Welcome

Soon you or your covered dependent will be eligible for Medicare. As a retiree or a covered dependent of a retiree who is aging into Medicare, you will have new options for your medical, dental, prescription drug, and vision coverage.

What is changing? When you are retired and become eligible for premium-free Medicare Part A you will need to enroll in Part A and purchase Medicare Part B coverage and, in most cases, you must transition into a medical plan offered through the Medicare Exchange, Via Benefits. Via Benefits gives you access to a Medicare marketplace which offers Medicare Advantage Plans (PPO and HMO plans) and Medigap (supplement) Plans.

Eligible retirees enrolled in a medical plan through Via Benefits will qualify for a monthly contribution to a Via Benefits Health Reimbursement Arrangement (HRA) account. The contribution is based on the retiree’s years of service (beginning with 5 years up to a maximum of 20 years). If you are eligible for the HRA allocation, your first Via Benefits HRA contribution will begin when your medical plan becomes effective through Via Benefits. For Via Benefits HRA contribution amounts, refer to the PEBP HRA Funding section of this guide.

Important: This interactive guide will explain the PEBP Medicare requirements, enrollment options, and timeframes. PEBP has very specific enrollment timeframe requirements for Medicare. It is very important that you read and understand these requirements. If you have questions you may send a secure message through your E-PEBP Portal or call PEBP Member Services at 775-684-7000 or 1-800-326-5496.

Note: Active employees and eligible dependents are not required to enroll in Medicare until retirement. See the Enrollment and Eligibility section of this guide for more details.
WHO IS VIA BENEFITS?

PEBP has chosen Via Benefits to work with you as you approach age 65 and become eligible for Medicare. Via Benefits is not an insurance company. They are a resource that gives you access to a Medicare marketplace that includes a wide variety of plans from the nation's leading health insurers. They will assist you with your enrollment options and help you transition from your current group coverage (PEBP) to a medical plan offered by Via Benefits. The individual insurance plan(s) you purchase from Via Benefits will replace the group plan you currently have through PEBP.

Via Benefits also administers the Public Employees’ Benefits Program Retiree Health Reimbursement Account and reimbursements to eligible Medicare retirees.
Licensed Benefit Advisors

What to Expect

Licensed Benefit Advisors are licensed by state departments of insurance and must be certified by the health insurance carriers before they can enroll retirees into their products.

To help you decide which individual plan(s) are right for you, you will have the assistance and expertise of a Via Benefits Licensed Benefit Advisor. During your enrollment, your Benefit Advisor will help you compare, select and enroll in the plan(s) that fit your needs and budget.

The Benefit Advisors and easy-to-use optional online tools will guide you through the individual Medicare market ensuring you confidently choose the plan that fits your needs.

During your enrollment call, your Benefit Advisor will ask questions in order to find the plan(s) that fit your needs. Having the answers to these questions ready simplifies your call. Space is provided in the Notes section of this guide to write the answers to questions your benefit advisor will ask.

**HOW TO PREPARE**

During the specified enrollment period, you have the opportunity to supplement your original Medicare coverage with medical and prescription drug coverage purchased from Via Benefits. The insurance plan(s) you purchase from Via Benefits will replace the group plan provided by PEBP.

Your new individual plan will supplement or replace the coverage provided by original Medicare Parts A and B with supplemental medical and prescription drug coverage. This supplemental coverage is available to everyone who is Medicare-eligible, regardless of income.

Before your call with Via Benefits to complete your enrollment, take a few moments to research the plans available to you, and consider your health care priorities. The Via Benefits website makes it easy to review your options before you call.

In this section you will also find important timeframes in which you or your Medicare eligible dependent are required to follow. Failure to submit copies of the Medicare Part A and B card (or Part A denial letter and Part B card) and TRICARE for Life military ID (if applicable) within the required timeframe will result in termination of all PEBP-sponsored benefits including medical, prescription drug, dental, vision, basic life insurance, HRA contribution, and any voluntary products. For detailed information please review the Enrollment and Eligibility section.
**TIMEFRAMES**

**I am retired and turning age 65, when do I sign up for Medicare?**

- PEBP will require you to sign up for premium-free Medicare Part A and purchase Part B coverage approximately 90 days before your 65th birthday.
- If you sign up for premium-free Part A and purchase Part B coverage within 90 days of your 65th birthday, your Part A and Part B coverage will start the 1st day of the month you turn 65, or the month before you turn 65 (if your birthday is the 1st day of the month).

