Summary of Benefits and Coverage: What this Plan Covers & What You Pay For Covered Services

Coverage Period: 07/01/2021 – 06/30/2022

Coverage for: Family | Plan Type: CDHP

The Summary of Benefits and Coverage (SBC) document will help you choose a health plan. The SBC shows you how you and the plan would share the cost for covered health care services. NOTE: Information about the cost of this plan (called the premium) will be provided separately.

This is only a summary. For more information about your coverage, or to get a copy of the complete terms of coverage, visit [www.pebp.state.nv.us](http://www.pebp.state.nv.us). For general definitions of common terms, such as [allowed amount](#), [balance billing](#), [coinsurance](#), [copayment](#), [deductible](#), [provider](#), or other underlined terms see the Glossary. You can view the Glossary at [www.dol.gov/ebsa/healthreform](http://www.dol.gov/ebsa/healthreform) or call 775-684-7000 1-800-326-5496 to request a copy.

Important Questions	Answers	Why This Matters:
What is the overall deductible?	In-network: Family: \$3,500, Individual w/in Family: \$2,800. Out-of-network: Family: \$3,500; Individual w/in Family \$2,800	Generally, you pay all costs up to the deductible, except preventive services and certain copayments. Individuals within the family must meet their own individual deductible until the total expenses paid by all family members meets the overall family deductible. In-Network and Out-of-Network Deductibles accumulate separately.
Are there services covered before you meet your deductible?	Yes. In-network Preventive care services are covered before you meet your deductible.	Some items and services covered if the deductible has not been met; however, a copayment or coinsurance may apply. Example: preventive services and medications on the preventive drug list. For more additional limitations, refer to the CDHP Master Plan Document (MPD).
Are there other deductibles for specific services?	No.	The Plan does not include separate deductibles for specific services. Separate deductibles apply to network providers and out-of-network providers.
What is the out-of-pocket limit for this plan?	Network providers: Family \$10,000, individual within Family: \$6,850. out-of-network: Family \$21,200	The in-network Out-of-pocket limit is the most an Individual or a Family must pay in a Plan Year for Eligible Medical Expenses.
What is not included in the out-of-pocket limit?	Penalties, premiums, balance-billing charges, excluded services, prescription drug copay assistance, non-covered services	Penalties you pay for failure to obtain required preauthorization, premiums, non-use of 30-day Express Advantage Network, non-compliance with 90-day retail/mail order, manufacturer-funded copay assistance, non-use of SaveonSP (for non-essential specialty drugs); penalties of balance-billing, and non-covered supplies and services.
Will you pay less if you use a network provider?	Yes. See <a href="http://www.pebp.state.nv.us">www.pebp.state.nv.us</a> or call 1-800-336-0123 or 1-888-763-8232 for a list of participating providers.	You will pay less if you use a network provider. You will pay more if you use an out-of-network provider, and you might receive a bill from a provider for the difference between the provider's charge and what your plan pays (balance billing).
Do you need specialist referral?	No.	You can see the specialist you choose without a referral.

All coinsurance costs shown in this chart are after your deductible has been met, if a deductible applies.
