Retail Pharmacy Network

To fill a 30-day supply of your medications, present your HealthScope ID card to any in-network retail pharmacy. Locate in-network pharmacies by calling Express Scripts® at 1-855-889-7708 or visiting www.express-scripts.com/NVPEBP.

Mandatory Smart90 Pharmacy Network

Members can save money on their 90-day supply of maintenance (long-term) medications. In order to receive benefits members must have their prescription filled for a 90-day supply through Express Scripts® home delivery or through a Smart90 participating retail pharmacy. Maintenance medications include non-emergency, extended-use prescription drugs such as those used for:

- High Blood Pressure
- High Cholesterol
- Controlling Diabetes
- Certain Generic Female Oral Contraceptives

For more information on this benefit, or to locate a Smart90 participating pharmacy, please contact Express Scripts®.

**For more information about your benefits, log in to www.express-scripts.com/NVPEBP
or call Express Scripts® Member Services toll-free at 1-855-889-7708.**

Consumer Driven Health Plan (CDHP) Individual and Family Coverage

Home Delivery Pharmacy Program

You may use the Express Scripts® home delivery service to receive up to a 90-day supply of your maintenance medications and have them mailed directly to your home. Please note, not all medications are available via home delivery. Some of the benefits of home delivery include:

- Free standard shipping
- Up to a 90-day supply of your long-term maintenance medications
- 24/7 access to a pharmacist from the privacy of your home
- Order your refills online, over the phone, or by using the Express Scripts mobile app

Specialty Medications – Get Individualized Service through Accredo®

Accredo®, an Express Scripts specialty pharmacy, is composed of therapy-specific teams that provide an enhanced level of individual services to patients with special therapy needs. Specialty medications are drugs that are used to treat complex conditions, such as:

- Cancer
- Hemophilia
- Hepatitis C
- Immune Deficiency
- Multiple Sclerosis
- Rheumatoid Arthritis

Whether they're administered by a healthcare professional, self-injected, or taken by mouth, specialty medications require an enhanced level of service. By ordering your specialty medications through Accredo®, you can receive:

- Delivery of your medications within the United States on a scheduled day, Monday through Friday, at no additional charge
- Most supplies, such as needles and syringes, provided with your medications
- Toll-free 24/7 access to specialty-trained pharmacists and nurses
- Safety checks to help prevent potential drug interactions
- Refill reminders

Manufacturer-funded patient assistance for widely distributed specialty drugs do not apply to deductible or out-of-pocket maximums.

Consumer Driven Health Plan Preventive Medication List

The Preventive Drug benefit provides CDHP plan participants access to certain preventive medications without having to meet the deductible, and will instead only be subject to coinsurance. Coinsurance paid under the benefit will not apply to the deductible, but will apply to the out-of-pocket maximum. The drugs covered under this benefit include categories of prescription drugs that are used for preventive purposes or conditions such as:

- Asthma
- High Blood Pressure
- High Cholesterol
- Heart Disease

A list of commonly prescribed preventive medications available under this benefit can be found under “Benefit and account notifications” on the Express Scripts® home page.

For more information about any of the above benefits or details on the Diabetes Care and Obesity and Overweight Care Management Programs, please log in to your Public Employees' Benefits Program portal [here](#).