**I am retiring soon and I am 65 years old. When do I sign up for Medicare?**

- PEBP will require you to sign up for premium-free Medicare Part A and purchase Part B coverage approximately 90 days before your retirement date to ensure you are enrolled in Part A and B on the date your PEBP retiree coverage becomes effective.
- Premium-free Medicare Part A and/or B coverage is not required until you are retired.

**When am I required to enroll in a medical plan through Via Benefits?**

- If you are retired, the requirement to enroll in a medical plan through Via Benefits will depend on whether you:
  - Qualify for premium-free Medicare Part A
  - Are covering a non-Medicare dependent; and/or
  - Have TRICARE for Life
- In most cases, you will need to enroll in a medical plan through Via Benefits within 60 days of your Medicare effective date.

Before Your Enrollment Call

To help you prepare for your call, we encourage you to visit the Via Benefits website: www.My.ViaBenefits.com/pebp.

Create Your Account

- Creating an account allows you to save your prescription drug information, search for and save plans, and track the status of your applications.
- To create an account, simply click the My Account link on the Via Benefits website. If you’re a first-time visitor, some information is required. If you’re a returning visitor, enter your username and password.

Your Personal Profile

- Once your account is created, you’re ready to shop for and compare plans. While shopping, you may be asked to confirm additional information about yourself in your account. Via Benefits refers to this information as your “personal profile” and providing it will simplify the enrollment process and expedite your enrollment call.
- You may be asked to confirm information that already appears in your personal profile. This information was provided to Via Benefits by PEBP, and confirming that it is up-to-date helps ensure an accurate enrollment.
- You may review the status of your personal profile by clicking the Edit profile link on the My Account section of the Via Benefits website.

Have Your Information Ready

- After you have verified your personal information, you will be asked to add your current medications, preferred pharmacy, and doctor information to your account. Instructions on how to prepare this information are provided on the Notes section of this guide. Collecting this information in advance will allow you to complete your personal profile more quickly, and providing this information online in advance helps reduce the length of your enrollment call.
- If you choose not to complete your profile online, having this information ready for your call will ensure your enrollment is accurate and efficient, and will reduce the length of your enrollment call. Once you have provided the requested information, securely file this guide.

While you don’t have to go online, the online tools are easy to use and using them can help reduce the amount of time you spend on the phone.

Mедicare Basics

Medicare includes a number of “Parts” that cover different benefits. Original Medicare, also known as Medicare Part A and Part B, is the health insurance provided by the federal government when you turn 65 (in most cases). Although original Medicare pays for about 80% of your doctor and hospital costs, it does not pay for everything. Medicare costs vary depending on plan, coverage and the services used. To reduce your out-of-pocket costs, you’ll need to purchase additional coverage through Via Benefits.

Via Benefits offers both Medicare Advantage plans (PPO and HMO) and Medigap (Medicare supplement) plans through multiple carriers based on the retiree’s zip code. For specific details about these plans, you will need to speak to a Licensed Benefit Advisor.

Please review any of the sections below to find out additional information.

In most cases, when you turn 65, the federal government provides you with Original Medicare, also known as Medicare Part A and Part B. Broadly speaking, Part A covers hospital stays and Part B covers doctor visits.

**Medigap Plans + Part D Plans**

**Medigap (Medicare supplement) Plans:** These plans help to pay the difference between the total healthcare costs and the amount paid by Medicare. Medigap Plans do NOT include prescription drug coverage (Part D prescription drug coverage must be purchased separately). Generally, Medigap Plans have:

- Higher monthly premiums
- Low or no copayments required for doctor or hospital visits
- No network restrictions on physicians—you may see any doctor that accepts Medicare

**A Medigap Plan plus a Part D Plan may be right for you if:**

- **You prefer predictability and flexibility.** Medigap is accepted by all doctors and hospitals that accept Medicare. It is the most flexible type of plan regarding choice of hospitals and physicians.

