INDEPENDENT AUDITOR'S REPORT

To the Board of the
Public Employees' Benefits Program, State of Nevada

Report on the Financial Statements

We have audited the accompanying financial statements of the State Retirees' Health & Welfare Benefits Fund, Public Employees' Benefits Program of the State of Nevada, as of and for the years ended June 30, 2017 and 2016, and the related notes to the financial statements, which collectively comprise the basic financial statements as listed in the table of contents.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in Government Auditing Standards, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

Opinion

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the State Retirees' Health & Welfare Benefits Fund, Public Employees' Benefits Program of the State of Nevada as of June 30, 2017 and 2016, and the respective changes in fiduciary net position thereof for the years then ended in accordance with accounting principles generally accepted in the United States of America.

Emphasis of a Matter

As discussed in Note 1, the financial statements present only the State Retirees' Health & Welfare Benefits Fund, Public Employees' Benefits Program of the State of Nevada. They do not purport to, and do not, present fairly the financial position of the State of Nevada, as of June 30, 2017 and 2016, and the changes in its net position, for the years then ended, in conformity with accounting principles generally accepted in the United States of America. Our opinion is not modified with respect to this matter.

Other Matters – Required Supplementary Information

Accounting principles generally accepted in the United States of America require that the Schedule of Changes in Net OPEB Liability, Schedule of Changes in Net OPEB Liability and Related Ratios, Schedule of Contributions, and Schedule of Funding Progress be presented to supplement the basic financial statements. Such information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board, who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's response to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

Other Reporting Required by Government Auditing Standards

In accordance with *Government Auditing Standards*, we have also issued our report dated October 23, 2017 on our consideration of the State Retirees' Health & Welfare Benefits Fund, Public Employees' Benefits Program of the State of Nevada's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering State Retirees' Health & Welfare Benefits Fund, Public Employees' Benefits Program of the State of Nevada's internal control over financial reporting and compliance.

NOTES TO FINANCIAL STATEMENTS
JUNE 30, 2017 AND 2016**

NOTE 1 - Summary of Significant Accounting Policies:

Reporting Entity:

The financial statements of the State Retirees' Health and Welfare Benefits Fund, Public Employees' Benefits Program ("PEBP") of the State of Nevada ("Retirees' Fund") have been prepared in conformity with accounting principles generally accepted in the United States of America (USGAAP) as applied to governmental units. The Governmental Accounting Standards Board (GASB) is the accepted standard-setting body for establishing governmental accounting and financial reporting principles. A summary of the Retirees' Fund's significant accounting policies applied in the preparation of the accompanying financial statements is presented below.

Basis of Accounting:

The financial statements of the Retirees' Fund have been prepared using the accrual basis of accounting and the economic resources measurement focus. Employer contributions are recognized when due and the employer has made a formal commitment to provide the contributions. Benefits and refunds are recognized when due and payable in accordance with the terms of the plan. The Retirees' Fund does not receive member contributions. The Retirees' Fund is accounted for as a fiduciary fund that is administered as an irrevocable trust fund.

Method Used to Value Investments:

Investments are reported at fair value, which for the Retirees' Fund is determined by the Retirement Benefits Investment Fund.

Plan Description and Contribution Information:

The State Retirees' Health and Welfare Benefits Fund was created in 2007 by the Nevada Legislature to account for the financial assets designated to offset the portion of current and future costs of health and welfare benefits paid on behalf of state retirees. The Retirees' Fund is a multiple employer cost sharing defined postemployment benefit plan run by the PEBP Board. The Retirees' Fund provides benefits other than pensions to eligible retirees and their dependents through the payment of subsidies to PEBP which administers a group health and life insurance program.

Pursuant to NRS 287.023 and NRS 287.046, the following individuals and their dependents are eligible to receive benefits from the Retirees' Fund:

Any PEBP covered retiree with state service whose last employer was the state or a participating local government entity and who:

- Has at least five years of public service and who was initially hired by the state prior to January 1, 2010; or
- Has at least fifteen years of public service and who was initially hired by the state on or after January 1, 2010, but before January 1, 2012; or
- Has at least five years of public service, who has a disability and who was initially hired by the state on or after January 1, 2010, but before January 1, 2012; or
- Any PEBP covered retirees with state service whose last employer was not the state or a participating local government entity and who has been continuously covered under PEBP as a retiree since November 30, 2008.

