# HSA/HRA Supplemental Funding FAQ's

**Starting July 1, 2018, PEBP's Consumer Driven Health Plan (CDHP) will be offering primary participants the ability to earn an additional \$200 of HSA/HRA funding. This funding is in addition to the \$700 per primary participant and \$200 per dependent (max 3) contribution.**

## 1. What are the requirements?

To receive the supplemental contribution for Plan Year 2019 (PY19), a participant will need to complete two sets of requirements (please see the chart below). Participants will be able to earn the contributions in separate \$100 increments. Funding will occur as each set of requirements is met.

## 2. Who is eligible to receive the benefit?

Only primary participants enrolled in the CDHP are eligible for the \$200 HSA/HRA in supplemental contributions. Spouses and dependents are not eligible for this additional funding.

## 3. What is the deadline for completing the requirements for PY19?

To receive the PY19 supplemental contribution, you will need to complete all of the requirements between July 1, 2018 and June 30, 2019. Activities completed before July 1, 2018 or after June 30, 2019 will not be applied.

## 4. I have dentures, do I still need to complete the dental cleaning?

Certain exceptions will be made to the requirements based on an individual's health conditions. If a participant cannot meet the requirement due to medical restrictions or diagnosis, PEBP's third party administrator will coordinate with the provider to ensure an exception is made. To request an exception to any of the requirements, contact HealthSCOPE Benefits at 1-888-763-8232.

## 5. Is my OB/GYN visit considered an annual preventive exam?

Yes, however the provider must bill the office visit as preventive in order to meet the requirement and be covered at 100% under preventive wellness benefits.

## 6. I am employed as police/fire and receive an annual medical exam through my employer. Will this count as my annual preventive physical exam?

Yes. Please contact HealthSCOPE Benefits at 1-888-763-8232 so that this can be applied.

## 7. What lab work is required under the annual preventive lab work requirement?

Basic lab tests include a basic metabolic panel, general health panel, electrolyte panel and a lipid panel. Your physician will recommend the appropriate lab work necessary.

## 8. I have already [registered for Doctor on Demand](#). Do I need to register again?

No. If you have already registered for Doctor on Demand, you will not need to do so again. However, you will need to complete the Healthcare Bluebook guided tour in order to satisfy the requirement to receive the \$100 HSA/HRA contribution. Please be sure that your Doctor on Demand profile shows *The State of Nevada* as your employer. If this information is missing or incorrect you may not get credit for your registration or there may be a delay in the reporting sent to HealthSCOPE Benefits which will cause a delay to your funding.

## 9. I have completed all 4 preventive requirements. When will I receive my \$100 contribution?

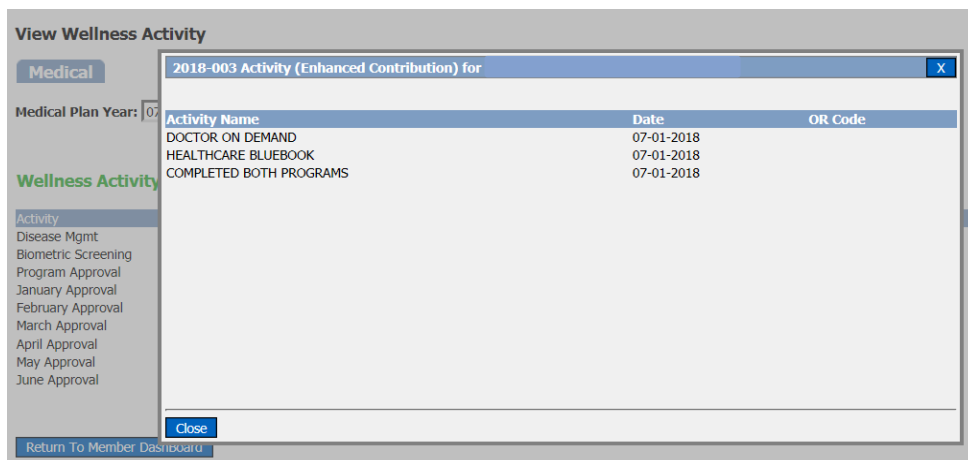

The supplemental contribution is triggered by your provider submitting a claim. By statute, providers have up to 365 days to submit your claim for processing, however providers typically submit claims within 60 days. Once the claim is received, HealthSCOPE Benefits will process it and if it is determined that all 4 requirements have been met, the additional \$100 funding will be credited to your HSA/HRA account on the first day of the following month. If you feel that you have met all 4 requirements and have verified through your provider(s) that your claim(s) have been submitted but you have still not received your funding, please contact HealthSCOPE Benefits at 1-888-763-8232.

## 10. I have completed my registration for Doctor on Demand and have completed the Healthcare Bluebook guided tour. When will I receive my \$100 contribution?

Funding can typically take between 30-60 days, but may take up to 90 days. PEBP only receives registration and participation data once a month. Once PEBP is notified that both requirements have been met, funding will normally occur the following month.

## 11. Where can I verify that my preventive wellness requirements, registration for Doctor on Demand and Healthcare Bluebook guided tour have been completed?

You may log in to your [E-PEBP Portal](#) and then click on the *HealthSCOPE Benefits* single sign on link. From there, scroll down to the *CDHP Enhanced HSA/HRA Requirements* link listed under *Resources* on the left hand side. A box with your completed information should pop up automatically. You may also call HealthSCOPE Benefits. Please allow a few weeks for the Doctor on Demand and Healthcare Bluebook reporting to be sent to HealthSCOPE.

The screenshot shows a 'View Wellness Activity' window with a table of completed activities. The table has columns for Activity Name, Date, and OR Code. The activities listed are DOCTOR ON DEMAND, HEALTHCARE BLUEBOOK, and COMPLETED BOTH PROGRAMS, all dated 07-01-2018.