- **You have frequent doctor visits, or you see several different doctors regularly.** Because most Medigap Plans do not require copayments or coinsurance, each visit to the doctor or hospital is covered by your monthly premium payments (which may be higher than other plans).

**Prescription Drug (Part D) Plans:** Part D plans only cover prescription drugs. You should consider purchasing a Part D plan if you enroll in a Medigap Plan and need prescription drug coverage. Part D prescription drug coverage can be purchased separately through Via Benefits for those enrolled in a Medigap Plan. Part D plans help pay for prescription drug expenses.

**Medigap Guaranteed Issue →**
MEDIGAP GUARANTEED ISSUE

Medigap (Supplemental) plans and Guaranteed Issue Rights

During this enrollment period, Medigap insurance plans for which you are eligible are guaranteed issue, meaning you cannot be turned down based on your medical history or pre-existing conditions. After your first enrollment period, changes to your Medigap coverage may be subject to underwriting, meaning you can be rejected based on your pre-existing medical conditions. If you choose not to enroll in a Medigap Plan when first eligible, you will lose guaranteed issue status for future Medigap applications. Also, if you have opted out of your current coverage and already have a Medigap Plan, you are not guaranteed coverage for Medigap insurance during this enrollment period.

It is important to understand the “Guaranteed Issue” period for Medigap supplement plans as well as to make your decision and enroll within your enrollment window. If you have any questions about this you should speak to a Via Benefits Benefit Advisor at 1-888-598-7545.

Should you wish to change your Medigap coverage in the future, Via Benefits will work with you and your preferred plan to meet underwriting conditions, but you are not guaranteed acceptance.

Finding information about specific plans

Since Via Benefits offers thousands of plans from insurance companies across the United States, it is not possible to include specific information about plans and premium costs in this guide. However, the Via Benefits website, www.My.ViaBenefits.com/pebp, provides extensive information about plans available in your area, including cost.
**MEDICARE ADVANTAGE WITH PART D PLANS**

**Medicare Advantage Prescription Drug Plans (MAPD):** These plans provide an all-in-one plan that bundles Medicare Part A, Part B and prescription drug coverage together with additional benefits. These plans provide coverage for doctor visits, hospital stays, and prescription drug expenses.

Medicare Advantage plans cover medical and prescription drug expenses with a single premium, generally lower than Medigap plan premiums. In exchange for this convenience, Medicare Advantage plans utilize a network of doctors (PPO and HMO) that allow for even deeper cost savings.

Medicare Advantage plans cannot deny an applicant due to age or health (the only exception is individuals with end-stage renal disease or for Special Needs Plans aimed at certain populations). Also, premiums cannot vary by age or health.

---

**An MAPD Plan might be right for you if:** You want one plan and one premium. Medicare Advantage Plans combine medical and drug coverage in one plan, providing all your benefits for a single premium.
ADDITIONAL VOLUNTARY OPTIONS

**PEBP Dental Plan:** You will have the option to purchase PEBP’s PPO dental plan when you transition to Via Benefits.

In most cases the dental premium will be deducted from your PERS pension check and reimbursed to you automatically. If you pay your premium directly to PEBP on a monthly basis your premium will also be automatically reimbursed to you. If you do not receive a PERS pension check you may pay online or set up automatic payments through your E-PEBP Portal.

For PEBP dental plan premium rates and coverage details please see the PEBP Dental Options section of this guide or log on to your E-PEBP Portal.

**PEBP Voluntary Benefits:** New voluntary benefits such as: vision, pet insurance, auto and home policies, ID theft + more are offered to eligible retirees and their dependents. To learn more about these voluntary benefits, or to start shopping, log on to your E-PEBP Portal.

**Via Benefits Voluntary Benefits:** Optional dental and vision coverage is also available through Via Benefits. Your Benefit Advisor will provide information about plan options and costs for any voluntary plan option offered by Via Benefits.
PEBP DENTAL PLAN OPTIONS

The PEBP PPO dental plan option is available to retirees and their covered dependent(s) (if applicable) enrolled in Via Benefits as well as retirees and their covered dependent(s) with TRICARE for Life and Medicare Parts A and B.

To elect the PEBP dental plan option, please log on to your E-PEBP Portal before the medical plan effective date through Via Benefits.

