised of interested persons and government entities to study the delivery of health care through patient-centered medical homes.
• Requiring the Commissioner of Insurance, in consultation with the advisory group established by the Advisory Council, the Director of the Dept. of Health and Human Services and other interested persons and governmental entities, to adopt regulations prescribing standards concerning certain payments to and incentives for patient-centered medical homes.
• Incentives that are authorized by those regulations and by federal law are not considered unfair methods of competition or unfair or deceptive trade practices.
• Requiring plans of health insurance that provide coverage for a service rendered by a patient-centered medical home, including plans of health insurance provided by state and local governmental entities to their employees and Medicaid managed care plans, to provide any such payments or incentives as applicable.
Effective Date: January 1, 2018 (Upon Renewal for PEBP – July 1, 2018)</td><td>As amended, this bill no longer requires PEBP to pay incentives for services provided at Patient Centered Medical Homes.</td><td rowspan="5">2/28/17 – Notice of Eligibility for Exemption.

SB233 (BDR 38-817) Requires the State Plan for Medicaid and health insurance plans to provide certain benefits. This bill proposes the following changes: • Requiring all public and private health insurance plans made available in this State to provide coverage for certain preventative services without any copay, coinsurance or a higher deductible. • Requiring certain additional forms of contraceptive drugs, devices, supplies and services to be covered by a health insurance plan, including up to a 12-month supply of contraceptives or a therapeutic equivalent, insertion or removal of a contraceptive device, education and counseling relating to contraception and voluntary sterilization for men and women. • Requiring all public and private health insurance plans in this State to provide coverage for hormone replacement therapy without any copay, coinsurance or higher deductible. • Requiring a pharmacist to dispense up to a 12-month supply of contraceptives or their therapeutic equivalent upon the request of a patient who has a valid prescription. **Effective Date:** January 1, 2018 (Upon Renewal for PEBP – July 1, 2018)	As amended, this bill intends to only provide current ACA protections and not go beyond that. It changes the 12-month contraceptive requirement to initial 3-month, then balance of plan year, then 12-months in subsequent years. **Board Position** Neutral (4/6/17) *Previously Opposed on 3/9/17* **Fiscal Note** As amended this bill has no fiscal impact to PEBP.	3/17/17 – Notice of Eligibility for exemption. 4/12/17 –Senate Health and Human Services Work Session; Amend and do pass. Amendment by Senator Ratti.

<table>
<tr><th>Bill Number & Description</th><th>Impact to PEBP & Board Position</th><th>Bill Status</th></tr>
<tr><td rowspan="5">SB265 (BDR 40-809)
Revises provisions concerning prescription drugs.
This bill proposes the following changes:
Requiring the manufacturers of certain expensive prescription drugs or prescription drugs that have increased in price to submit to the Dept. of Health and Human Services a report providing justification for the price or price increase, as applicable.
Requires a manufacturer to reimburse the purchaser of a drug that is included on the list of essential diabetes drugs compiled by the Department of Health and Human Services if: (1) the wholesale acquisition cost of the drug exceeds the highest price paid for the drug in certain foreign countries; or (2) the manufacturer increases the wholesale acquisition cost of a drug during a calendar year by more than a prescribed amount.
Requires an insurer, including a state or local governmental entity that insures its employees, that receives such a reimbursement to refund (to the extent of such reimbursement) any deductible paid by an insured for the drug in an amount that does not exceed the amount of the reimbursement.
Requiring an insurer, including a state or local governmental entity that insures its employees, that uses a formulary to publish before each open enrollment period a notice of all drugs that have been removed from the formulary or will be removed from the formulary during the current plan year or the next plan year.
Effective Date: January 1, 2018 (Upon Renewal for PEBP – July 1, 2018)</td><td>If passed PEBP will need to coordinate with our Pharmacy Benefits Manager (Express Scripts) to ensure we post formulary changes on diabetes drugs on our website no later than 30 days before open enrollment (April 1) of each year.