STATE RETIREES' HEALTH & WELFARE
BENEFITS FUND
PUBLIC EMPLOYEES' BENEFITS PROGRAM
NOTES TO FINANCIAL STATEMENTS
JUNE 30, 2017 AND 2016**

NOTE 1 - Summary of Significant Accounting Policies (continued):

Plan Description and Contribution Information (continued):

State service is defined as employment with any Nevada State agency, the Nevada System of Higher Education and any State Board or Commission. Participating local government entity is defined as a county, school district, municipal corporation, political subdivision, public corporation or other local governmental agency that has an agreement in effect with PEBP to provide health coverage for its active employees.

The money in the Retirees' Fund belongs to the officers, employees and retirees of the State of Nevada in aggregate; neither the State nor the governing body of any county, school district, municipal corporation, political subdivision, public corporation or other local governmental agency of the State, nor any single officer, employee or retiree of any such entity has any right to the money in the Retirees' Fund. Pursuant to NRS 287.0425, the Executive Officer reports information regarding the Retirees' Fund annually to the Governor's Finance Office and the Nevada Legislature. The Retirees' Fund is governed by NRS 287.0436 through NRS 287.04364.

Contributions to the fund are paid by the State of Nevada through an assessment of actual payroll paid by each State entity. The assessment is set by the Governor's Finance Office based on an amount provided by the Legislature each biennium in session law. The assessment was 2.36% and 2.13% of actual payroll for the years ending June 30, 2017 and 2016, respectively. Benefits are paid to the Public Employees' Benefits Program Self Insurance Trust Fund as necessary to offset retiree premiums pursuant to NRS 287.046. Funds not required to pay benefits are invested in the Retiree Benefits Investment Fund established pursuant to NRS 355.220 or are held in the State of Nevada general portfolio pursuant to NRS 226.110 as approved in the legislatively approved budget. Administrative costs of the Retirees' Fund are absorbed by the Self Insurance Trust Fund.

State active employee and retiree enrollment and inactive members consisted of the following June 30, 2017 and 2016, respectively:

	<u>2017</u>	<u>2016</u>
Active Employees	25,628	25,202
Retirees	<u>10,589</u>	<u>10,032</u>
Total Enrollment	<u>36,217</u>	<u>35,234</u>
Number of pay centers (participating employers)	26	26

The Retirees' Fund is governed by the Public Employees Benefits Program Board of Trustees which consists of ten members who are appointed by the Governor of the State of Nevada. Each appointee represents a specific class of public employees and retirees including the Nevada System of Higher Education, retired public employees, state employees, and local government employees. Additionally, two members must have substantial and demonstrated experience in risk management, health care administration, or employee benefits programs. One member must be employed in a managerial capacity for the Nevada State Department of Administration. These requirements are all in accordance with NRS 287.041.

BENEFITS FUND
PUBLIC EMPLOYEES' BENEFITS PROGRAM
NOTES TO FINANCIAL STATEMENTS
JUNE 30, 2017 AND 2016

NOTE 1 - Summary of Significant Accounting Policies (continued):

New Accounting Pronouncements:

In February 2015, GASB issued Statement No. 72, *Fair Value Measurement and Application* (GASB 72), which addresses accounting and financial reporting issues related to fair value measurements. GASB 72 provides guidance for determining fair value measurement for financial reporting purposes in addition to providing guidance for applying fair value to certain investments and disclosures related to all fair value measurements. GASB 72 is effective for fiscal years beginning after June 15, 2015. The Retirees' Fund has implemented this pronouncement during 2016, which did not result in a material change to the financial statements.

In June 2015, GASB issued Statement No. 74, *Financial Reporting for Postemployment Benefit Plans Other Than Pensions* (GASB 74) which addresses accounting and financial reporting issues related to other post employment benefit plans and replaces GASBs 43 and 57. GASB 74 is effective for fiscal years beginning after June 15, 2016. The Retirees' Fund has implemented this pronouncement during 2017, the results of which were changes to the reporting format of the financial statements, additional footnote disclosures, and changes to the required supplementary schedules from what was presented in prior years.

In June 2015, GASB issued Statement No. 75, *Accounting and Financial Reporting for Postemployment Benefits other than Pensions* (GASB 75), which improves accounting and financial reporting by state and local governments for postemployment benefits other than pensions (other postemployment benefits or OPEB). It also improves information provided by state and local governmental employers about financial support for OPEB that is provided by other entities. GASB 75 is effective for fiscal years beginning after June 15, 2017. The anticipated impact of this pronouncement is uncertain at this time.