Retirees and their spouses or domestic partners enrolled in a medical plan through Via Benefits may enroll or decline PEBP dental coverage during Open Enrollment, which is normally held between May 1st and May 31st. Changes to your dental plan will become effective July 1st.

PEBP Open Enrollment is the only opportunity (beside initial enrollment) to enroll in or decline PEBP dental coverage. If you would like to make changes to your PEBP dental coverage please log on to your E-PEBP Portal during PEBP’s Open Enrollment.

By electing the PEBP dental plan you will be required to maintain dental coverage throughout the plan year unless you terminate your medical plan through Via Benefits. Changes to the PEBP dental plan may be completed during PEBP’s annual open enrollment period which occurs in May each year with changes becoming effective July 1st.
PEBP Monthly Dental Rates

If you enroll in the PEBP dental plan there are a few things to note:

- Medical plan through Via Benefits = option to elect the PEBP dental plan.
- You will need to log on to your E-PEBP Portal to enroll in PEBP dental coverage.
- PEBP Dental coverage will be effective for the entire plan year (July 1-June 30).
- No paper claim will be required for reimbursement. Reimbursement will occur automatically.
- In most cases the dental premium will be deducted from your PERS pension check and reimbursed to you automatically. If you pay your premium directly to PEBP on a monthly basis your premium will also be automatically reimbursed to you.
  - If you do not receive a PERS pension check you may pay online or set up automatic payments through your E-PEBP Portal.

PEBP HRA FUNDING

Once a retiree enrolls in an individual medical plan through Via Benefits, a monthly allowance is deposited into a Health Reimbursement Arrangement (HRA). Your monthly Via Benefits Health Reimbursement Arrangement (HRA) contribution is determined by your hire date, retirement date and each full year of earned service credit beginning with 5 years of service to a maximum of 20 years of service. Purchased service credit does not apply.

- Participants who retired before January 1, 1994 receive the 15-year ($195) base contribution.
- For participants who retired on or after January 1, 1994, the contribution is $13 per month per year of service beginning with 5 years ($65) to a maximum of 20 years ($260).

Note: Employees hired after January 1, 2010 who retire with fewer than 15 years of service, and who are not disabled, as well as employees hired on or after January 1, 2012 do NOT qualify for a Via Benefits-HRA contribution based on their years of service.

**IMPORTANT!**

To receive the PEBP HRA contribution, an eligible retiree must enroll in and maintain medical coverage through Via Benefits unless the retiree has TRICARE for Life with Medicare Parts A and B. Failure to enroll or dis-enrolling in a medical plan through Via Benefits will terminate the retiree’s Via Benefits HRA, basic life insurance, PEBP dental coverage, and any voluntary products (if applicable).

Via Benefits HRA funds may be used for reimbursement of the following expenses incurred by the retiree and qualifying IRS tax dependent(s):

- Medical, dental, prescription drug, and vision plan premiums;
- Medicare Part B and Part D premiums; and
- Out-of-pocket health care expenses such as physician visit and/or prescription copays, prescription eyeglasses, hearing aids, etc.

For more information regarding qualifying expenses that are eligible for reimbursement from the Via Benefits HRA, read IRS Publication 502 available at www.irs.gov.

**Medicare Exchange Retiree HRA Contribution**

- Exchange participants who retired **before January 1, 1994**, receive the 15 year (base) HRA contribution.
- Exchange participants who retired **on or after January 1, 1994** receive the HRA contribution that corresponds to the number of years the retiree worked for a Nevada public entity.
- Retirees **with less than** 15 years of service, who were hired by their last employer on or after **January 1, 2010** and who are not disabled do not receive an HRA contribution.
- Retirees who were initially hired **on or after January 1, 2012** do not receive an Exchange HRA.

**Currently on the Consumer Driven Health Plan?**

Health Reimbursement Arrangement (HRA) funds through the Consumer Driven Health Plan (CDHP) are not transferable to an HRA through the Medicare Exchange. If a retiree on the CDHP terminates coverage or transitions to the Medicare Exchange, any remaining funds in the CDHP HRA account revert to PEBP. To find out your Consumer Driven Health Plan HRA balance please contact HealthSCOPE Benefits at 1-888-763-8232.
HOW THE VIA BENEFITS HRA WORKS

Eligible retirees enrolled in a medical plan through Via Benefits receive a monthly years of service contribution to a Health Reimbursement Arrangement (HRA).