Additionally, if PEBP receives a reimbursement from manufacturers for diabetes drugs under section 6 of the bill, PEBP would need to refund a participants' deductible (but not coinsurance) applied to the purchase.

These requirements would also be implemented for PEBP's HMOs.

The plan sponsor has notified PEBP an amendment is being drafted to remove PEBP from Diabetes Rebate requirements.</td><td rowspan="5">4/4/17 – Notice of Eligibility for exemption.

Bill Number & Description	Impact to PEBP & Board Position	Bill Status

SB289 (BDR 57-675)
Requires certain policies of health insurance to cover services provided by an out-of-network physician.
This bill proposes the following changes:
• If an insurer offers for sale in this State a policy of health insurance that provides coverage through a network plan, the insurer shall provide for the reimbursement of services provided by an out-of-network physician to a person covered by the policy of health insurance upon submission of a claim by the physician.
• The insurer shall provide reimbursement to the physician within 30 days after receipt of a claim in an amount equal to the lesser of:
  o The amount billed by the physician in the claim submitted by the physician; or
    o The 80th percentile for the particular service in the geographic area where the service was provided as reported in the database selected by the Commissioner.
    o The Commissioner shall, by regulation, adopt a database containing benchmarks for charges for services provided by a physician.
• An insurer who offers or issues a policy of group health insurance which provides coverage through a network plan shall include in the policy of group health insurance:
  o A notice that the provisions of this act apply to health care services received from an out-of-network physician while covered by the policy of group health insurance; and
  o A procedure for the recovery of a copayment, deductible or coinsurance from a person covered by the policy of group health insurance for any reimbursement paid.
Effective Date: Upon passage and approval for the purpose of adopting any regulations and performing any preparatory administrative tasks necessary to carry out the provisions of this act; and January 1, 2018, for all other purposes.
	PEBP maintains multiple networks of providers with guaranteed discounts to control costs for the state. If this bill is passed, out-of-network physicians will be reimbursed at higher rates than in-network physicians, incentivizing a migration of physicians away from the networks altogether.
	
	The 80th percentile in effect could potentially become a 20% off traditional billed charges. PEBP currently averages 62.8% in-network discount with 96.4% utilization.
	
	PEBP is developing a fiscal note to show impact of out-of-network incentivized payments.
	
	These requirements also apply to HMOs. HMOs do not traditionally provide care outside of their networks unless it is urgent or emergent. Therefore, these requirements also force HMOs to act like PPOs. Their costs could increase dramatically.
	
	As amended this bill continues to overpay out-of-network physicians and disrupts the marketplace as a whole.
	
	Board Position
	Opposed (4/6/17)
	
	Fiscal Note
	FY 18 = $12,900,000
	FY 19 = $13,416,000
	Future Biennia = $28,463,386
	
	Higher Costs will be paid through increased employer and employee contributions or a reduction in plan benefits.
		4/4/17 – Notice of Eligibility for exemption.
		
		4/12/17 – Senate Commerce, Labor and Energy Work Session; Amend and do pass and rerefer to Senate Finance. Amendment by Senator Hardy.

Bill Number & Description	Impact to PEBP & Board Position	Bill Status
SB366 (BDR 38-927) Revises provisions relating to Medicaid and the release of health insurance claims data under certain conditions. This bill proposes the following changes: • Requires an insurer which provides health insurance coverage pursuant to a contract with the Public Employees' Benefits Program to provide either: (1) all claims data relating to the enrollees of such coverage to the Board of the Program once every 3 months; or (2) sufficient data for the Board to calculate the cost of providing certain medical services through the insurer, including, without limitation, data relating to patient demographics, drug prescriptions, office visits with a provider of health care, inpatient services, outpatient services and certain other data required for an insurer to comply with certain sections of the Patient Protection and Affordable Care Act (Public Law 111-148, as amended). ○ Requires this data to: (1) be free of any personally identifiable information; (2) comply with all other federal and state laws concerning privacy; and (3) be easily accessible. **Effective Date:** July 1, 2017	As amended, this bill no longer impacts PEBP. It will be removed from PEBP's bill tracking moving forward. **Board Position** Neutral (4/6/17) **Fiscal Note** No Fiscal Impact.	4/12/17 – Senate Health and Human Services Work Session; Amend and do pass. Amendment by Senator Cancela and DHCFP.