NOTE 2 – Net OPEB Liability:

Funding Status and Funding Progress

The projections of the net OPEB liability are based on the substantive plan (the plan as understood by the employer and plan members) and included the types of benefits provided at the time of each valuation and the historical pattern of sharing of benefit costs between the employer and plan members to that point. The projection of the net OPEB liability does not explicitly incorporate the potential effects of legal or contractual funding limitations on the pattern of cost-sharing between the employer and plan members in the future. The actuarial methods and assumptions used include techniques that are designed to reduce the effects of short-term volatility in actuarial estimated liabilities and the actuarial value of assets, consistent with the long-term perspective of the calculations. However, the preparation of any estimate of future post-employment costs require consideration of a broad array of complex social and economic events. Future changes in the healthcare reform, changes in reimbursement methodology, the emergence of new and expensive medical procedures and prescription drug options, changes in the investment rate of return and other matters increase the level of uncertainty of such estimates. As such, the estimate of post-employment program costs contains considerable uncertainty and variability and actual experience may vary significantly by the current estimated net OPEB liability.

STATE OF NEVADA
STATE RETIREES' HEALTH & WELFARE
BENEFITS FUND
PUBLIC EMPLOYEES' BENEFITS PROGRAM
NOTES TO FINANCIAL STATEMENTS
JUNE 30, 2017 AND 2016

NOTE 2 – Net OPEB Liability (continued):

Net OPEB Liability of the Retirees' Fund

The components of the net OPEB liability of the Retiree's Fund at June 30, 2017, were as follows:

Total OPEB liability	\$ 1,549,665,000	\$ 1,510,781,400
Plan fiduciary net position	\$ 1,331,900	\$ 1,476,200
Net OPEB liability	\$ 1,548,333,100	\$ 1,509,305,200
Plan fiduciary net position as a percentage of the total OPEB liability	0.00%	0.00%

Actuarial Assumptions

The total OPEB liability was determined by an actuarial valuation as of June 30, 2017, using the following actuarial assumptions, applied to all periods included in the measurement, unless otherwise specified:

Inflation	2.75%
Salary increases	Dependent upon pension system ranging from 1.00% to 10.65%, including inflation
Discount rate	3.58%, 20-Year Municipal Bond Index
Healthcare cost trend rates	For medical and prescription drug benefits, this amount initially is at 6.50% and decreases to a 5.00% long-term trend rate after six years. For dental benefits, the trend rate is 4.00%.
Actuarial Method	Entry Age Normal - Level % of Salary Method

Mortality rates were based on the RP-2000 Combined Healthy Mortality Table projected to 2014 with Scale AA for regular participants and RP-2000 Combined Healthy Mortality Table projected to 2014 with scale AA for Fire and Police.

The actuarial assumptions used in the June 30, 2017 valuation were based on the results of an actuarial experience study for the period July 1, 2016 to June 30, 2017.

As the Retirees' Fund is funded on a pay-as-you-go basis, the discounted rate is equal to the 20-Year Municipal Bond Index rate of 3.58%.

Discount rate

The discount rate basis under GASB 74 is required to be consistent with a 20-Year Municipal Bond Index. The Bond Buyer General Obligation 20-Year Municipal Bond Index is used for the determination of the discount rate. The assets in the trust as of June 30, 2017 are less than the expected benefit payments in the first year; therefore, the crossover period is assumed to be in the first year, which provides additional support for continuing the discount rate at the 20-Year Municipal Bond Index rate.

The discount rates used for fiscal years ended June 30, 2017 and 2016 are 3.58% and 2.85%, respectively.

STATE RETIREES' HEALTH & WELFARE
BENEFITS FUND
PUBLIC EMPLOYEES' BENEFITS PROGRAM
NOTES TO FINANCIAL STATEMENTS
JUNE 30, 2017 AND 2016

NOTE 2 – Net OPEB Liability (continued):

Sensitivity of the Net OPEB Liability to Changes in the Discount Rate

The following presents the net OPEB liability of the Retirees' Fund, as well as what the Retirees' Fund's net OPEB liability would be if it were calculated using a discount rate that is 1-percentage-point lower (2.58 percent) or 1-percentage-point higher (4.58 percent) than the current discount rate:

	1% Decrease (2.58%)	Discount Rate (3.58%)	1% Increase (4.58%)
Net OPEB Liability (asset)	\$ 1,668,976,300	\$ 1,509,305,300	\$ 1,368,567,400

Sensitivity of the Net OPEB Liability to Changes in the Healthcare Cost Trend Rates

The following presents the net OPEB liability of the Retirees' Fund, as well as what the Retirees' Fund liability would be if it were using healthcare cost trend rates that are 1-percentage-point lower or 1-percentage-point higher than the current healthcare cost trend rates:

	1% Decrease	Trend Rate	1% Increase
Net OPEB Liability (asset)	\$ 1,390,415,800	\$ 1,509,305,300	\$ 1,647,769,500

NOTE 3 - Cash and Deposits with the State Treasurer as of June 30:

	2017	2016
Cash:		
Deposits with State Treasurer:		
State Treasurer's Investment Pool	\$ 3,411,006	\$ 3,192,461
GASB 31 adjustment	(9,681)	12,062
Total Cash and Deposits	<u>\$ 3,401,325</u>	<u>\$ 3,204,523</u>

The Nevada Revised Statutes direct the Office of the State Treasurer to deposit funds into any state, or national bank, credit union or savings and loan association covered by federal depository insurance. For those deposits over and above the federal depository insurance maximum balance, sufficient collateral must be held by the financial institution to protect the State of Nevada against loss. The pooled collateral for deposits program maintains a 102% pledge collateral for all public deposits.

NRS 355.140 details the types of securities in which the State may invest. In general, authorized investments include: certificates of deposit, asset-backed securities, bankers' acceptances and commercial paper, collateralized mortgage obligations, corporate notes, money market funds whose policies meet the criteria set forth in the statute, United States treasury securities and specific securities implicitly guaranteed by the federal government. Additionally, the State may invest in limited types of repurchase agreements; however, statutes generally prohibit the State from entering into reverse-repurchase agreements.

A copy of the State of Nevada Comprehensive Annual Financial Report can be obtained online at http://controller.nv.gov/FinancialReports/CAFR_Download_Page.html.

STATE RETIREES' HEALTH & WELFARE
BENEFITS FUND
PUBLIC EMPLOYEES' BENEFITS PROGRAM
NOTES TO FINANCIAL STATEMENTS
JUNE 30, 2017 AND 2016**

NOTE 4 – Interfund Balances:

Interfund balances at June 30, 2017 and 2016 consisted of the following:

	2017	2016
Due to fiduciary fund from:		
General funds	\$ 137,402	\$ 94,802
Internal service funds	6,221	5,490
Trust funds	20,312	-
Total due to fiduciary fund from other funds	\$ 163,935	\$ 100,292
 Due to fiduciary fund from:		
All others	\$ 1,371,241	\$ 2,256,424
Total due to fiduciary fund from component units	\$ 1,371,241	\$ 2,256,424
 Due from fiduciary fund:		
Internal service funds	\$ 4,948,382	\$ 5,567,132
Agency funds	20	-
Total due to internal service funds from fiduciary fund	\$ 4,948,402	\$ 5,567,132

These balances resulted from the time lag between the dates that (1) interfund contributions are provided or benefit payments occur, (2) transactions are recorded in the accounting system, and (3) payments between funds are made.

NOTE 5 - Retirement Benefits Investment Fund:

The Nevada Legislature established the Retirement Benefits Investment Fund (RBIF) with an effective date of July 1, 2007. The purpose of the Fund is to invest contributions made by participating public entities, as defined NRS 355.220 to enable such entities to support financing of other post employment benefits at some time in the future. Per NRS 355.220(2) monies received by the RBIF from participating entities are held for investment purposes only and not in any fiduciary capacity. Each participating entity acts as fiduciary for its particular share of the Fund. NRS 355.220(2) requires that any money in the Fund must be invested in the same manner as money in the Public Employees' Retirement System of Nevada (PERS) Investment Fund is invested. The PERS Investment Fund is governed primarily by the "prudent person" standard as set forth in NRS 286.682, which authorizes the Retirement Board to invest PERS' funds in

"every kind of investment which persons of prudence, discretion and intelligence acquire or retain for their own account." PERS has established limits on the concentration of investments in any single issuer or class of issuer or managed by a single investment firm. In general, the authorized investments include: fixed income, both US comingled and non-US comingled; domestic, international and comingled equity; money market funds; and short-term investments.