HRA funds may be used for reimbursement of qualified health, dental, and pharmacy expenses, health insurance premium(s), Medicare Part B premiums and qualifying out-of-pocket health care expenses for both the retiree and their dependent(s) as defined by IRS Publication 502 available at www.irs.gov.

Eligible retirees enrolled in TRICARE for Life with Medicare Parts A and B are not required to enroll in a medical plan through Via Benefits to receive the monthly years of service contribution to a Health Reimbursement Arrangement (HRA).

Commencement of HRA Contribution
Retirees who are eligible for HRA funding will receive an HRA informational packet from Via Benefits upon completion of enrollment in a medical plan. HRA funding is concurrent with the medical plan effective date through Via Benefits, however processing times vary and the initial contribution may take several weeks to fund.

Exchange-HRA Plan Administrator
Via Benefits uses an internal Third Party Administrator (TPA) to process HRA reimbursements.

Establishing the Exchange-HRA
PEBP will automatically establish your Exchange-HRA once you have enrolled in a medical plan through Via Benefits. Once established, you will receive the Via Benefits HRA kit with information on how to use the Exchange-HRA and claim forms.
HOW THE VIA BENEFITS HRA WORKS

The following information is intended to give you a quick overview of the reimbursement processes associated with your Via Benefits Heath Reimbursement Arrangement (HRA).

1. Select a qualified individual medical plan through Via Benefits.

2. PEBP will work with Via Benefits to automatically establish your Exchange-HRA once you have enrolled in a qualified medical plan through Via Benefits.

3. You pay your insurance premium directly to your insurance carrier and pay for any other eligible expenses out of pocket (copays, prescriptions, etc.).

4. Submit your reimbursement claim to Via Benefits via mail, fax or web. You may also set up automatic reimbursement for certain premiums.

5. Via Benefits reimburses you from your available HRA balance. You will either receive a live check or direct deposit into your designated bank account.

IMPORTANT: To receive the PEBP HRA contribution, an eligible retiree must enroll in and maintain medical coverage through Via Benefits unless the retiree has TRICARE for Life with Medicare Parts A and B. Failure to enroll or dis-enrolling in a medical plan through Via Benefits will terminate the retiree’s Via Benefits HRA, basic life insurance, PEBP dental coverage, and any voluntary products (if applicable). Initial reimbursements can take between 8-12 weeks to be received.

Via Benefits understands the importance of continuing to see your current doctor(s). To make your enrollment call more efficient, we recommend talking to your doctor(s) prior to your call and asking which insurance plans they accept. To help you enroll, Via Benefits may need your doctors’ name and address. If you have not already done so, create or log in to your account, and provide this information online to shorten your enrollment call.

Via Benefits works with the top national and regional insurance companies to ensure that you will have quality individual plan options. There will likely be individual plans available that are similar to your current group plan, but there may be plans better suited to your needs. Their multiple options give you the ability to find a plan that closely matches your specific needs.

An appointment is encouraged but not necessary to enroll. Please call Via Benefits at 1-844-287-9945 to set up an appointment to enroll in medical/pharmacy plans. Please have the following with you during your call: Medicare card, check book, list of medications, list of your doctors

You will request reimbursement from Via Benefits – not PEBP and not through the insurance carrier. Participants can request reimbursement the following ways:
1. Set up auto reimbursement through Via Benefits.
2. Submit the claim online through your Via Benefits Personal Profile.
3. Mail or fax in a paper claim form to Via Benefits.

Nearly every plan will increase its premiums each year, primarily due to the rising cost of medical care. In the individual Medicare market, where you will purchase new coverage, rate increases have averaged 5-6 percent each year over the last few years. This is a slower rate increase than in other, non-Medicare insurance markets. Be aware that this is an average—rate increases within your area may be lower or higher depending on the cost of medical care and other factors.

