Important Questions	Answers	Why This Matters:
What is the overall deductible?	In-network Preferred Providers per Plan Year: Family \$3,000 / Individual Family Member: \$2,800	Generally, you must pay all of the costs from providers up to the deductible amount before this plan begins to pay. If you have other family members on the plan, each family member must meet their own individual deductible until the total amount of deductible expenses paid by all family members meets the overall family deductible.
Are there services covered before you meet your deductible?	Yes. In-network Preventive care services are covered before you meet your deductible.	This plan covers some items and services even if you have not yet met the deductible amount. But a copayment or coinsurance may apply. For example, this plan covers certain preventive services without and before you meet your deductible. COVID-19 testing, testing related visits, and COVID-19 related treatment covered in-network and out-of-network providers, without cost-sharing and before you meet your deductible. For more information, refer to the CDHP plan document.
Are there other deductibles for specific services?	No.	You do not have to meet deductibles for specific services.
What is the out-of-pocket limit for this plan?	Network providers: Individual \$6,850 / Family \$7,800; out-of-network Individual \$10,600 / Family \$21,200	Out-of-pocket limit is the most you could pay in a plan year for covered services. If you have other family members on the plan, they must meet their own out-of-pocket limits until the family out-of-pocket limit has been met. See the CDHP MPD for COVID-19 related benefits.
What is not included in the out-of-pocket limit?	Penalty for failure to obtain pre-authorization for certain services, premiums, balance-billing charges, excluded services, prescription drug copay assistance, non-covered services, penalties	Even though you pay these expenses, they do not count toward the out-of-pocket limit.
Will you pay less if you use a network provider?	Yes. See www.pebp.state.nv.us or call 1-800-336-0123 or 1-888-763-8232 for a list of participating providers.	You will pay less if you use a provider in the plan's network. You will pay the most if you use an out-of-network provider, and you might receive a bill from a provider for the difference between the provider's charge and what your plan pays (balance billing). Be aware, your network provider might use an out-of-network provider for some services (such as lab work).
Do you need specialist referral?	No.	You can see the specialist you choose without a referral.

 All [copayment](#) and [coinsurance](#) costs shown in this chart are after your [deductible](#) has been met, if a [deductible](#) applies.