STATE OF NEVADA
STATE RETIREES' HEALTH & WELFARE
BENEFITS FUND
PUBLIC EMPLOYEES' BENEFITS PROGRAM
NOTES TO FINANCIAL STATEMENTS
JUNE 30, 2017 AND 2016

NOTE 5 - Retirement Benefits Investment Fund (continued):

RBIF is designed to value participants' shares in the Fund according to the contributions of each entity, and accordingly, earnings (including realized and unrealized gains and losses, interest, and other income) and expenses are allocated to each entity in proportion to the participant's share in the Fund. The financial statements of the RBIF were audited in accordance with auditing standards generally accepted in the United States of America and can be obtained from the Public Employees' Retirement System, 693 West Nye Lane, Carson City, Nevada 89703.

NOTE 6 - Fair Value:

The Retirees' Fund holds investments that are measured at fair value on a recurring basis. The Retirees' Fund categorizes its fair value measurements within the fair value hierarchy established by generally accepted accounting principles. Investments measured and reported at fair value using Level inputs are classified and disclosed in one of the following categories:

Level 1 – Quoted prices are available in active markets for identical investments as of the reporting date. The types of investments included in Level 1 include U.S. Treasuries securities and listed equities.

Level 2 – Quoted prices for similar instruments in active markets; quoted prices for identical or similar instruments in markets that are not active; and model-driven valuations in which all significant inputs and significant value drivers are observable.

Level 3 – Valuations derived from valuation techniques in which significant inputs or significant value drivers are unobservable.

The following table presents fair value measurements as of June 30, 2017:

	Level 1
U.S. treasury securities & equities	\$1,478,881
Total investments	\$1,478,881

The following table presents fair value measurements as of June 30, 2016:

	Level 1
U.S. treasury securities & equities	\$1,316,665
Total investments	\$1,316,665

Debt and equity securities classified in Level 1 of the fair value hierarchy are valued using prices quoted in active markets for those securities. All investments are classified in Level 1.

Net OPEB liability as a percentage of payroll	91%	95%

* Information for fiscal year 2015 and prior is not available.

Notes to Schedule:

Benefit Changes: None

Changes in Assumptions: The \$147,182,600 increase in the liability from June 30, 2016 is due to the decrease in the assumed discount rate from 3.80% as of June 30, 2015 to 2.85% as of June 30, 2016. The \$115,131,000 decrease in the liability from June 30, 2016 from June 30, 2017 is due to the increase in the assumed discount rate from 2.85% as of June 30, 2016 to 3.58% as of June 30, 2017.

All total OPEB liability numbers reflect the plan provisions that are currently in effect as disclosed in this report. The total OPEB liabilities prior to June 30, 2017 are shown for illustrative purposes and differ solely due to the discount rate in effect at each date.

**INDEPENDENT AUDITOR'S REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING
AND ON COMPLIANCE AND OTHER MATTERS BASED ON AN AUDIT OF FINANCIAL
STATEMENTS PERFORMED IN ACCORDANCE WITH *GOVERNMENT AUDITING STANDARDS***

To the Board of the
Public Employees' Benefits Program, State of Nevada

We have audited, in accordance with the auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States, the financial statements of the State Retirees' Health & Welfare Benefits Fund, Public Employees' Benefits Program of the State of Nevada, as of and for the year ended June 30, 2017, and the related notes to the financial statements, which collectively comprise the State Retirees' Health & Welfare Benefits Fund, Public Employees' Benefits Programs basic financial statements, and have issued our report thereon dated October 23, 2017.

Internal Control over Financial Reporting

In planning and performing our audit of the financial statements, we considered the State Retirees' Health & Welfare Benefits Fund, Public Employees' Benefits Program's internal control over financial reporting (internal control) to determine the audit procedures that are appropriate in the circumstances for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the State Retirees' Health & Welfare Benefits Fund, Public Employees' Benefits Programs internal control. Accordingly, we do not express an opinion on the effectiveness of the State Retirees' Health & Welfare Benefits Fund, Public Employees' Benefits Program's internal control.

A *deficiency in internal control* exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. A *material weakness* is a deficiency, or a combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected on a timely basis. A *significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or, significant deficiencies. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

Compliance and Other Matters

As part of obtaining reasonable assurance about whether the State Retirees' Health & Welfare Benefits Fund, Public Employees' Benefits Program's financial statements are free from material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

Purpose of this Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the entity's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the entity's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.