Bill Number & Description	Impact to PEBP & Board Position	Bill Status
SB394 (BDR 38-950) Revises provisions relating to Medicaid managed care and required coverage provided by health insurers. • Prohibits an insurer from establishing eligibility rules for a health care plan based on certain health status factors, including, without limitation, preexisting conditions, claims history or genetic information, and also prohibits an insurer from charging a higher premium, deductible or copay based on these health status factors. • Requires that all insurers offer health insurance coverage regardless of the health status of a person and prohibit an insurer from denying, limiting or excluding a benefit or requiring an insured to pay a higher premium, deductible, coinsurance or copay based on the health status of the insured or the covered spouse or dependent of the insured. • Requires an insurer that offers or issues a policy of group health insurance shall include in each policy coverage for all essential health benefits and shall not place an annual, lifetime or other maximum limit on coverage for such essential health benefits. Such essential health benefits must include, without limitation: (a) Outpatient services; (b) Emergency care; (c) Hospitalization; (d) Pregnancy, maternity and newborn care; (e) Services relating to mental health and substance use disorders, including, without limitation, treatment for behavioral health and inpatient services for behavioral and mental health; (f) Prescription drugs; (g) Rehabilitative and habilitative services and devices; (h) Laboratory services; (i) Preventive and wellness services and management of chronic diseases; (j) Pediatric services, including, without limitation, oral and vision care for children; (k) Contraceptive drugs, devices and services; and (l) Breastfeeding support, counseling and supplies. • Requires an insurer that offers or issues a policy of group health insurance which provides coverage for dependent children shall continue to make such coverage available for an adult child of an insured until such child reaches 26 years of age. • This bill does not require an insurer to make coverage available for a dependent of an adult child of an insured. **Effective Date:** Upon passage and approval for the purpose of adopting any regulations and performing any preparatory administrative tasks necessary to carry out the provisions of this act; and January 1, 2018, for all other purposes.	This bill in effect ensures the State of Nevada has the same provisions of the Affordable Care Act (ACA) if the ACA is repealed in part or in full. PEBP already supports the provisions of this bill and sees no additional impact. As amended, this bill also requires a HMO to provide data to a group purchaser who files a request. **Board Position** Neutral (4/6/17) **Fiscal Note** No Fiscal Impact.	4/12/17 – Senate Health and Human Service Work Session; Amend and do pass and re-refer to Senate Finance. Amendment by Senator Spearman and the Laborer's International Union.

Bill Number & Description	Impact to PEBP & Board Position	Bill Status
SB404 (BDR 57-467) Revises provisions relating to health insurance coverage of certain cancer treatment drugs. • Authorizes the use of a drug approved by the United States Food and Drug Administration for the treatment of metastatic cancer, including, without limitation, cancer identified as advanced or stage four, without the insured having to first fail to respond successfully to a different drug or prove a history of failure of such drug. • Prohibits an insurer, carrier, hospital or medical services corporation, health maintenance organization and managed care organization from requiring prior authorization for the mandated benefits. **Effective Date:** July 1, 2017	This bill did not pass committee on 4/14/17 and will be removed from PEBP's bill tracking moving forward. **Board Position** Neutral (4/6/17) **Fiscal Note** PEBP believes the requirements of this BDR will result in an overall increase in claims costs requiring an increase to employer and employee contributions or a reduction to plan benefits. Although there will be a fiscal impact PEBP is unable to determine the cost.	4/14/17 - Pursuant to Joint Standing Rule No. 14.3.1, no further action allowed.