Via Benefits does offer vision and dental plans; however, Medicare-eligible retirees and their eligible dependents will also have the option to enroll or stay enrolled in the PEBP voluntary dental. They will also have the option to purchase additional voluntary products through their E-PEBP Portal.

When you enroll in your new plan, you will need to begin making monthly premium payments to the insurance company to maintain your coverage. You may need to pay your first month’s premium(s) during your enrollment call or shortly after enrolling in new coverage. HRA Contribution/Allowance

Also referred to as a “benefit credit” is the amount of money determined by your years of service that is deposited into your HRA account on a schedule determined by the Plan Administrator. Retired public employees enrolled in a medical plan through the contracted third party administrator may qualify for an HRA contribution based on the date of hire, date of retirement, and total years of service credit earned with each Nevada public employer.

HRA Contribution Eligibility

To receive the PEBP HRA contribution, an eligible retiree must obtain and maintain an individual medical insurance policy through the PEBP sponsored Medicare Exchange. In other words, to receive the PEBP HRA contribution amount, the eligible retiree must enroll in and maintain a medical insurance policy through the PEBP sponsored Medicare Exchange. If the eligible retiree does not enroll and maintain medical coverage as described above, the eligible retiree will NOT receive the PEBP HRA contribution amount and will lose their PEBP sponsored benefits entirely including but not limited to life insurance and dental insurance. This policy also applies to eligible retirees who are covered under their spouse’s employer sponsored health plan. NOTE: Effective July 1, 2015, the policy described under “HRA Contribution Eligibility” does not apply to eligible retirees or their spouses who have health coverage under TRICARE for Life and Medicare Parts A and B. To receive the PEBP HRA contribution, these individuals must submit a copy of their Military ID card(s) to PEBP. PEBP will coordinate their enrollment with the third party Medicare HRA administrator.

Health Reimbursement Arrangement (HRA)

A Health Reimbursement Arrangement (HRA) is an employee-funded spending account that provides tax-free reimbursement for qualified medical expenses such as monthly insurance premiums, Medicare Part B premiums and copays incurred by eligible participants. If the retiree leaves the plan, they cannot take remaining HRA funds with them. Via Benefits will administer the HRA, and will provide education to the participant on how to use the account and complete the reimbursement process.

Medicare Part D

Prescription drug coverage subsidized by the federal government but is offered only by private companies contracted with Medicare such as HMOs and PPOs.

Medicare Advantage Plans

An insurance plan provided by a private insurance carrier that combines coverage for hospital costs, doctor visits and other medical services. Prescription drug coverage is typically included. These plans have lower premiums, but higher costs when individuals access health care. Individuals must be enrolled in Medicare Parts A and B to be eligible for a Medicare Advantage plan.

Medigap (Medicare Supplement) plan

A private health insurance that supplements Medicare Parts A and B by covering the “gaps” where Medicare Parts A and B leave an individual uncovered. Medigap plans do not have networks. They typically have higher monthly premiums, but little to no out-of-pocket costs. A separate Part D drug plan needs to be selected for prescription coverage.

Qualified Medical Expenses

These are expenses generated by the participants that can be submitted for reimbursement from a retiree’s HRA; including medical, prescription, dental and vision premiums, Medicare Part B premiums, and doctor and prescription copays. The IRS defines qualifying expenses.

Via Benefits (Individual Market Medicare Exchange)

The Third Party Administrator PEBP has chosen to administer the Medicare Exchange benefits and HRA. Via Benefits is the longest and oldest Medicare Exchange in the country and is a division of Willis Towers Watson, a 100-year-old benefits consulting firm.

Years of Service

Years of service as calculated pursuant to NAC 287.485 and maintained in the eligibility records of PEBP. Retired public employees enrolled in a medical plan through Via Benefits may qualify for an HRA contribution based on the date of hire, date of retirement, and total years of service credit earned with each Nevada public employer.

Unsubsidized Dependent of a Retiree

An unsubsidized dependent is defined as the eligible spouse/domestic partner and/or eligible dependent(s) of a retiree who remains covered under the Consumer Driven Health Plan (CDHP), HMO Plan or Premier Plan while the primary participant transitions coverage to the Medicare Exchange. Note: Unsubsidized dependents can only be added or removed during open enrollment or as a result of a qualifying event.
